WHEAT—A sure method to make money by speculating in options of wheat in American markets by mathematical rule. Cash can make two hundred per cent. net profit yearly on any amount from $3000 to $100,000 capital. Deals can be closed and profits drawn from one to six weeks, according to action of markets. Any one doubting the above, and having a desire to speculate, will find it to their interest to make personal investigation by sending name and address to Box 97 this office.

The receipts of grain on the street to-day were moderate and prices steady. About 800 bushels of wheat offered and sold at 89c to 89½c for spring and fall and at 77c for goose. Barley nominal at 45c to 55c, oats firm, 200 bushels selling at 33c a bushel. One load of peas sold at 56½c. Hay steady, with sales at $12.50 to $14 for timothy and at $9.50 to $12 for clover. Straw steady at $9 to $10 a ton. Hogs nominal at $7 to $7.15. Beef $3.50 to $4.50 for forequarters, and $6 to $7 for hindquarters. Mutton, $6 to $6.50. Lamb, $7 to $8.

St. Lawrence Market was very quiet today and prices are unchanged. We quote: Beef, 12c to 14c, sirloin steak at 13c to 14c; round steak, 10c to 11c. Mutton, legs and chops, 12c to 13c; inferior cuts, 7c to 8c. Lamb, 7c to 9c, for front, and 12c to 13c for hindquarters. Veal, best joints, 12c to 13c; inferior cuts, 4c to 8c. The Cheese Markets.

UTICA, June 7.—To-day's Herald says: News from England seems to indicate that the make there is somewhat backward, so that down to the present time the amount of home cheese marketed is not as large as it was last year. Old stock is concentrated in few but strong hands, and the price has been sustained perhaps better than ever before. The firmness of old cheese in fact has been one of the main elements of support to the new market. Had it declined along with new cheese the drop would have been more marked and rapid; but being owned by a few strong houses almost entirely, they were able to keep up the price and prevent cheese from being sacrificed, as it is so apt to be in the spring of the year. As will be seen by our quotations from the Grocer's Gazette, old stock was selling ten days ago at 12 to 5d, which is within a shilling of being as high as the cable has ranged this year.

Canada sold higher last week, and came nearer our home markets than previously. Prices at this point and boards therefrom ran from 9½ to 9¾c, the higher rate being made at the eastern markets. Table of quotations:

	Receipts.	Exp.	Cable.	Price.
June 6, 1887	45,261	51,614	46s.	9¾c.
June 7, 1886	43,261	43,382	48s.	10¼c.
June 8, 1885	51,417	49,346	52s. 6d.	10¼c.

A large number of scientific attended the Board of Trade last night to hear Mr. Blair talk on "Dairying." Everybody felt good, for the make of cheese is very satisfactory. Pastures are now in their prime, and splendid, and all stock cattle are just flying out of the stable. The market is crowded with native, making at least 2000 head more than the corresponding week last year. Prices are lower, and the quality is not quite as good as it ought to be, but the cheese will have quite as much as it ought to carry when it reaches New York. If it happens, the cheese market is predicted before the close of the year. If it happens, the cheese will make no money this week. Sales were distributed among the buyers, each having his required, and the bulk of these was sold at a price, only one-sixth of the offering being sent on consignment. The cheese at 10c. were small sized. Transactions of the day were:

Lots.	Boxes.	Price.
10	1[illegible]	9¾ cents
31	2[illegible]	9¾ cents
16	1[illegible]	9¾ cents
13	8[illegible]	9¾ cents
3	250 small	10 cents
1	147	10¼ cents
123	11,191	
	1584	Com.
Total	12,775	

Ruling price, 9¾c. Transactions one year ago 13,725 boxes, ruling 9¼c. Two years ago 10,853 boxes, ruling 6¾c.

LITTLE FALLS, June 7.—Cheese—Trade in cheese yesterday was pretty slow for a time, salesmen holding off longer than usual. The cause of this was doubtless the decline in prices, which have been more than anticipated by any one. Factorymen held late, hoping to secure a fraction higher rate than they had been offered, as some succeeded in doing last week. Many expected to get 10 cents, but after persistent inquiry we can only learn of the two lots reported below. The decline is fully ⅝ cent from last week's figures. The stock sold was largely grass cheese of very good quality. Factorymen continue to sell off close, and will not be surprised if still lower figures come next week. Following are the sales:

Lots.	Boxes.	Price.
1	50	9 cents
45	2177	9¾ cents
43	2661	9¾ cents
1	50	9¾ cents
1	50	9¾ cents
1	140	10 cents
19	860	Cop.
109	5739	
Farm dairy	583	
Total	6312	

Farm Dairies—583 boxes farm cheese sold at 8¾c. to 10c.; but one lot at the latter figure.

Butter—Twenty-nine packages creamery butter sold at 18c. and about 20 farm dairy at 13c. to 20c.

BUFFALO, June 7.—The cheese sold at the Bensler House here yesterday brought ¼ to ½c less than last week, notwithstanding the good demand for the product of these choice factories. Following were the transactions: 1760 boxes Marshfield, 1800 Cloverfield, 1000 Sandusky, 1000 Frankfinville, 375 Rock springs, at 9¾ cents; 500 Springfield, 10¼ Farmersville, at 9¾ cents. The previous week 4800 boxes sold at 10 to 10¼ cents.

IRONSIDES, ONT., June 7.—Fourteen factories offered 2317 boxes, nearly all May make. The sales were as follows:

100 boxes at 9¾ cts., 100 boxes at 9¾ cts., 768 boxes at 9¾ cts., 345 boxes at 9 7-16 cts.

The market was active and principally all the May cheese was sold; 23 factories were represented and 10 buyers were present.

—Amos Hudgin, Toronto, writes: "I have been a sufferer from dyspepsia for the past six years. All the remedies I tried proved useless, until Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was brought under my notice. I have used two bottles with the best results, and can with confidence recommend it to those afflicted in like manner."

CONSTIPATION!

There is no medium through which disease so often attacks the system as by constipation, and there is no other ill flesh is heir to more apt to be neglected, from the fact material inconvenience may not be immediately felt from irregular action of the bowels. When there is not regular action the retention of decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it causing piles, fistula, headache, impure blood and many other serious affections. Burdock Blood Bitters will immediately relieve and one bottle positively cure or relieve any case of Constipation.

I was troubled for a year with torpid liver and indigestion, and after trying everything imaginable used Burdock Blood Bitters. The first bottle revived me and the second cured me entirely.—J. S. Williamson, Rochester, N. Y.
