

# Obituary

## PETER WELCH.

The death occurred in Thurlow on Saturday night of Peter Welch, aged 79 years. He was a native of this county and for over 40 years resided at Springbrook where he kept a general store and the post office. He had been ailing for two years past. Surviving are his widow, two sons, Wallace of Texas and Cecil of Alberta and four daughters, Mrs. Oliver in Alberta, Mrs. Walsh of Calgary, Mrs. Bailey, of Saskatchewan and Mrs. Vergil Carr, of Peterborough.

Mr. and Mrs. V. Carr of Peterborough and Mr. and Mrs. Carr senior attended the funeral which was held today from Tickell and Sons' funeral parlors to Belleville cemetery, the Ven Archdeacon Beamish officiating.

## Made Her Feel Like a Different Person

### WHY MRS. MILES WOOD RECOMMENDS DODD'S KIDNEY PILLS.

She had kidney troubles and her feet swelled but she states she found the relief she looked for in Dodd's Kidney Pills.

Arden, Ont., Aug. 23rd, (Special.)—"Dodd's Kidney Pills made me feel like a new person." That is the statement of Mrs. Miles Wood, a well known and highly respected resident of this place.

"I was troubled with my kidneys," Mrs. Wood continues, "and my feet swelled. I tried Dodd's Kidney Pills with the result that the swelling is nearly all gone and I feel better in every way."

"To any person who is bothered with kidney trouble or with their feet and legs swelling I would say 'use Dodd's Kidney Pills.'"

The women of Canada have come to look on Dodd's Kidney Pills as a standard remedy for their kidney ills. They act directly on the kidneys. They are purely and simply a kidney remedy. By putting the kidneys in good condition to strain all the impurities, all the seeds of disease, out of the blood they carry good health to every part of the body. Ask your neighbors if Dodd's Kidney Pills do not help all kidney ills.

### GREAT CAVERN NAMED FOR MARK TWAIN

Mark Twain's Cave, at Hannibal, Mo., which was named after Samuel G. Clemens, America's humorous humorist, was discovered some 200 years ago. It is the Mecca for thousands of visitors every year. With its miles of barren walls and numerous interesting natural rooms, the cave is known in most parts of the civilized world. The cave registers shows the names of more than 10,000 persons from every state in the Union and two dozen foreign countries.

It was in this cave that Samuel Clemens, the son of a justice of the peace, dreamed the dreams that afterward brought him fame. It was here that he with his supposed boyhood sweetheart, Laura Frazier, who is still living in Hannibal, were lost during their childhood days, an event recorded in Twain's "Tom Sawyer."

"The cave has never been completely explored. William S. Peck, long a resident of Hannibal, has told of remaining in the cave more than 36 hours at one time on an exploring expedition with friends. He said they came out at a point on Salt River, nine miles from where they had entered the cavern."

The manner in which the cavern was discovered has been handed down by guides at the cave. The present guide, Judge Evan T. Cameron, relates a story told him by his predecessor, John East, who got the facts from Jack Sims and his two brothers. One day while Jack Sims was hunting, he came across a panther, who disappeared in the hill. An investigation by Sims and his brothers revealed the cave.

### SAVED FROM DROWNING

Fred McLaren, blind, was saved from drowning at Merrickville last week through the instrumentality of Miss Ella Driscoll, daughter of Mr. and Mrs. William Driscoll, who was swimming in the canal with a number of friends and who noticed the young McLaren in distress. She went to his rescue and shoved him towards the shore, where Frank Barber, hearing calls, pulled the youth to safety.

### A FIXED DATE FOR EASTER

The fixing of a definite date for Easter—or at least making it a certain Sunday in a certain month—is now seriously proposed in Great Britain and seems likely to be carried

out in the comparatively near future. The change is particularly favored in the business world; it has been approved by chambers of commerce in different parts of the country, by the imperial congress of chambers of commerce, and just recently by the meeting of the international chambers of commerce at Paris. There appears to be little or no real opposition from the churches. The Archbishop of Canterbury speaks favorably of the proposal and the Roman Catholic Bishop of Salford, writing in the Tablet a Catholic paper, agrees with it that there should be a fixed Easter.

### OLD COINS AT STELLA

Much interest has been aroused over old coins among the readers of the Whig, and some very rare specimens have been exhibited. Mrs. Jane Glenn, Stella, Amherst Island, is the possessor of three coins of undoubted value. They are copper coins about the size of the Canadian one cent. One bears the date 1852 and the head of Napoleon III "Empire Français, Cinq Centimes." Another is an English half penny of 1832 and the third is a Swedish "skilling" of 1813. Mrs. Glenn is the oldest Whig subscriber on Amherst Island.

### HAD A SPLENDID PACK

Prince Edward Canning factories are just completing one of the biggest packs of green peas for many years. And the peas have been of the very finest quality. The cool weather was exceedingly favorable for an unusually large yield of the very best choice grade. The bean crop is now being canned and it will also be a record one. Tomatoes and corn are doing well. They have made good growth. A few weeks of warm weather with a fair amount of moisture will mean a bumper yield of these valuable canning crops.

### SHORTAGE OF DOMESTICS

The shortage of hotel and restaurant help, which at times has been acute at Watertown, N.Y., and is now unequal to the demand, will disappear with the closing of summer hotels in the great Thousand Island and Adirondack resorts.

### RESIGNED OFFICE

Lieut. Colonel George Hunter, for the past fifteen years a justice of the peace in Frontenac county, with headquarters in Kingston, will relinquish his duties at the end of September and will go to Brooklyn, N.Y., to reside with his son. Before finally settling down on the other side of the line Colonel Hunter will journey to England and the continent to visit friends he has not seen for half a century. Throughout the country, Colonel Hunter has been highly esteemed and during his tenure of office has dealt out evenhanded justice in more than eleven hundred cases. He is to be succeeded in this district by William Allison, J. P., Wolfe Island, who has been associated with Colonel Hunter in a number of cases and by his sense of fairness has demonstrated his fitness for the extension of his duties.

### AN AEROPLANE AT HORSE SHOW PARK

There are many different ways of "going up in the air" especially during such strenuous time as Horse Show week, at Cobourg, and one of the most pleasant as some of the visitors to the Horse Show and Cobourg citizens discovered, was by the aeroplane route. A plane belonging to the McCarthy Aerial Service with Capt. Mc Lerrie as pilot and F. Bonnich as photographer, arrived at Horse Show Park Thursday and stayed over to take passengers up for short flights. It was the last of Cobourg's many attractions last week.

### TORONTO RIDER RECEIVES INJURIES

An unfortunate accident occurred on Wednesday afternoon at Cobourg Horse Show, in the novice steeplechase, when Colena, a Scotchman who was riding W. A. Brodie's horse was fell in taking the jump, and apparently quite seriously injured. His horse lay the rider was thrown under him. He had several ribs fractured and his lung bruised. He was removed to the Arlington hotel and a physician was called to attend him.

It is stated that Colena's father was a Colonel in the London Territorials and that he had five brothers killed during the late terrible war, one of these being the first British officer who made the supreme sacrifice.

### ONE OF COBOURG'S BUSY SPOTS

Few have any conception of the activities that are being carried on daily at the Hydro Pole yards, which were established in Cobourg last year. A month or so ago three men with their families and also other employees

removed from Mimico here and the pole yard is now a busy place with some five cars of stuff going out and the same coming in daily. It is a good asset to the town. The Hydro has now removed entirely from Mimico.

### 1000 PICTON PEOPLE AT COBOURG

Wednesday the Picton Motor-Club had their annual run to Cobourg, when from 200 to 250 cars came up from Prince Edward's hub, bringing Mayor Newman and about one thousand citizens. It was the annual run of the club and they turned out in large numbers. A place was arranged for them to park their cars and they were given the freedom of the town. Of course they attended the Horse Show and they were delighted with it too.

### BISHOP GOING TO ROME

Rev. M. F. Fallon, D.D., and party, will leave on August 25th for Rome and Palestine. The bishop will be accompanied by Philip Poocek and Mrs. Poocek, London, and Mrs. Geo. H. O'Neil, Toronto. It is expected that the tour will require three months.

### GAVE A FINE CONTRIBUTION

Among Prince Edward's old families and their heads, there has been none that has commanded greater respect than the late Stewart Brown, Bloomfield and his family. And there is no Prince Edward Old Boy that has made a greater mark in the United States, than his son, Dr. Sanger Brown, who is proprietor of the Kenelworth Sanitarium and also vice-president of the American Medical Psychological Association. That Dr. Brown is heartily in sympathy with the erecting of a Prince Edward Old Boys' Memorial is amply evidenced by a letter to the editor of the Picton Gazette, which contained a hundred dollar cheque as a contribution to the memorial fund.

### CITY ENGINEER RETIRES

R. J. McClelland ceased to be city engineer for Kingston on Thursday, his resignation, which was accepted by the Kingston city council, going into effect at once. Mr. McClelland intends taking a long rest before taking up active work again. All his associates in the city buildings and members of the city council speak of the faithful service he rendered to the city during the nine years he occupied the position of engineer. He was always at his post. In view of the success that attended his supervision of road construction in the city, it is likely that Mr. McClelland's services will be sought by the provincial highway commission. He has a thorough knowledge of road construction in all its phases.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Daniel Frost, Frankford, Ont., announce the engagement of their daughter, Neva Millicent, to Edward Maurice Harrington, son of Mr. and Mrs. Lewis Harrington, Hillton, Ont., the marriage to take place in their home, "Maple Lane," early in September.

### BIRDS HAVE GREAT ACUITY OF VISION

Birds have an acuity of vision superior to anything in the animal kingdom. Man and monkeys are perhaps in advance of the rest of the mammals, but fall extremely short of the standard found in birds, for they possess about 100 times the degree of acuity found in man, and their visual acuity for moving objects is much more keen.

It may be because of this that small animals and birds wishing to escape detection become immobile, their protective coloring blending with the surroundings. If one peeps through the smallest hole in a fowl-yard fence, says Dr. G. C. Lewis in the Emu, one will find that some old hen has perceived the action. Vultures, while extremely high fliers become aware of the carcass of beast a few hours after it dies. Birds have been known to come from 50 to 100 miles by their observation of each other's actions. A brown kingfisher, perched on post near a newly plowed field is known to have no difficulty in locating the exposed part of a worm from any distance up to 100 yards.

### FIRE CAUSES TROUBLE

When farm buildings in the township of Wolford were menced last week by a fire which has been burning for weeks in a huckleberry marsh, a call was sent to Merrickville for assistance. The blaze near the buildings were beaten out with cedar boughs.

### TWO NURSES HURT

A serious buggy accident took place at Lombardy in which Misses Annie and Sadie O'Mara were in-

jured. On their way home from a visit on the Balle farm the horse took fright and both girls were severely hurt jumping from the vehicle. They are at present in Odgenburg undergoing special treatment for their injuries. Both the young ladies are trained nurses, who were home on a visit.

### THREE COWS KILLED

Three cows were killed Saturday morning by the C.P.R. train enroute to Kingston. One was killed at Verona where a man was driving it across the arack and two others were killed at Hartington by being to close to the track.

### A NEW RENFREW COMPANY

A report from Ottawa states that among the joint stock companies incorporated during the past week is the British-Canadian Export Company Limited, Renfrew, Ont., with a capitalization of \$500,000.

### MUNITIONS PLANT PURCHASED

The former Imperial Munitions Board plant situated about a mile from Smith's Falls has been purchased by L. J. Hastings, of Brantford, who is dismantling the buildings.

### WOMAN IN ENGLAND HAVE HALL OF FAME

Women in England are not without their hall of fame. In the lady chapel of the great cathedral in Liverpool is a magnificent array of stained glass windows in commemoration of the ideas of good women. All the famous women of the Old and New Testaments are commemorated, but by far the most interesting are the windows commemorating the deeds of great women of modern times, among them Susanna Wesley, Elizabeth Fry, Grace Darling, Queen Victoria, Elizabeth Barrett Browning, and numerous others.

### SPLENDID FISHING

Excellent bass fishing is now reported all along the lake. Limit catches are being taken on the shoals off Cape Vincent, N.Y.

### SPINNING AND WEAVING EARLY IN HISTORY

The development of the arts of spinning and weaving took place so early in the history of civilization that no records of their beginnings are preserved. At the time of Alexander's expedition to India the natives of the region wore shawls of great beauty. The Greeks learned many processes of woollen manufacture from the Egyptians, and the Romans after picking up the art from the Greeks passed it on to the Occidental world.

Woolen garments were worn by the Romans at a very early period. It is probable that the first lessons the ancient Britons received in the art were derived immediately after the Roman conquest.

### TIES TAKEN TO MONTREAL

Owing to the fire at the Royal Victoria Bridge, Montreal, a quantity of ties and timber was rushed from Belleville yesterday to make the necessary repairs.

### STORE ENTERED.

Mr. J. A. Berkley reported to the police that he had found the front door of Mr. E. A. Ridley's grocery open yesterday. A search by the police showed that there might have been an entrance made by removing the sill on the east side window. Mr. Ridley later arrived on the scene and after looking over the stock reported that nothing was missing.

## Over Three Billions is Hidden in States

PHILADELPHIA, Aug. 24.—The combined "Lisle Thread National Bank," "The Old Sox Bank" and the "Feather-Bed-Mattress Bank" now hold more than \$3,000,000,000 of the country's cash.

This is the estimate of William H. Hutt, acting governor of the Philadelphia Federal Reserve Bank, made of the loose cash being carried around in pockets and stowed away in various places. He was addressing an organization of business men. Even a small proportion of these three billions invested in Liberty bonds would bring them back to pay he pointed out, or if the money was deposited in savings banks it would inject new life into industry.

Canadian National Exhibition City has its own post office, telegraph and express offices, customs house, police station, fire department, hospital, bank and electrical plant.

### HALLOWAY.

A fine shower visited this locality on Saturday night which was very much appreciated.

Mr. G. H. Rose spent a few days last week at Maynooth on business. Mrs. Hubbs has returned home after spending a couple of weeks in Prince Edward County.

Mr. and Mrs. Harry Grooms and daughter of Toronto spent the weekend at the homes of Mr. R. Townsend and Mr. E. Lowery.

Mr. F. Sargeant took in the horse show at Cobourg on Thursday last. A little daughter has arrived at the home of Mr. and Mrs. Carr.

Misses Omlee Bass, of Mountain View and Myrtle Jubry, of Stirling, were guests of Miss Vera Rose last week.

Mr. and Mrs. J. Lowery spent Sunday last at the home of Mr. J. McKee, of Ivanhoe.

Mr. J. C. Dafeo and son and little grandson had a miraculous escape on Tuesday of last week from being killed as they were almost upon the track of the railway crossing near Carmel, when the train went by. Mr. Dafeo immediately pulled the horse sideways, almost capsizing the rig, and had it upset they would have been thrown under the passing train. It is high time that trains would be more cautious and blow their whistles at crossings to avoid any further mishaps.

Mr. E. Townsend has improved his residence with a coat of paint.

Mr. and Mrs. G. H. Rose and Mr. F. Spencer and Miss E. Spencer motored to Cobourg on Sunday last.

Mr. H. Stout, Mrs. R. Stout and the latter's sister and husband of Ivanhoe took tea on Wednesday at the home of Mrs. A. Townsend.

The Rev. Mr. Davies of Roslin will hold service at the home of Mr. J. Lowery on Tuesday evening, Aug. 31st at 8 o'clock.

### TRENTON.

Mr. and Mrs. Roy Bonter of Montreal are visiting their parents Mr. and Mrs. Jim Bonter.

Mr. Reginald Campbell of Port Elgin is the guest of his brother, Dr. Campbell, Spring St.

Mr. and Mrs. Gordon Ostrom, of Minnesota left for their home, Thursday, after a month's visit with relatives in town.

Dr. Demetria of North Bay, is the guest of her mother, Mrs. H. Coleman, Front St.

Mrs. Gunter, of Picton spent the week with her daughter here, Mrs. Mainprize, on her return from Orlia.

Miss Minnie Long has returned home after a visit with her friend, Miss K. Laird, Rochester.

Miss Maud Macaulay of Boston is the guest of Miss Bernice O'Rourke.

Mr. and Mrs. Andy Liscombe have returned from a week's motor trip through the north of the county.

Mrs. M. Kehoe and Miss Agnes were in Kingston Wednesday.

Mr. W. Billing and Mr. R. Black of the C.N.R. staff are moving their families to Toronto this week.

Trenton's civic holiday last Wednesday was duly observed, all classes celebrating and taking part in the huge picnic. In the morning the children were treated to a sail down the bay and a thoroughly happy crowd of little ones they were. Toward noon crowds began to assemble at the picnic grounds. All afternoon sports and games were indulged in. Belleville G.W.V.A. band furnished delightful music through the course of the day as well as entertaining Trenton to a grand open-air concert in the evening. Altogether last Wednesday was one grand celebration for Trenton.

Mrs. (Dr.) Campbell and Shirley have returned from a two weeks' visit in Deseronto.

Mr. Ross Bly of Toronto is in town.

Miss K. Miron of Kingston is the guest of her sister, Mrs. M. Tripp.

Miss Alice Cole, of Deseronto is spending a few days with Mrs. S. Campbell.

### EIGHTH LINE SIDNEY

Miss Eva and Inez Rose, of Bay-side, have returned to their home after spending a week at Mr. Wm. Rose's.

Mrs. J. Cummings and daughter Ella, of Centenary, and Miss Cora of Toronto, visited Mr. J. J. Reid's one day last week.

Quite a few from this way attended Frankford Church on Sunday night.

Mr. Wm. Rose and family visited at Mr. Fred Rose's, Bay-side, recently.

Nurse Dixon of Winchester, is nursing Mrs. Walter Ketcheson, who is ill.

Miss Florence Lott of Toronto, visited at her brother's, Mr. J. A. Lott, last week.

Mrs. Esston, of Thurlow, visited at Mr. Ernest Lott's recently.

Mrs. James Freeman, Coleman St. is spending a few weeks in Deseronto, the guest of her aunt, Mrs. E. Bruyes, Green St.
