OF INTEREST TO ALL.
Sharp's Celebrated Family Medicines and Preparations.

SHARP'S COMPOUND ALKALINE INFUSION OF SARSAPARILLA.—Sarsaparilla has of late years been much used, and with great success, in cases of Chronic Rheumatism, as an alternative in Scrofulous affections, Scurvy, Obstinate, Cutaneous Eruptions, Indolent Ulcers, Diseases of the Periosteum and Bone, attended with obscure pains, wasting the flesh, tenderness of the part, tumors and nodes unconnected with Syphilis, and in that state of the habit known among medical men under the term of Cachexia, but which is not easy to define. In such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

This article, prepared by John G. Sharp, has performed numerous and most astonishing cures of persons who have for years been tortured with sores from head to feet, and others who have been sent up with Mercurial Rheumatism, which they had been laid up with for 2 or 3 years. Never Failing Remedy!

HOLLOWAY'S OINTMENT.

CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS' SUFFERING.

Copy of a Letter from Mr. Thomas, Chemist, Liverpool, dated August 20, 1852.

To Professor Holloway.

Dear Sir,—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Sultney Street, in this town, was thrown from his horse, whereby he received very serious injuries; had the best medical advice at the time, and was afterwards an inmate of different infirmaries yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him that he could not move without crutches for nearly ten years. Recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

(Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a letter from Mr. Hird, Draper, of Keady, near Gainsborough, dated March 1st, 1852.

To professor Holloway.

Sir,—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians by all of whom the case was considered hopeless. At length I At length I tried your Ointment and Pills, and without exaggeration, effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer

(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS DEBILITY AND GENERAL ILLHEALTH.

Copy of a Letter from Mr. J. M. Clennell, of New-Castle-on-Tyne, dated September 20th 1852.

To professor HOLLOWAY.

Dear Sir,—I am authorised by Mrs. Gibson, of 21, Bailey-street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill-health, accompanied with a disordered stomach and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In Pills and Ointment and she states, that in a wonderfully short time they effected a perfect cure, of her legs, and restored her constitution to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, dear Sir, yours faithfully.

(Signed) JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS, AND ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath.

To Professor Holloway.

Dear Sir,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady ving in the Village of Preston, a about five miles from this City. She had ulcerated wounds in her leg for many years and latterly they increased to such an alarming extent as to defy all the usual remedies, her health rapidly giving away under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above seventy years of age We shall be happy to satisfy any enquiries as to the authenticity of the really wonderful case, either personally or by letter.

A Private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means, had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, dear Sir, your's faithfully,

April 6th, 1852. (Signed) WALKER & Co,

MINERVA LIFE ASSURANCE COMPANY,
CANNON STREET WEST.
London, 1st March, 1853.

THE Court of Directors have much pleasure in reporting the onward progress of this Company. During the year 1852, the new Policies issued were 324, assuring the sum of £182,957 18s., being the largest amount of new business transacted in any one year.

The Income of the year was £53,619 5s 5d., and the funds in hand, after providing for payment of bonuses to the policy holders and proprietors, and reduction of premiums allowed, had increased to £248,979 16s 7d.

Meanwhile, it is satisfactory to know that the expenses of management for the year did not amount to seven per cent. of the income. The number of policies issued, and the income of the Company during the respective years, were as follows:

Year.	No. of Policies actually issued.	Sums assured thereby.	Ann. Income.
1847	113	102,247 6 4	29,720 12 7
1848	125	116,045 2 6	35,214 4 7
1849	272	149,861 2 6	39,011 1 4
1850	301	156,370 13 0	42,207 5 8
1851	342	170,578 7 0	47,721 2 6
To. in 5 yrs.	1153	695,102 5 4	193,874 6 8

Thus exhibiting a steady and gradual increase.

The following table illustrates the Bonuses declared:—

	Average reduction of Premium.	Average Reversionary Bonus.
1st Division—1843	16.833 per cent.	31 per cent.
2d " 1847	31.333 "	53½
3d " 1852	35.22 "	60

It cannot be too generally known that the dividends paid annually to the proprietors are derived entirely from the investment of their own capital, the deed of settlement forbidding any portion of the income of the Life Assurance Fund to be diverted to pay interest to the proprietors.

The distinguishing feature of this Company is—a guaranteed return at any time for the surrender of existing Whole Term Policies, effected by even rates of *forty per cent.* of the amount of ordinary premiums received thereon.

The objection often raised by persons intending to assure, as to the uncertainty of being able to continue the payment of their premiums, is thus obviated, and a policy holder will always know the value of his policy. Policies will also thus be rendered immediately available as securities.

Loans are granted on deposit of policies of five years' standing, to the extent of their value, thus enabling the holders to provide for the payment of future premiums.
