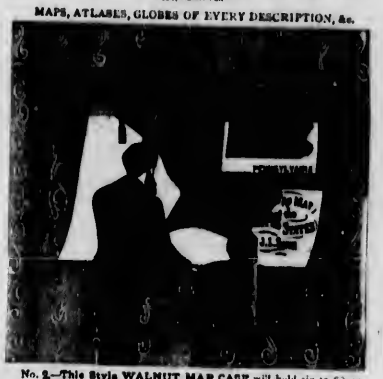
MAPS, ATLASES, GLOBES OF EVERY DESCRIPTION, &c.



No. 2.—This Style WALNUT MAP CASE will hold six to fifteen maps, various sizes, as shown. Price, $16.00 to $25.00.

The Maps are easily attached to the rollers, and can be taken off, and others put on when desired.

☞ Pull the map down to any required point, and let it roll very slow until stopped. To start the map, draw it down (about 10 inch) and let it roll up rapidly.

Be careful that the roller is adjusted to work freely in the brackets, and secure the extension so that it will not slip back to the cylinder.

If the spring is not strong enough, pull the map partly down to a stop. Remove and replace it rolled up.

If the spring is too strong, remove roller, and replace it unrolled in bracket.

In removing the roller from the brackets, roll the map up to the last stop before taking it from the brackets.

SAINT JOHN, N. B.
