A Striking Instance of How Law Over a Small Thing Eats Up a File of Money.

Mr. Justice Street reserved judgment in the appeal of Lea v. Lang. An action was brought in January, 1895, in the name of the plaintiff, an executor, to recover the balance of certain purchase money upon a sale of land. The writ was issued without the plaintiff's authority by D., a solicitor, and in June, 1895, he discontinued the action, and the costs were taxed to defendant at $11.21. The plaintiff then, in February, 1896, commenced this action by his duly authorized solicitor, and, because of the non-payment of the $11.21, the defendant obtained an order for security for costs. In the first and unauthorized action, a Divisional Court finally relieved the plaintiff from payment of the $11.21, but in the meantime some interlocutory costs had been incurred in this action. What the plaintiff now asks, and what Mr. Cartwright refused him, is to set aside the order for security for costs, which, though properly made at the time, the plaintiff says should now be set aside, because the Divisional Court has finally relieved him from payment, and the ground for the existing order for security for costs having thus been taken away, it should be rescinded. The defendant says, on the other hand, that the order was rightly made, and should stand, because of the interlocutory costs incurred. To give a full account of this celebrated case would require 14 octavo volumes. In several different stages it has been reported in the law books, and long ere this the decimal point has shifted its position, and the amount involved is now rather $1121 than $11.21.

The Court of Appeal reserved judgment in the Central Bank, and the fate of the $3500 is still in doubt.

COST OF PUBLIC LIBRARY.

Estimates Amount to More Than Thirty Thousand Dollars for the Year—Seats to be Provided.

These members of the Public Library Board were present at the meeting yesterday: H. T. Kelly (chairman), Frank Somers, T. W. Banton, J. Kerr and W. T. J. Lee.

On recommendation of the Library Committee, it was decided that, on account of the want of seating accommodation at the branches, one newspaper stand be removed from the western, eastern and Dundas branches, and that tables be placed in lieu thereof; also that a few chairs be placed in the northern branch; that a catalog of the west branch be printed, and that suitable advertisements be allowed to be inserted, in order to reduce the cost.

It was decided to purchase 139 books, at a cost of $168.

Accounts to the amount of $2154 were passed.

The salary of William A. Pippan was increased from $300 to $350.

The estimates passed by the board amounted to $32,498 for the year.

Further gifts towards the relief of these poor lepers during this awful period of famine and plague will be most welcome. Address Miss Caroline Macklem, Sylvan Towers, Rosedale, Toronto.

Must Return the Admission Money.

James Connor and Arthur Bond, the managers of the so-called Bijou Comedy Company, were in Police Court yesterday. They were accused of advertising a performance of "Uncle Tom's Cabin," charging an admission fee of 5 cents, and failing to give the show. Their defence was that they intended giving the performance as advertised, but could not secure the actors. They were given until Monday next to return the money to those who paid admission.

The Charge is Wife Murder.

Samuel Rowatt appeared in Police Court yesterday on the charge of murdering his wife. He was remanded for a week.

One of the many cases of rupture radically cured by wearing a Wilkinson Truss is that of Mr. J. W. C. Allen of McDonald & Allen, Kingston, Ont., who was fitted with a truss by M. B. Lindman, the expert, 85 York-street (Rossin House Block), Toronto, and who writes on Sept. 16th as follows:

I have been badly ruptured for the past nine years, and during that time have been fitted with many different kinds of trusses, manufactured not only in Canada, but in the United States, without obtaining relief. On April 19, 1896, I purchased from you a Wilkinson Truss, being advised by a physician to do so, and I feel confident that I am now perfectly cured. TIPS FROM WALL STREET.

The market closed strong, in most cases at the highest prices of the day.

Omaha was active to-day, making another high record. Surplus earnings for the year are within $30,000 of 4 per cent. on the stock.

The most active stocks to-day were: Sugar 8000 shares, St. Paul 8900, Omaha 12,800, Burlington 3500, W.U. 8100, Reading 9600, N.Y.C. 9600, Jersey 2200, Chicago Gas 3000, Manhattan 10,500, Tobacco 17,400, Leather, pref., 1300.

McIntyre & Wardwell (John J. Dixon) received the following despatch from New York to-day:

The strength in the Vanderbilt stocks has again been the feature. The buying of New York Central is attributed to proposed refunding operations similar to that of Lake Shore. Omaha was very strong and active. According to the company's charter dividends can only be declared on the common after the full 7 per cent. has been earned on the preferred. The question of the next dividend cannot, therefore, be the basis of the present speculation, as it will not come up for nearly a year, and so far the road is only running along at about the same rate as last year, when the net was about 3⅞ per cent. on the common. The old feeling that the Northwestern's recent rumors of a consolidation with the Northwest by an exchange of stock similar to that made with the Milwaukee & Lake Shore have accordingly been revived. Although the general market was dull it was strong and generally a shade higher. Western Union advanced on the purchase of Electric 10 at 133¼. Empress, 500, 460 at 21; Canada Landed Loan, 20 at 105¼; Canada Permanent Loan, 1, 1 at 118.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

The market opened weak on lower cables and selling by Logan, Milmine, Roche, Brosseau, Baldwin, Furnum, Bartlett and Frazier were free sellers and the market declined to 71⅝c to 71½c. The foreign advices were all weak. There was very little interest in the foreign war talk, although rumors bore a more peaceful aspect. Navigation is resumed on the Sea of Azov and some increase of shorts from Russian ports is anticipated. The weather was perfect over the winter wheat States and the trade has quit worrying over a little drop in the mercury up in the Northwest. The more the trade looks at next year's crop prospects the more bearish it gets. Among the big lines sold to be disloged were those of Linn, Baker & Robson. The liquidation of important holdings became the feature of the trade at midday. India mail advices report a great improvement in crop prospects from winter wheat rains, which have been fairly general. Our Minneapolis correspondent predicts larger receipts, while such respectable authority as Col. Rogers of Minneapolis Market Record wires that there is over 50,000,000 bushels wheat in Northwest, besides seed and goods at primary markets, and that at least 30,000,000 bushels will come forward, and in case of a famine the other 20,000,000 will be available. Northwest receipts were 372 cars, against 290 cars last year.

Corn and Oats—Moderately active, the trade consisting principally of speculative operations and moderate transactions by commission houses. The course of prices was irregular on the whole and the range narrow, ⅛c. Both markets closed with a slight gain over last night. Receipts were 165 cars corn and 251 cars oats.

Provisions—There was a good trade reported
