How to Fry with Cottolene

Fry everything from potato chips to doughnuts in Cottolene. Put Cottolene in a cold pan—heat it slowly until it will delicately brown a bit of bread in half a minute. Then put in your food. It will pay you to try Cottolene just this way—see how delicious and wholesome it makes the food.

Get the genuine, sold everywhere in one, three, and five pound tins, with trade-marks —"*Cottolene*" and *steer's head in cotton-plant wreath*—on every tin.

No better wire fence built than the Casey Diamond Grip. Just the thing for farmers—neat, strong and durable. Will last a lifetime, barring accidents. Uses only straight wires with so little depression as not to cause the galvanize to crack or peel. If there is a dealer who wants something better to handle than he's had, try it. We also supply the Double Lock Wire Fence, which is claimed by some to be second to none, the lateral wire of which, as well as the upright stay, being crimped at joints. Our agents build either on premises. Agents wanted everywhere in Canada, to whom sole territory will be allotted. County and Township Rights for sale. Our Gas Pipe Frame Gate takes the lead. Patented January 23rd, 1895.
