Judge Armour Disposes of Sixteen Motions in Single Court—The Right to Print a Telephone Directory.

Chief Justice Armour, in Single Court, disposed of about sixteen motions. The important appeal from the award of arbitrators in re Cornwall Water Works and Town of Cornwall was enlarged for two weeks, to allow a New York trust company, mortagees of the works, to be served with notice of the appeal.

In Bliss v. Tugman an injunction had been granted by Justice Robertson in June last, restraining the defendants from selling boots or shoes with the word "regal" on them. The defendants put "royal" on their wares instead, and then the plaintiffs moved to commit the defendants for breach of the injunction, but the learned Chief Justice promptly refused to make an order in jubilee year, and because the use of the latter word was not a breach, and dismissed the motion with costs.

The Bell Telephone Company were granted an injunction until the trial restraining the defendant Montgomery of St. Catharines from printing the names of the company's subscribers in St. Catharines for 1896 on his card.

Mr. H. D. Gamble appeared on behalf of the Novelty Tufting Machine Company, in two cases, armed to the teeth with authorities, and asked an injunction in one and committal in the other, but the motions were enlarged a week.

Notice.

New rule 768 reads as follows: "Appeals in Chambers shall be heard as motions, without being set down, and shall be argued by counsel or solicitor."

SIR HARRY STILL IN JAIL.

The Swindler is Believed to be P. C. McDonald or W. S. Jones.

San Francisco, Sept. 2.—The man who says he is Sir Harry Westwood Cooper, but who Chief of Police Lees thinks is a swindler named P. C. McDonald or W. S. Jones, is still in the city prison. A telegram was received from the Pinkertons at Chicago, saying that the self-styled Cooper was not wanted by the Bankers' Protective Association, but that his presence was urgently requested to answer to a charge of having passed a forged draft for $700 upon Mary B. Murphy of 320 Dearborn street. At this time "Sir Cooper" is supposed to have been going under the name of Dr. Westwood.

Cooper recently directed E. S. Crocker to pay him 1000 letters of credit and the accompanying drafts, for the purpose, as Chief Lees thinks, of beating the banks in this city. The order was not filled and the house eventually recovered a perforating machine which they had sold to him.

Cooper was in San Francisco a few years ago and he has also been in Australia and London. He asserts his innocence of the charges of swindling brought against him.

POSTOFFICE SAVINGS BANKS.

Postmaster-General Garry Getting Pointers From Canada and Elsewhere.

Washington, D. C., Sept. 2.—Postmaster-General Garry has just received from the Postmaster-General of Canada a full explanation of the postal savings bank system in vogue there. He has also received letters in regard to the system from prominent men all over the country, and farmers especially, as banking facilities for the latter are extremely limited. The Postmaster-General is gathering all the information possible regarding postal savings banks, and it is believed that in his annual report he will call attention to the best features of the systems of the various countries having such banks, and will recommend that Congress authorize the establishment of postal savings banks in the United States.

TORONTO LIVE STOCK MARKET.

There were 40 car loads of live stock on the market, made up of 800 cattle, 940 sheep and lambs, 24 calves and 400 hogs. This was a large run for Thursday, but 19 loads of them were stockers, bought by Messrs. Connors & Murty in the Province of Quebec, and were unloaded here to feed and rest, previous to shipment to the Buffalo market. To say the least, they do not compare favorably with Ontario cattle.

The market was dull, and no business, or next to none, in export cattle was done, and the dealers, not being pressed to fill space at present, seemed to be waiting to see if cattle could not be got at lower prices than have been paid for some time past, there being no money in it.

While we did not hear of any sales taking place in this line, we would quote them at $4.00 to $4.50 per cwt.

Trade in butchers' cattle was brisk, and the market firm at Tuesday's quotations.

T. Crawford, M.L.A., & Co. bought one load of mixed butchers' cattle at $3.35 per cwt. and one load of choice butchers' at $3.70 per cwt., and $8 over on the lot.

William Lavack bought quite a number, amongst them a car load of mixed cows and steers, weighing about 1200 each, at a trifle over $3.12½ per cwt.

Good stockers were scarce, and prices remained firm at Tuesday's quotations.

William Crealock sold 10 light feeders of good quality, weighing 835 lbs. each, at $3.50 per cwt.

There were only some 6 milch cows on the market, and prices remain the same.

Calves were worth all the way from $3 to $7 each, the latter price being paid for choice odd ones.

There were plenty of sheep to supply all demands, and good export ewes sold at $3 to $3.50 per cwt.

Bucks at $2.50 to $2.75 per cwt.

Lambs brought $4 to $4.25 per cwt., or, in other words, $2.50 to $3.25 each; and extra good ones a quarter more.

Four hundred hogs were sold on the market at Tuesday's quotations, which were $5.75 per cwt. for the best quality and a few extra lots at $5.87½ per cwt.

Messrs. J. & J. W. Dunn have shipped during this week 1627 sheep for export to the English markets.
