As a result of a dispute over commissions we have thrown up the Humber agency and will, therefore, close out our entire stock of

HUMBER BICYCLES

at cost price. These wheels are world famous. It isn't necessary for us to praise them. Everybody who rides a wheel knows all about the merits of the Humber. They'll say, "Oh, yes! Everybody knows you can't get anything better than the Humber, but they are very high-priced." Now you have a chance to get one of these famous wheels at your own prices. There are only a few of them—less than a dozen. Better come in early if you want one.

MORRIS PARK STAKE EVENTS

Withers Won by The Huguenot and National by Jean Beraud.

Cool Work by Tod Sloane on the Winning Stallion—What-Er-Lou Won Inaugural at St. Louis—Favorites Win at Oakland and Lose at Roby—Notable Race at Louisville—Training Notes From Woodbine Park.

New York, May 14.—Rich as the promises were in the four overnight events included in to-day's card, they were lost sight of in the glamor of the two stakes, the National Stallion for 2-year-olds and the historic Withers, for which a field of crack 3-year-olds measured strides. It was to see these features decided that nine out of every ten of the thousands gathered here to-day braved the trip.

The Withers went to The Huguenot. He was the favorite, but as the others had their share of support, even money was always obtainable against him. The first break brought a good start, and the journey was begun with Sanders the pacemaker His lead was continued for a quarter, then his stable mate, Handball, took his place. Turning into the stretch Spencer made his call on The Huguenot. It did not require much urging to get him to the front, and, although Mr. Balter looked dangerous for th time, the scare his challenge brought was unwarranted, for The Huguenot was well in hand as he passed the finish, a length to the good, and Mr. Balter was second, two lengths before Handball. Then came Sander's Marillo and Great Bend in the order named.

The National Stallion Stakes came third on the card. In the betting Glenheim was a decided favorite, opening at even money and closing at 4 to 5. Pean Beraud was second choice at 8 to 5 and the others at fancy prices, their admirers being content with place and 1-2-3 money. There was considerable skirmishing at the post, followed by a good start. For a furlong they kept well together, then Glenheim went to the front and to the half-mile pole he showed the way at a terrific clip. Here Sloane made his call on Jean Beraud and the response settled all doubts as to the result, for he shot out clear and at the finishing line was a length and a half in front of Glenheim, who had to be ridden out to beat Miller a short head. Just as the flag dripped Sloane got his foot out of the stirrup. Without losing a stride he leaned over and replaced it. Ben Brush has broken down and no further attempt will be made to train him. The book program for the coming meeting of the Brooklyn Jockey Club was issued to-day. There will be fourteen days' racing, beginning on May 28 and ending on June 16. The Brooklyn Handicap will be run on the opening day. Results:

Estaca Coming to Toronto.

Louisville, May 14.—The Frank Fehr selling stake at a mile, the race for gentlemen riders, attracted an immense crowd to Churchill Downs this afternoon. Pat Dunne's Estaca won the stake event in one of the best finishes seen at the meeting and beat J.H.C. by a short head for the purse of $1000, which went to the winner. There were six starters, and Estaca was always favorite at odds around 2 to 1. Three Bars and J.H.C. were best played of the others, being at 3 to 1 in the betting. Three Bars was first away, but Estaca passed him on the first turn and was never afterwards headed. J.H.C. made a bold bid in the stretch for the money, but, under Beauchamp's vigorous riding, Estaca lasted long enough to win, Bookmaker George Murphy bid Estaca up $1000 over his entered selling price of $900 and secured the colt at that price. Estaca will be shipped to Toronto and will be raced over the Northern circuit. After Jake Markiein's Sister Stella won the opening race of six furlongs, Tommy Griffin bid her up to $900, which was $400 over her entered price, and he secured the full sister to The Butterflies at that figure. Lord Zeni tiptoed a good field of sprinters in the 6½-furlong event, winning with 5 to 1 about him. Millstream, the 2 to 1 choice, easily beat J. A. Grey, the favorite, for the place. The Montgomery handicap winner, Salvable, who is owned by Pat Dunne, struck himself in his work yesterday and pulled up very lame. Results:

SEASON OPENED BY DEFEAT.

Torontos Lost a Pitchers' Battle to Rochester by 4 Runs to 2.

Big First Baseman Massie Was in All the Run-Getting Business, With a Single, Triple and Home Run—Big Crowd in Attendance, and Acting Mayor Burns Set the Ball Rolling by Pitching the First Ball—Athenæums Won the Amateur Game.

Everything favored the opening of the baseball season Saturday afternoon on the Island diamond. The crowd was large and enthusiastic, and Acting-Mayor Burns was cheered to the echo when he got in the game, graduated professionally and pitched the first ball of the season.

The local players and Manager Irwin were given a great hand. Little Casey was the hero of the preliminary applause, the crowd cheering the popular catcher from the gate to the bench. The fans also particularly applauded Gaston and Freeman, and Red Grey was also remembered.

Good nature prevailed throughout the mammoth stands, but still the fans rooted hard though sadly in vain.

Tip O'Neill has the best umpire's outfit on record, and looked particularly well dressed and groomed for the auspicious opening. Besides, he was correct all the way, and though he let Freeman run to third to stay there a minute on a foul that the crowd wanted a three-base hit, O'Neill called it right at last and made Buckie bat over again.

Morse and Baker pitched nice ball, but the Rochester twirler was all out and glad when the game was over. Big Massie was the villain of the day. He started the scoring in the fourth with a hit just over the wire. Then again in the sixth he led off with a triple, and the base on balls and double that followed sent in two runs. The visitors' final tally was in the seventh, when Massie again loomed up, with a single after Bonner had cracked out a double.

Still Toronto had a run of ciphers. But the spell was broken in the eighth, which Casey opened with a double. He went to third on Grey's grounder to Massey, and tallied Toronto's first Island run on Reilling's long fly to the other left fielder. Taylor's single hit and run, with Baker and Fox's base hits, produced the second run for Toronto. With two out, Casey came to the bat and the rooting was powerful. Morse was shivering and shaking, but he had Casey guessing, and the hit was only a little grounder that was an easy out to first.

Sheehan was absent, and his place in left field was taken by Renning, who however, is a great player at the bat and on bases, but he fell down literally and badly, allowing at least two of the runs, Freeman executed the fielding feat of the day by jumping in the air in the fifth and taking Scheffler's fly off the netting that looked like a two baser. A miss would have meant two more runs for the enemy.

On paper the game looked an even thing, but it was won by Rochester getting their big hits together at the proper time. The official score:

Notes of the Game.

The Torontos go to Buffalo on Friday and Saturday.

Had last year's earned run rule remained, Toronto would have been credited with one and Rochester three.

Grey made the first hit of the year, Casey the first run and Fox the first error for Toronto in the opening game at home.

The only stolen bases were scored by Clymer and Elsey, when together they worked Casey for a double in the sixth.

Two games in the Island Amateur League will be played on Saturday—T.A.C. v. Ramblers, 2 p.m., and Athenaeum v. Queen Citys, 4 p.m.

Morse exhibited wonderful control, and his single base on balls, without a batsman struck, is probably the southpaw record for the year.

Rochester will meet the Torontos at 4 p.m. to-day. Gaston and Casey will be the battery for the home club and Yerkes and Gunson for the visitors.

Jack Bennett, the McKeesport boxer, is a proficient baseball player, and when he learned Irwin's team was at home immediately camped on the Island.

Sheehan is expected in Toronto to-day, and will take his place in left-field this afternoon. Like his comrades of the garden, he bats and throws left-handed.

Gatins is a nice actor and proficient in every department of the game. He is a genuine all-rounder of the Bill Lange type, and is slated for the draft at the close of the season.

Frank Bonner's "whip" is seriously troubling him, and it is with difficulty that he gets the ball across to first. By quick starts he surmounted the difficulty three times on Saturday.

Everyone was pleased with the magnificent condition of the grounds and the splendid arrangement of the new stands. The bleachers are admirably located beside the third-base line.

Foutz and Wilson acted as battery for Hay & Co. against the Bain team at Woodstock, and their opponents won by virtue of a pitcher and catcher imported in the same style from Detroit.

The Torontos generally got a man on base with two out, and their celebrated hit-and-run game was of little avail. In only two innings, the fourth and eighth, did the first man up get to first.

Tip O'Neill is mourning because President Powers did not schedule morning games for all next week in Toronto, with himself as umpire. Tip belongs to Woodstock, and, of course, knows some good things for the races.

The Torontos batted safely in every innings except the seventh, when they retired 1, 2, 3. In only the eighth and ninth did they get more than one hit, and then two was the limit. Morse must have pitched a pretty nice game.

The paid attendance was 3900, which Arthur Irwin claims to be the largest weekday opening crowd of the Eastern League. The complimentaries, regular dead-heads and attaches in attendance would make the actual attendance about 4500.

With a strong east wind, it was only a tremendous drive by Massey that sent the ball over the right-field fence. Scheffler's hit in the fifth was blown back into Freeman's hands by the stiff breeze, or the score would have been 6 to 2.

On Saturday night the Athenaeum Club tendered the Toronto Baseball Club a reception. The Rochester and the amateur teams that won and lost were well represented. A first-class program was presented which included several lively bouts by well-known boxers.

Massey had ginger to burn. He scampered to the right field track at the line in the fifth and took a foul fly that belonged to Scheffler. Besides, he knocked down a hot one from Gatins' bat in the ninth and threw the runner out to Morse, who had cleverly covered the bag.

Manager Morton has signed Second-baseman Bean, who has been purchased from Brooklyn. He is a fast player, and will be worked at shortstop, Bonner going to his old position at second, Clymer to centre-field, Walters to right and Scheffler to the bench. Elsey's good work at third has earned for him a permanency on the Rochester team.

Ald. Burns showed up like a veteran on the slab. He cut the inside corner with his only delivery, and sent in such a hot inshoot that Casey muffed the ball. Should No. 3 Ward's popular representative be missed from the City Hall, anxious friends might search for him successfully in one of the Toronto uniforms, as he is now considering the terms submitted Saturday night by Manager Irwin.

Athenaeums Lead the League.

The Island Leaguers opened with a six-innings game, Athenaeum scoring the first victory by a margin of one run. A base on balls, a batsman hit, two singles and Poulter's triple netted four in the second innings. A series of errors let Wilson around in the third, and then rounded up their half-dozen in the fourth on a single by Ross and a double by Trowbridge, while the Athletics were still without a tally.

T.A.C. got Maddock around in the fifth on his single, an out and Muir's muff. Two fumbled grounders, an out and singled by Maddock and Tredger gave T.A.C. four in the sixth, and then time was up. Score:

FIRST OF THE SEASON.

Varsity Defeats the Young Torontos at Lacrosse by Five Games to Three.

The first lacrosse match of the season was played on Saturday afternoon on the Varsity campus, when Varsity met and defeated the Young Torontos by 5 to 3. The game was fast and a good exhibition of lacrosse, and at times was marked by many brilliant plays on the part of both teams. The Varsity players are the better stick handlers, but were not in as good running condition as their opponents. The first two games went to the students in quick succession, and Mathers, after pretty work in the field, scored twice for the Torontos. Then the College men tallied twice again, while Mathers notched his team up another, and the last game was scored for Varsity by Bilton just before time.

During the match both teams put up some good combination, and drew out the respective defences, although a number of chances were lost to score.

The teams were:

Varsity—Goal, Hanley; point, Livingston; cover, Wales; defence, Forbes, Graham, Martin; home, Morrison, Snell, Burns; outside, Bilton; inside, Cleland.

Young Torontos—Goal, Jeffrey; point, Tobin; cover, Stewart; defence, Cooper, Dewart, Lamb; home, Moore, Towns, McLean; outside, O'Connor; inside, Mathers.

Referee—Barker.
