

LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the city market since Friday, as reported by the railways, were 73 carloads, composed of 1274 cattle, 495 hogs, 1629 sheep and lambs, 226 calves and one horse.

There were several lots of good cattle, that sold up to \$5 per cwt., but there were many, the bulk of those on sale, that were of common to medium quality, which sold at about the same prices as were paid last week.

Exporters—There were none bought for export, unless it was a few bulls, which were worth from \$3.50 to \$4.25 per cwt.

Butchers—Picked lots were quoted at \$4.70 to \$5, but these were equal in quality and better than many of the best exporters offered lately, and few in number; steers, 1150 to 1300 lbs., \$4 to \$4.30; common to medium light cattle, \$3.25 to \$3.75; cows, \$2.50 to \$3.75; canners, \$1 to \$2 per cwt.

Feeders and Stockers—H. & W. Murby report a fair delivery for a Tuesday's market. Messrs. Murby bought 150, the bulk of which were from 600 to 800 lbs. each, at \$2.25 to \$2.75 per cwt.; a few steers, 1000 to 1100 lbs. each, sold at \$3.25 to \$3.60; bulls at \$2.25 to \$2.60 per cwt.

Milch Cows—The milkers and spring-cress offered were generally speaking a common lot, with a few fair to good quality. Prices ranged at from \$30 to \$55 each.

Veal Calves—Too many horsey, coarse calves are coming on the market, with few of the right kind. Prices were unchanged at \$3 to \$7 per cwt., but it must be remembered that only prime new milk-fed calves bring the latter price, and there are few of this class being offered.

Sheep and Lambs—Trade in sheep and lambs was steady at unchanged quotations. Export ewes, \$4.25 to \$4.40; bucks, \$3 to \$3.50; lambs, \$4.75 to \$5.75 per cwt.

Hogs—Receipts light. Mr. Harris reports prices unchanged at \$6.12 for select and \$5.87 for lights and fats.

TELLS HOW TO MIX IT.

A well-known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggist here will mix the prescription for our readers if asked to.

A NEW MARRIAGE CEREMONY.

This is the latest story of the newest style of marriage ceremony:

Judge Blank, a justice of the peace in Oklahoma, was called upon to perform the marriage ceremony for a young couple of Guthrie.

The judge, who, until a short time before, had gained his legal knowledge in a neighboring state, where ministers always officiate on such occasions, was at a loss to know how to proceed. However he arose to the occasion. Commanding the couple to stand up, he directed that they be sworn in the following terms:

"Do you solemnly swear that you will obey the Constitution of the United States and Constitution of the Territory of Oklahoma, and perform the duties of your office to the best of your ability, so help you God?"

The couple nodded assent. "Then," continued the judge. "By the power in me vested by the strong arm of the law, I pronounce you man and wife, now, henceforth and forever, and you will stand committed until the fates and costs are paid, and may the Lord have mercy on your souls!"

PANDORA

Owing to the fine construction of most ranges it is a rather difficult feat to cook and bake successfully at the same time.

But the arrangement of the Pandora flues differs considerably from others. They are so constructed that the draft for baking is also the best for cooking, the heat circulating around the oven twice and under every pot hole before passing up the chimney.

The Pandora bakes and cooks perfectly at the same time.

Do you know of another range that does? If your local dealer does not sell the Pandora write direct to us for **Free Booklet**.

Chicago, Oct. 1.—A despatch from Wheeling, W. Va., says: Relatives of Mrs. Frederick Hartwell, the young wife of a farmer living near Huntington, were bemoaning her death yesterday, a few minutes before the minister arrived to conduct the funeral rites, when she suddenly sat up and climbed out of the coffin. There was a rush of mourners for the open air, windows being used as exits. The minister swooned when the pale faced woman over whose body he had been called to conduct services, met him at the door. The family was too poor to have a physician, and the woman fell into a swoon, in which state she remained for four days. Her husband believed her to be dead and sent for the undertaker. He prepared for the interment without discovering that life lingered in the body.

GAME WARDEN AND THE LIAR.

A Colorado man who is visiting in Wellington told H. L. Woods this story: The game warden of Colorado was walking out to the mountains the other day when he met a hunter with his gun. The officer suggested that that ought to be a good country for hunting.

"It certainly is," said the hunter, proudly. "I killed one of the finest bucks yesterday I ever saw, and he weighed over 200." It was the season when deer may not be shot without subjecting the hunter to a heavy fine.

"Well, that is a fine one," said the warden, "and do you know who you are talking to?"

Being assured that he did not the officer said:

"Why, I am the chief game warden of Colorado."

The hunter was only taken back a moment, when he said:

"And do you know who you are talking to?"

"The warden did not know."

"Well, sir," said the hunter, apparently much relieved, "you are talking to the biggest liar in the whole State of Colorado."—Kansas City Star.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it is much more cured. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
