HERE SHE COMES

SIGHINGS OF SPRING.

Mother's making matters mournful asking Sister Sue
If the parlor carpet wouldn't be as good as new
If they would take it up and hang it on the line
And look at father beating it, for father does it fine.

Father hardly acquiesces, hopes it's only jest;
Thinks the carpet cleaner could likely do it best—
But mother can't afford it, wants to save the price
Toward a pair of curtains, and have the room look nice.

Father might as well complete arrangements pretty quick
To shake some dust around the yard and make the neighbors sick,
Seems a shame to force him to tackle such a thing,
He hasn't been out on a jag since it occurred last spring.

CUT SCHOOL ESTIMATES TO EFFECT LOW TAX RATE

Controllers Reduce Expenditures Against Protest of Trustees—Turbinia Gets Yonge Street Dock.

The board of education yesterday refused to accept the responsibility of any reduction in the school estimates for the year. The total amount asked is $1,075,943, equal to 6 1-10 mills on the assessment of the city, and the board of control insisted that a reduction of $25,000 be made in order that a 19 mill tax rate might be struck.

Chairman Brown showed that the increase of $53,000 in his estimates was caused altogether by the salary increases and the extension of the Technical School curriculum, with a $5000 increase in the coal bill. Mr. Brown was supported by Inspector Hughes, who said that the parsimony of the board had compelled the use of an atlas 20 years old in the schools.

Trustee Rawlinson suggested $15,000 as a compromise, and to this all agreed, the trustees reserving the right to come to the city for any overdraft that might result from the curtailed allowance.

The steamer Turbinia will occupy the east side of the ferry dock at the foot of Yonge-street for the next three years. The city agreed to give the company a lease for $1750 per annum, including taxes. A temporary freight shed will be erected at once, as the steamer is expected in next week, and the city will put up a permanent building later.

Lawrence Solman, for the Toronto Ferry Company, offered $2500 for a new lease of the ferry dock. The mayor wanted $3000, saying that the dock should pay the city not less than $5000 per annum, including the Turbinia's berth. Mr. Solman will give an answer to-day.

The city engineer presented the specifications for the waterworks tunnel under the bay. They call for concrete below and brick above, with a concrete backing. The controllers will inspect the plans before tenders are called for the work.

Ed. Mack, T. P. Galt, P. J. Mulqueen and other rowing enthusiasts secured a grant of $200 toward the Dominion Day regatta. The board struck out the usual item of $150 from the estimates last week, but was persuaded to increase it yesterday.

The following contracts for public works were awarded:

Asphalt pavements—Barber Asphalt Co., Montrose-avenue, $2875; Harrison-street, $1857; Mowat-avenue, $863; Gildersleeve-avenue, $1412.

Brick pavements — City engineer, Phipps-street, $1680; Fraser-avenue, $2970.

Macadam roads—John Maguire, Caroline-street, $2343; city engineer, Jefferson-avenue, $710.

The tenders for bitulithic pavements on Bleecker and Roxboro-streets were referred to the city engineer. There were six tenders, the lowest being $6939 and $4220 respectively. The concrete curbing on Harrison-street was also referred to the engineer, the lowest tender being 28 cents.

Concrete sidewalks—Grant Contracting Co., Crawford-street, both sides, 68c; Ontario Contracting and Paving Co., First-avenue, 62 1-2c; Heward-avenue, 88c; Crescent Paving Co., Columbus-street, 90c; Crescent-road, 55c; east sideDundas -st., 85c; Contracting and Paving Co., McAlpine-street, 88c; Wilton-avenue, 67 1-2c; Toronto Contracting and Paving Co., Harvard-street, both sides, 70c; city engineer, west side Dundas-st., 16c; Gerrard-street, 89c; Nassaue-street, $1.07; Ossington-avenue, 80c; Parkview-avenue, 56c; Radcliffe-avenue, 92c; Richmond-street, $1.16; W. R. Payne, Orde-street, 52 1-2c; Rusholme-road, 65c.

The city engineer will build sewers in the lane north of Robinson-street at a cost of $299 and in Virgin's and Turners-lanes, south of King-street, for $530.

The proposition to construct a bridle path on the west side of University-avenue was not favorably entertained. Dr. W. A. Young with a deputation was present to favor the scheme, but Controller Spence said it would render the park entirely unsafe for the children that swarmed over the place. The matter was sent back to the city engineer for a report as to cost.

It was decided to locate the new art gallery on the main driveway at the exhibition grounds, between the old implement and the dog buildings.

A "Red Cross" Opinion.....

On July 12th, 1904, Clara Barton, the famous Organizer of the National Red Cross, made the following statement:

"Among the many benefits for the betterment of the physical conditions of women, the bicycle is not among the least. In fact, I can think of no one thing that has probably contributed more to the general development of the muscular activity and growth of our young women."

Miss Barton is an authority. Just one of the many authorities to be quoted on the benefits of wheeling. There is another point also to be considered, for even since July 12th, 1904, the bicycle has been further improved. The Cushion Frame has been perfected --- The Morrow Coaster Brake has been simplified --- The New Hygienic Handle Bar, known as the "Sills Handle Bar," has been introduced, and has added another comfort-giving feature to the bicycle. So the bicycle to-day is superior to the last year's wheel which Miss Barton recommends so highly.

YORK COUNTY AND SUBURBS

Toronto Junction, April 6.—At the annual meeting of the Highland Ladies' Golf Club, held in the Town Hall this afternoon, the following officers were elected: Mrs. George Heintzman, honorary president; Mrs. Webster, president; Mrs. Inglis, vice-president; Mrs. Littlejohn, secretary; Miss Wright, captain; Mrs. Clemmer vice-captain; Mrs. Parker, Mrs. J. Bond, Miss Williams grounds committee; Mrs. De Gruchy, Mrs. McMillan, Mrs. J. T. Clark, Mrs C. Heintzman, Mrs. Wallis, executive committee; Mrs. Chisholm, Mrs. Perfect, Miss Rogers, house committee; ladies day Tuesday. Mrs. Parker offered a prize for the best aggregate score for 5 handicaps, and the meeting decided to ask her to allow it to stand for the whole season. Prizes were offered by Mrs. C. Heintzman, Mrs. Littlejohn, Mrs. Bond and Miss Wright.

The onnual meeting of the senior Shamrock Lacrosse Team was held in St. James Hall to-night, E. B. Wright in the chair. The financial statement showed gate receipts last year $189, the disbursements exceeding the receipts by $106.74. The deficit was explained by A. Baird as being due to the fact that the Shamrocks did not have matches on with enough first-class teams. Local option did not have any effect on the attendance in his opinion. A motion to reorganize was carried unanimously. The following officers were elected: W. Baird, honorary president, Dr. C. W. Clendenan, honary first vice-president; Dr. Maverty, honorary second vice-president; J. McEachern, president; J. C. Wright, first vice-president; A. R. Fawcett, second vice-president; A. J. eydon, third vice-president; Fred Breen and R. Bond were nominated for the office of manager, and the matter was left to a committee to decide. E. R. Rogers was unanmously elected patron of the club; Dr. Hassard secretary and Fred Hobert treasurer. R. Bond and Lorne Rowntree were appointed delegates to the C. L. A.

The Street Foreman's estimates call for the expenditure of more than $17000 on streets, sidewalks and crossings, but this amount will probably be pared down materially by the executive committee.

A recital will be given in Annette-street Methodist Church to-morrow evening by Mill Lila Gladden Cole, from "Mrs. Wiggs of the Cabbage patch."

Ex-councellor, John Patterson left on a two month's trip to Scotland this evening.

The electric light signal system is being installed in the Junction central office by the Bell Telephone Co.

The Stark Telephones are not yet in operation altho they were promised at the beginning of the year.

East Toronto.

East Toronto, April 5.—The death of Charles Wilson at his mother's home, 14 Elmer-avenue, this morning, removes one of the best known trainers on the Canadian turf. Mr. Wilson had been in ill-health for some time. He is survived by his mother and two brothers. The funeral will take place to Norway Cemetery on Friday afternoon at 2.30.

Mark Hunter, a well-known farmer near Bendale, and brother of William Hunter of East Toronto, is seriously ill at his home.

Joseph Donahue, a well-known railway man, is also seriously ill with slight hopes of recovery.

The selection of the school site at Beach-avenue and Queen-street is not meeting with general endorsation. It is urged that the street railway is a source of danger. Among many of the citizens the Pine-street site is regarded as more suitable, having in view the growth of the town to the north.

Inspect James Bay Crossings.

Reeve George Syme, with Councillors Henry Watson, Dunbar and Armstrong, together with W. A. Clarke, Engineer Gibson, Treasurer Sam Armstrong, Solicitor John Kyles and Mr. Sykes, engineer of the James Bay Railway, on Tuesday afternoon went over the proposed route, with a view of obviating as far as possible level crossing danger. On the 4th concession of York, where the survey passes thru the house of Mr. Gooderham, and a short distance further, crosses the highway, the council regarded the crossing as especially dangerous and will insist on special protection. On the north bank of the Don, at Hogg's store, is another dangerous crossing, and the township officials were satisfied that an overhead bridge was an absolute necessity, as the approach on either hand is hidden.

Whitevale.

A pleasing event was the celebration on the 30th ult. of the golden wedding of Mr. and Mrs. R. T. Hawkins of this place. It was a family gathering, the nephews and nieces being the invited guests. Among those present were Mr. and Mrs. J. L. Spink and Miss Ruby Spink of Toronto; Miss Libbie Jones (daughter), Mr. and Mrs. W. S. Major, Mr. and Mrs. A. E. Major, Dr. H. H. Major, Rev. and Mrs. Reynolds, Rev. and Mrs McIntosh of Whitevale. Letters of regret and congratulation were received from Mr. and Mrs. R. Hawkins, Tillsonburg; Rev. and Mrs. Elmsley, Napanee; Mr. and Mrs. T. Ward, Regina; Mr. and Mrs. James Major, Los Angeles, Cal.; Mrs. L. Herrick, Bakersfield, Cal. After the lapse of 50 years Mr. and Mrs. Hawkins were again called upon to renew their marriage vows, the Rev. Mr. Reynolds, assisted by Rev. Mr. McIntosh, officiating.

The boys of the Vale gave this celebration of an old-time wedding an old-fashioned finish by giving the happy couple a gentle serenade.

Mr. Hawkins was born about 77 years ago in Pennfield, Charlotte County, New Brunswick, and with his mother and brothers and sisters came to Brunswick Hill, in Pickering Township, 61 years since, and has continued to reside in this and the adjoining Township of Markham ever since. Mr. Hawkins has been twice married, first to Lucy Stoddard, and after her decease to Elizabeth Gould, his present wife, who was a native of Parishville, N.Y., and is now 74 years of age. Both Mr. and Mrs. Hawkins are hale and hearty, and their many friends hope to see them live to celebrate their diamond wedding. The Vale is noted for such events, it being but a few years since the late Mr. Thomas Burton and Mrs. Burton (who still survives) celebrated the diamond event, and no later than last year Mr. and Mrs. Israel Barton commemorated the 60th anniversary of their wedded life.

Mustn't Revoke Too Soon.

New York, April 5.—An order directing John J. Hannahan, grand master of the Brotherhood of Locomotive Firemen, and Charles A. Wilson, acting grand master, and other officers of the grand lodge, to appear before him on Friday, April 7, to show cause why a temporary injunction should not be issued, restraining the grand lodge from revoking the charter of "Just in Time" Lodge, No. 149, of the Brotherhood of Locomotive Firemen, was signed by Judge Lacombe in the United States circuit court to-day.

The order was issued on the allegation of the lodge that the grand officers are seeking a revocation because of the participation by members of that lodge in the unauthorized strike on the Interborough Rapid Transit Railway Company's system last month.

KAISER WILLIAM IT WAS WHO LOOKED AFTER CHINA

Washington Publication of Correspondence Behind the Hay Proposal Proves Interesting.

Washington, April 5.—That it was upon the suggestion of Emperor William that President Roosevelt last February undertook to arrange concerted action on the part of the neutral powers for the purpose of inducing the belligerents in the far eastern war to respect the neutrality of China, is for the first time officially disclosed in the advance sheets of foreign relations made public at the state department to-day. It has been hinted for a long time that the German emperor was the initiatory force in these important exchanges, but it has until now been impossible to obtain any official confirmation of the fact.

Germany's initiative was kept secret because of the German emperor's belief that the suggestion about Chinese neutrality would be more certain of success if emanating from Washington, particularly in view of Secretary Hay's previous activities in the same direction after the boxer troubles in 1900.

Significant Just Now.

At the present moment the further disclousures in the new volume of foreign relations regarding the attitude of the several powers toward the Hay proposal of last February are significant. It is shown that Lord Lansdowne, before indicating Great Britain's acceptance, desired to know whether Manchuria was included within the phrase "neutrality of China." He was answered in general terms that it was the desire of the Weshington government to secure the "smallest area of hostilities and the largest possible area of neutrality compatible with the military necessities of the belligerents."

France, while receiving the proposal in the best spirit, showed a "little anxiety" to know the exact significance of the phrase "administrative entity." This phrase was the creation of Secretary Hay. Later France signified her full acceptance.

Italy preferred to wait the views of the cabinets at Berlin, Paris and London before actively participating in the plan and Austria-Hungary was equally reticent.

Was Quite Cool.

United States Ambassador Storer says of his interview with Count Golochowski on the subject that the foreign minister 'was quite cool, and rather pessimistic so far as any effect could be anticipated."

In making known the answer of the German government American Ambassador Tower reported that "the German government sympathizes fully with the purpose of the United States on behalf of humanity, the protection of foreigners in China, the maintenance of order and the safeguarding of the commerce of the world, and that Germany believes that to attain these purposes the support of the neutrality of China would be the most available means, and the German government is prepared to act in harmony with the United States and the other neutral powers to assure the neutrality of China, in so far as this may be compatible with the respective military interests of the belligerent powers."

KING SEES LOUBET TO-DAY IS MOROCCO CONCERNED?

Significance is Attached to Event—Germany Communicates to Washington Her Attitude.

Paris, April 5.—King Edward's meeting with President Loubet, while the former passes thru France on his way to Marseilles to-morrow to join the rayal yacht is attracting notable attention. The officials here do not wish the meeting to assume political significance in connection with the Morocco incident, nevertheless a large section of the press and public will attach significance to the exchange of Anglo-French amenities immediately following Germany's announcement that she does not accept the Anglo-French agreement as to Morocco. An effort is again being made to create an impression here that the United States has an understanding with Germany relative to Morocco, but the authorities are satisfied that the report is false. Similar discredit is given to a Naples despatch saying that King Victor Emmanuel will utilize Emperor William's presence at Naples to efface the misunderstanding growing out of the Morocco incident.

KAISER AT NAPLES THOUSANDS HURRAH.

Naples, Italy, April 5.— Emperor William arrived here to-day amidst booming of cannon and ringing hurrahs from thousands gathered about the harbor. The Duke of Aosta went on board the Hamburg to welcome the Emperor in the name of ing Victor Emmanuel, informing the Emperor that the King will come to Naples to-morrow to see him.

STANDS FOR OPEN DOOR GERMANY NOTIFIES U. S.

Washington, April 5.—Germany to-day clearly outlined to the United States her Moroccan policy. Acting under instructions from Berlin, Baron Von Speckesternburg, the German ambassador, called at the war department and left with Secretary Taft a memorandum to this effect.

"Germany stands for the open door in Morocco as in the far east, and for the preservation of the status quo, and for the safeguarding of the commercial and trade interests not only of Germany, but of all trading nations of the world."

Secretary Taft promptly forwarded the memorandum to President Roosevelt.

This information has been conveyed to the United States because of sensational reports abroad about Germany's attitude.

BY FOREIGN CONFERENCE WOULD LIKE TO SETTLE IT

Berlin, April 5.—The German government would be pleased to see the Morocco question settled by an international conference. The foreign office has not proposed this to the powers, but it is enquiring at other capitals whether such a plan would be received favorably.

There is nothing here to indicate that France and Great Britain will agree to this. Germany hoped the United States might be willing to take part in any international conference on the subject.

DEAD FROM ASSAULT.

Quebec, April 5.—Albert Marchand, horse dealer, and connected with the mills at St. Prime, Lake St. John, is dead of congestion of the brain, said to have been brought on by bruises received from Robard Girard, a woodman of Roberval.

It is claimed that Girard attacked Marchand at Roberval on Friday last and assaulted him badly.

McTavish—Hodgson.

PUBLIC AMUSEMENTS.

Princess: May Irwin in "Mrs. Black is Back."
Grand: "Who Goes There?"
Majestic: "Across the Pacific."
Shea's: Spook Minstrels and Vaudeville.
Star: Vanity Fair Burlesquers.

There will be unusual interest excited among local playgoers by the coming to the princess Theatre this evening of Mrs. Patrick Campbell, whom Charles Frohman will present in Victorien Sardou's latest play, "The Sorceress." Mrs. Campbell's powers, which are well known and admired, have chiefly found scope heretofore in the psychological studies afforded by the dramas of Pinero, Hauptman and Maeterlinck. When it is said that Zoraya, the heroine of "The Sorceress," is essentially a Bernhardt role, it can readily be surmised how radical has been the departure of the English actress. From the heroines of drawing room plays and symbolical studies to a Moorish woman, whose strength lies in the elemental passions and who grows, act by act, with ever-increasing power, to a final sweeping climax of tragic pathos and intensity, is a wide step aside. The divergence is adding immensely to Mrs. Campbell's fame.

The attention of the play-loving public is called to the coming of Nat C. Goodwin to the Princess Theatre as its attraction for the first half of next week. The sale of seats is announced for Thursday morning. Mr. Goodwin will give two plays, each a comedy, yet each dealing with a different theme and having a directly opposite motive for its subject. The plays are "A Gilded Fool" and Isaac Newton Morris' skilful comedy-drama, "The Usurper." The cast supporting Mr. Goodwin is said to be a magnificent one, having in its personnel over half a score of English actors and actresses.

Albert Chevalier, who is coming to Shea's next Monday, is going to be a tremendous drawing card, if the advance demand for seats is any indication. He is sure to draw crowded house, for Chevalier is the greatest character artist of the day, and his fame girdles the globe. Seats go on sale on Monday, April 10.

The Spook Minstrels, at Shea's this week, are a big hit. Other features are cute little Toby Claude, Filson and Errol, Pellman and Moore, Henri French, the Elgenas, Harper, Desmond and Bailey. For next week Mr. Shea offers another list of good attractions, headed by W. H. Murphy and Blanche Nichols, in "From Zeza to Uncle Tom," a screamingly funny act; Ohang San, a Japanese sketch; Paul Barnes, Duffin Redcay Troupe, Marcus and Cartelle, and several others.

Entirely away from the ordinary make-up of a burlesque company, "The Gay Masqueraders," come to the Star Theatre for a week, commencing next Monday matinee, in a brand new double bill, consisting of the musical farce-comedy, "A Trip to Coney Island," and the laughable satire burlesque of "Count of No Account," interspersed with novelties and specialties of high order.

When "The Squawman," a one-act play, was presented at the public gambol of the Lambs' Club in New York last spring, it was hailed by the metropolitan critics as a real tour de force, and Edwin Milton Royle, the author, was so much encouraged that he immediately elaborated it into a four-act comedy-drama. In this form Liebler & Co. will give it a production at the Star Theatre, Buffalo, on April 24, with William Faversham in the title role. After leaving Buffalo the company will visit Toronto, Hamilton and London.

For the Paderewski concert at Massey Music Hall on Wednesday, April 26, the number of requests for seats from outside places is very large. Single-fare railway rates will be in force that day on account of the horse show. The subscribers' list is still open at Massey Hall.

The coming of Hanlon Bros.' big pantomime, "Superba," will be of more than the usual importance this season. The Hanlons have radically altered the scheme of "Superba." The book has been rewritten by Quincy Kilby of Boston, who has been associated with many spectacular and

pantomimic successes. The engagement of an all-American ballet, which will appear in special dances arranged by Prof. Claude M. Alviene of New York; the introduction of a hundred new tricks and illusions, and the addition of two big specialties will all add to the production. "Superba" will be at the Grand Opera House next week.

"Girl of the Streets," in which Lillian Mortimer is being starred, is a melodrama built on new and novel lines. So startling are the scenes, and yet so natural and true to life, that the author is complimented by

the sincerity of applause and concentrated interest of the audience. It is said to mark an epoch in the production of the character of plays usually seen at popular prices. It will be the attraction at the Majestic Theatre next week.

The Lenten cantata, "From Olivet to Calvary," by J. H. Maunder, will be given at the special Lenten musical service in St. George's Church on Sunday afternoon next; and also the following Sunday. The cantata is written in two parts and contains beautiful music. The quartet will be composed of Mrs. Stewart Houston, Mrs. Angus Gordon, J. M. Sherlock and James Quarrington.

An instructive musical event this morning will be the lecture-recital by Mrs. Evelyn Choate of Buffalo on "The Valkyrie," at the Conservatory of Music Hall at 11 o'clock.

RUSSIANS ARE DRIVEN OUT SOME FIGHTING IS REPORTED

Tokio, April 5.—(3 p.m.)—Imperial army headquarters reporting to-day says: "A part of our Changtu force drove the Russians out of Tsulushu, two miles north of Changtu, and also out of Sumiencheng, nine miles west of Tsulushu, and occupied both places on April 3.

"After driving the enemy from the neighborhood of Soumiactzu, six miles southeast of Tsulushu, our force reached the vicinity of Santaukou on April 4 at noon, when they were fired upon fiercely by about 500 Russian cavalry, retreating north along the railway.

"Our force dispersed them."

DOMINION DAY REGATTA.

A special effort will be put forward this year to make the Dominion Day regatta in the lagoon at Hanlan's Point a greater success than ever.
