To the Electors of the City of Saint John.

GENTLEMEN,—
ON the day of Nomination I will appear at the Hustings and explain to you my views on the following important measures, which I will advocate in the event of being returned one of the City Representatives to the Legislature of this Province at the coming election:
1. EDUCATION.
2. A PROHIBITORY LAW against the importation, Manufacture and Sale of Spirituous Liquors.
3. A TARIFF to protect the industry of our Province against foreign Labour, until our neighbors are prepared to meet us on fair and equitable terms.
4. The BALLOT, with Registration.
5. An INCREASED REPRESENTATION for the City of Saint John.
As it is impossible to enter into details in a card, I respectfully solicit a hearing from my fellow citizens on the day of nomination.
Your obedient, &c.
May 26. J. W. LAWRENCE.

To the Electors of the City of Saint John.

HAVING represented the City in General Assembly for the past three years, I shall at the coming Election again be a Candidate for your suffrages.
May 26. JAMES A. HARDING.

To the Freeholders and Electors of the City and County of St. John.

GENTLEMEN,—
IT is my intention again to offer myself as a Candidate for your suffrages at the coming Election, and if my past conduct during the three years I have had the honor of serving you has been such as to merit your approbation, and I should again be elected as one of your Representatives in General Assembly, I will endeavour to the best of my abilities to discharge my duty faithfully and independantly.
I am, Gentlemen,
Your obedient servant,
may 26 JOHN F. GODARD.

To the Freeholders of Queen's County.

GENTLEMEN,
AS the day is rapidly approaching when you will be called upon to choose from among the inhabitants of the County two competent individuals to Represent you in the General Assembly of the Province, I now give you timely notice, that I shall (if nothing happens to prevent) be one of the Candidates on that occasion; and on the day of Nomination (if necessary) will render to you an account of my Stewardship for the short time that I have been your Representative.
I am aware that I shall not have sufficient time to visit the different sections of the County prior to the Election, but I presume that many of you are already sufficiently acquainted with my political career to judge whether I am competent to represent the aforesaid County. And should you again honor me with your suffrages, I shall (as heretofore) endeavor to the best of my abilities to Legislate not only for the benefit of the public weal, but for that of my native County in particular.
I have the honor to be
Gentlemen,
Your humble servant,
SAMUEL H. GILBERT.
Gagetown, May 26, 1854

To the Freeholders of the City and County of Saint John.

GENTLEMEN—
FOR the past four years, during which I have had the honor of representing you in the General Assembly, I have endeavoured to make myself practically useful. It is a very simple matter to make a speech, denounce a system, or abuse some group as wrong; but not so easy to devise in reality a remedy, or when devised, to reduce it to a shape which will admit of being worked out. No law can be made to please every body, but it ought to protect the rights of all; and the difficulty of carrying out even the best of objects by legislation, can only be realized by those who have calmly sat down and tried to frame an Act which will in its general tenor accomplish the object in view, without defeating it in the details, or infringing on some other right or principle that ought to be sustained. With a conviction of the care that is requisite for such purposes, I have endeavoured to be a working member—to apply common sense views to necessary changes and reforms, and not to refuse the improvements we can obtain, simply because we can't get all we think we ought to obtain. Legislation cannot make, but may essentially aid, a Country's progress;—and during the time I have had a seat in the House, I have done my utmost to promote the prosecution of those great Public Works which are not merely to bring the distant portions of the Province together, but to extend its commerce, open its resources, and promote in every way the comfort, convenience and prosperity of our people. I always have been and am still warmly in favor of encouraging, by every legitimate means, home industry and manufactures. The latter constitute a material element in a country's prosperity. During the last three or four years the skill and energy of our artisans have not only proved that capital judiciously expended here, is sure of a remunerative return, and that ample compensation is the certain attendant upon honest labor; but has also strikingly elevated the reputation of our Province, and its Mechanics abroad.
In matters of trade and revenue, in matters connected with the expenditure of the Public Money, in matters of Education, of Agriculture, of Law Reform, and of a general character, I have always advocated such measures as at the time I conscientiously believed best adapted to the general good. In matters of a local nature more immediately connected with the City and County of Saint John, I have endeavored to carry out the interests of the Inhabitants, and to secure for them a fair proportion of those benefits which result from the appropriation of Public Funds to works of local improvement.
GENTLEMEN,—As not one man in ten will read a long Card, I shall reserve further remarks until the day of nomination, when I hope to have the honor of addressing you from the Hustings, in furtherance of the views I entertain with reference to matters of Public interest; and should I have the honor of obtaining a renewal of your confidence, which I now solicit, I shall endeavor to the best of my power to promote the public welfare. J. H. GRAY.
