A cablegram to T. A. S. DeWolf & Son, Halifax, states that the steamer Montfort, with the South African constabulary on board, passed Cape St. Vincent on Tuesday.

Wednesday, during the hard northeasterly blow, the schooner Abner Taylor, owned and loaded by Murchie & Sons of Calais, to New York, with laths, went ashore on Baker's island, off Southwest Harbor.

After a hard struggle the schooner was gotten of and with the crew at the pumps managed to make Bass harbor late in the day with four feet of water in the hold. The pumps kept the water at that level if they were constantly worked.

Schr Helen M., which was towed into Digby Friday with loss of sails, will be brought here for repairs. The cargo remains intact.

Charlottetown, April 12.—The schooner Minnie E. ran ashore at Savage Harbor Thursday evening. The captain reports having got clear of the ice on Tuesday near Gaspe, and headed for home with a cargo of 630 seals. The Minnie encountered a gale on Wednesday night, lost all sails, and Thursday's gale sent the vessel ashore where she now lies a total wreck.

Yesterday afternoon while one of the crew was at the wheel a heavy sea boarded the schooner carying him overboard. The sailor's name was George Gallop, of Conduroy, Nfld. The remainder of the crew, seven in number, had great difficulty in getting ashore.

Vancouver, B. C., April 13.—The ship Ardnamurchan, which was reported to have foundered shortly after leaving this port for England, is safe. A cable received here today from the London agents stating the ship had been sighted in the English channel and reported all well. She was 141 days out from British Columbia.

Pilot Cline, of St. John, who took the Elder-Dempster liner Lusitania over to St. John today celebrated his 75th birthday last Monday. He has been a pilot for about 54 years and has never lost a steamer. His hearing and eyesight are as acute as when he was 16 years old, and he is more active than many men at half his age. The pilot does not know the taste of intoxicating liquor and is a great advocate of temperance, neither does he use tobacco in any form. He told the reporter the other day that he has not drank a glass of water in twelve years, but likes a "good cup of tea." Mr. Cline brought the steamer Lake Superior from St. John through the tremendous gale of last Friday and Saturday and arrived here Sunday morning without mishap.—Halifax Echo.

TRURO NEWS.

Steps for Establishment of Government Assay Office---Athletic---Plenty of Laboring Work.

Truro, April 14.—Recent orders issued by the I. C. R. may make it necessary for certain railway men, who have properties in Truro, to remove to Halifax. The Truro Board of Trade have taken the matter up and if necessary will approach the minister of railways in the interests of the Truro men affected.

Miss Mary McDonald has opened a millinery store here and Miss Jessie C. Smith has re-opened her fancy goods store after being closed for a couple of years.

A large number of Truro boys will attend the Y. M. C. A. camp at River John. The distance is only about 20 miles—a good bicycle ride.

The lumber cut on the Ponhook lake waters this winter has been about 6,000,000 feet. The contract for river driving has been given and it is expected the mill at Hartville will cut this during the summer months.

The call being extended to Rev. J. D. McKay, of Coburg Presbyterian church, from St. David's church at Maitland, has been dropped as Mr. McKay, it was understood, would not accept.

Mayor Stuart, one of the best authorities on gold mining in this province, is taking very active steps in urging the government to establish a government assay office. He is now on a committee, with five other miners, to approach the government.

There is abundance of work in Truro for the laboring man. The town is advertising for 100 men to work on sewerage and a great deal of building is to be done as well. H. A. Lovett, barister, is to erect a fine residence at the corner of Arthur and Willow streets. Dr. D. H. Muir is now erecting a residence opposite the post office. J. J. Snook will begin a brick block this month and several other smaller houses are already in course of erection.

Truro was visited Friday night by a heavy snow storm and Saturday there was about three inches of the beautiful covering the ground. The fall of snow over the Cobequid Mountain in the vicinity of New Annan, is much heavier, and there are places in the mountains where the snow will remain for the year round.

This week has been one of unusual activity in public gatherings. Monday night the Opera House was crowded for a minstrel show put on in excellent style by the Truro Band. Tuesday and Wednesday, Evangelist J. Ritchie Bell has been engaged here; Thursday there was a grand Easter high tea and fancy sale in St. John's church and a birthday party in Immanuel church, and last night Trooper Mulloy, from South Africa, had a big house to hear his lecture. There was also an entertainment at the same time in the academy.

It has been decided to build a tower on St. John's Episcopal stone church. Dr. D. H. Muir, J. B. Moorman, manager of the Halifax Banking Company, and T. B. Kidner, director of the Manual Training school, are to oversee the work. St. John's church is situated at the end of Inglis street and when the tower is completed it will greatly add to the appearance of the town in that vicinity and make the church one of the best in the province.

Manager Kaulbach, of the Touquoy gold mine, brought a $1,200 brick of gold into town this week, a month's crushing from slate.

Messrs. Blanchard, Bentley & Co., are claiming damages against the town because of water, from a broken hydrant. The hydrant is near this firm's store and the pipe burst, flooding the basement where large quantities of oil cloths were stored. The town have appointed an investigating committee and the matter will be settled mutually.

The annual meeting of the Truro Amateur Athletic Club has been held and new officers elected. Principal Cambell, of the academy, has been re-elected president. A number of new members were also received. It is understood that an effort is to be made to arange for a league among five or six provincial towns for competition in athletic sports.

Among the recent arrivals from England are D. B. Cummings and Mrs. Cummings, C. E. Bentley, H. W. Yuill, W. H. Rennie, Miss Bailey, A. S. Black and Mr. Hasaberger, all of Truro.

A branch of the Diamond Jubilee Temperance Association has been formed at North River with 17 charter members. This organization was organized first in Nova Scotia at Truro and several healthy branches have been since started from the Truro association. Belmont has a very strong association.

SHELDON'S OPINION.

Leamington, Ont., April 14—Mr. Sheldon states that for two years he unsuccessfully sought a remedy to cure his son of Catarrh, but permanent results were not attained until Catarrhozone was used. It cured his little boy like magic, and he has been quite free from Catarrh ever since. Catarrhozone cures all forms of Catarrh, Bronchitis, Throat Irritation, Coughs and Colds. No remedy like it. Quick to relieve, pleasant to use, guaranteed to cure. Clears throat and nose at one breath. Try Catarrhozone, 25 cents and $1.00. Druggists, or Polson & Co., Kingston, Ont.

Sealing Steamer Safe.

Dr. J. Collis Browne's Chlorodyne

IS THE GREAT SPECIFIC FOR Diarrhœa, Dysentery, Cholera

THE ILLUSTRATED LONDON NEWS, Sept. 28, 1895, says:—

"If I were asked which single medicine I should prefer to take abroad with me, as likely to be most generally useful, to the exclusion of all others, I should say CHLORODYNE. I never travel without it, and its general applicability to the relief of a large number of simple ailments forms its best recommendation."

DR. J. COLLIS BROWNE'S CHLORODYNE Is a liquid medicine which assuages PAIN of EVERY KIND, affords a calm, refreshing sleep, WITHOUT HEADACHE, and invigorates the nervous system when exhausted.

DR. J. COLLIS BROWNE'S CHLORODYNE Rapidly cuts short all attacks of Epilepsy Spasms, Colic, Palpitation, Hysteria.

IMPORTANT CAUTION.—The IMMENSE SALE of this REMEDY has given rise to many UNSCRUPULOUS IMITATIONS. Be careful to observe Trade Mark, Of all Chemists, 1s., 1s. 1-2d., 2s 1d.S, an 4s. 6d.

Coghs, Colds, Asthma, Bronchitis.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Dr. J. COLLIS BROWNE (late Army Medical Staff) DISCOVERED a REMEDY, to denote which he coined the word CHLORODYNE. Dr. Browne is the SOLE INVENTOR, and as the composition of Chlorodyne cannot possibly be discovered by Analysis (organic substances defying elimination) and since his formula has never been published, it is evident that any statement to the effect that a compound is identica with Dr. Browne's Chlorodyne must be false

This caution is necessary, as many persons deceive purchasers by false representations.

DR. J. COLLIS BROWNE'S CHLORODYNE—Vice Chancellor Sir W. PAGE WOOD stated publicly in Court that Dr. J. COLLIS BROWNE was undoubtedly the INVENTOR of CHLORODYNE, that the whole story of the defendent Fretman was deliberately untrue, and he regreteed to say it had been sworn to.—See The Times, July 18, 1894.

DR. J. COLLIS BROWNE'S CHLORODYNE Is the TRUE PALLIATIVE in Neuralgia, Gout, Cancer, Toothache, Rheumatism.
