PENSIONS TO BE ASKED BY NOVA SCOTIA TEACHERS

Provincial Institute Appoints Committee to Look Into Matter.

Agitation for Higher Salaries to Be Carried On throughout the Province—Other Important Matters Dealt With

Truro, Aug. 18—The Educational Association met at the usual hour this morning at 9 o'clock to hear other papers read relating to educational problems. Three excellent papers were presented, dealing with the following very important subjects:—

Our Educational System in Relation to Physical Development—a Physician's View, by Dr. J. A. Sponagle, Middleton, Annapolis county.

Military Drill in the Public School, by W. E. Outhit, Middleton.

The Treatment of the Criminal, by E. H. Blois, Halifax.

After a short discussion on the above papers, the committee on resolutions submitted the following resolution, with which no definite action was taken until the afternoon session:

Resolved, That in the opinion of this association, the time has arrived when in the best interests of education, some provision should be made for the pensioning of teachers.

Further resolved, That this association appoint a committee to consider the matter of pensioning teachers, and if possible to present to the next meeting of this association some satisfactory scheme of pension.

When this resolution came up for discussion during the afternoon it was moved, seconded and passed that it be received by the association. The following committee were asked to deal with it:

Inspector McDonald, Antigonish; Supervisor McKay, Dartmouth; Principal A. W. Smith, Port Hood; Principal Crombie, Bridgewater; S. H. Pelton, Yarmouth.

The committee on resolutions further recommended that the council of public instruction be asked to grant an extra week of holidays to those attending the association, provided the holidays do not exceed eight weeks. This was moved, seconded and passed unanimously.

It was suggested that a committee be appointed to act in reference to having the salaries of the school teachers raised. This committee was the following: Dr. D. A. Murray, of Dalhousie University; Inspector H. H. McIntosh, of Lunenburg; J. B. Calkin, chairman of the Truro school board; Principal Lay, of Amherst Academy.

It was recommended that the decisions of this committee be published in the local county newspapers, and that the different inspectors hold ratepayers' meetings and talk the matter up.

The following executive committee was elected for the ensuing year, representing the ten inspectorial districts:

District No. 1—Principal Kennedy, Halifax.
No. 2—Principal McKittrick, Lunenburg.
No. 3—Principal Kempton, Yarmouth.
No. 4—Principal Morton, Digby.
No. 5—Principal Robinson, Kentville.
No. 6—Inspector McDonald, Antigonish.
No. 7—Principal Stewart, Sydney.
No. 8—A. W. Smith, Port Hood.
No. 9—Principal McLellan, Pictou.
No. 10—Inspector Craig, Amherst.

As there was no further business the session adjourned and thus ended one of the most successful meetings of the Educational Association in Nova Scotia.

The Manual Trainers Teachers' Association of Nova Scotia met here on the 17th. The officers elected for the ensuing year are:

President, E. H. Blois, Halifax; 1st vice-president, N. L. Cooke, Glace Bay; 2nd vice-president, D. Patterson, New Glasgow; secretary-treasurer, N. H. Gardner, Halifax.

The executive committee is H. W. Hewitt, Dartmouth, and E. H. Blois, N. L. Cooke and N. H. Gardner.

An interesting and profitable address was given by T. B. Kidner, the retiring president.

Mr. Hewitt, the former secretary, gave an interesting account of what the saw in the manual training line at St. Louis. He said that our work in Nova Scotia compared very favorably with any he saw in that city.

President Blois spoke cheerfully of the future, and asked the hearty co-operation of all in performing the duties connected with this office.

SALVATION ARMY NOTES.

Colonel and Mrs Sharp and Major Phillips Will Go to Halifax Today.

Farewelling Bermuda Band and Children—Officers Transferred to the Islands—Visit to Cape Breton and Moncton—Warm Praise for General Booth and Army.

Colonel and Mrs. Sharp, accompanied by the chancellor, Major Phillips, will leave today for Halifax, where a series of special meetings will be held in connection with the farewell of the Bermuda Band and the troupe of colored children, who visited this city a short time ago. These troupes have been touring the provinces for the last six weeks after their visit to the great international congress in London.

They will leave Halifax for Bermuda on Monday next. There will also accompany them a detachment of Canadian officers who have been transferred to those islands, in place of a party whose term has expired. The following officers have been chosen for the contingent: Ensign and Mrs. Hudson, New Glasgow; Captain Vandine, St. John; Lieut. Brewer, Carleton, and Lieut. Murphy, Port Hood (C.B.).

The party returning are Ensign Andrews, Capt. Hebb, Lieut. McAmmond, Lieut. Berry.

Colonel and Mrs. Sharp will visit Cape Breton next week and conduct officers' councils at Glace Bay.

Major Phillips, accompanied by Staff-Captain McLean, will conduct an officers' council in Moncton for the officers of the Moncton and Springhill districts.

In connection with Commissioner Eva Booth's farewell from the dominion, great meetings and councils will be held in St. John in October. Miss Booth will be accompanied by several officers.

The Montreal "Witness" in a recent issue published the following article on General Booth and the army:

A Triumph.

General Booth, who is now making what must now be described as a triumphant progress through England, traveling in an automobile, began to preach when he was fifteen, in the open air at Nottingham. He entered the Methodist New Connexion Church, as minister, fifty-two years ago, and, after being a traveling evangelist, he settled down to ordinary circuit work for a few years. It was in 1861 that he resigned, in order to devote himself entirely to evengelistic work, and in 1865 the first began to make special appeals on behalf of the destitute population of east end London. This effort was first called the Christian mission, and it was not until 1878, or twenty-six years ago, that it received the title of the Salvation Army. Like many great movements for the world's derision and insult, and, so far as mere externals were concerned, there were no doubt exaggerations that lent themselves to ridicule. But fundamentally the objects of the Salvation Army were great and sound, the saving of the lost, and the uplifting of the submerged, spiritually and materially. General Booth and his family, and many devoted lieutenants, caring nothing for the world's contempt, cheerfully pursued their way, and the results have been marvellous.

Last year, for instance, the Salvation Army had 7,558 societies, established in forty-nine countries and colonies, under 5,310 officers, that is, men and women maintained for the work. It has also organized a great system for the benefit of the submerged, starving, vicious and criminal classes, and in connection with that branch of the work, it has fifteen social arms, 120 rescue homes, 58 workshops, shelters for accommodating 16,718 people, 69 food depots, and it supplied meals during twelve months to 7,891,663 people, and what not.

General Booth is an author, as well as a preacher and a humanitarian, and his book, 'In Darkest England and the Way Out,' has influenced countless numbers to consider the welfare of the less fortunate. Recently the king has delighted to do him honor, and now, in Cornish villages, where once he was stoned, the populace receives him with open arms of welcome.

In all this he can legitimately rejoice in as old age—he is now seventy-five—for he has fought a good fight and has left the world much better than he found it; better in fact and better in intent. Altruism, or the theory that inculcates benevolence to others in subordination to self-interest, has once denominated as 'the fad of the newest,' but is practiced by ever increasing numbers. The honor of having brought this about is divided among many, including such names as Wilberforce, Shaftesbury, Howard, Florence Nightingale, Peabody, Muller, Plimsoll and Dr. Barnardo, but none can lay claim to a greater share than William Booth.

A DANGER TO BABY.

Doctors have preached against the so-called soothing medicines for years, but they are still used altogether too much. The fact that they put children to sleep is no sign that they are helpful. Ask your doctor and he will tell you that you have merely drugged your little one into insensibility—that soothing medicines are dangerous. If your little one needs a medicine give it Baby's Own Tablets and you give it a medicine guaranteed to contain no opiate or harmful drug. You can give these Tablets just as safely to a new-born infant as to the well grown child, and they will cure all the minor ills of childhood. Mrs. [illegible] Gilpin, Bellhaven, Ont., says: "Since I gave my little one Baby's Own Tablets there has been a marvellous change in her appearance, and she is growing splendidly. You may count me always a friend to the Tablets." Ask your druggist for this medicine or send 25 cents to the Dr. Williams' Medicine Co., Brockville, Ont., and get a box by mail post paid.

Among the American tourists who visited Fredericton durmg the past few days, says the Herald, was Mrs. Aline Devin, of Chicago, a great grand-daughter of George III. Mrs. Devin is a literary woman, at present connected with the Chicago Times-Record, and her visit to New Brunswick was to make a study of the Petitcodiac bore and the reversing falls at St. John. She also visited several points of historic interest in the province.

T. ALLISON LADIES' COLLEGE GOLDEN JUBILEE OCTOBER 4 AND 5

Sackville, Aug. 19—Mt. Allison Ladies' College, Sackville, formerly known as Mt. Allison Female Academy, will celebrate the golden jubilee of the institution on the 4th and 5th of October next.

The celebration will take the form of a grand reunion of all graduates, students and teachers of the school. An interesting programme is being prepared, consisting of platform addresses, music and social entertainment. The people of Sackville will act as hosts to all comers and it is earnestly hoped that every former student, who can possibly do so, will take the opportunity to renew old friendships and associations.

The local council of the Alumnae Association hopes to reach each one by personal invitation and every effort is being made to learn the present address of each one of the alumnae. It is feared that some mistakes and omissions will occur in spite of every care, and the council therefore request every former student or teacher who may see this notice and who may fail of receiving such invitation within a month to communicate with Mrs. Josiah Wood, convener of the council, Sackville (N. B.)

SPORTING EVENTS.

Neptunes Row Third at Halifax.

Halifax, N. S., Aug. 19—(Special.)—The preliminary heats in the M. P. A. A. A. regatta were rowed on the North West Arm this evening and witnessed by a large number. The water was in splendid condition.

The first heat was between St. Marys, St. Josephs and N. W. Arm crews. St. Marys finished first, North west Arm second. A quarter of a mile from the finish the oars of the Arm and St. Marys locked. They separated and rowed bow and bow almost to the finish, St. Mary's winning by inches. Time, 10.05.

The second was between Lornes 1 and 2, Woodsides and St. John. Lrone No. 1 turned first, St. John steering badly on the last round of the buy, but they rowed pulckily the race home. The stroke oar of Lorne No. 2 collapsed 150 yards from the finish and they stopped rowing when the Neptunes passed them and finished third. Lorne No. 1 won by three lengths over Woodside, which got second place, the Neptunes being four lengths behind them. Time—9.45.

WAS A BIG SUCCESS.

Bath, Carleton Co., Aug. 18—The picnic at Bath yesterday was a pronounced success in spite of the rather unfavorable weather. In the afternoon there were upwards of 1,000 people on the grounds. Large contingents came from Fort Fairfield, Houlton, Woodstock and intermediate points. The band accompanied the Woodstock excursionists and its music was greatly enjoyed by the crowd during the afternoon.

The various attractions were largely patronized, especially the dinner and tea tastefully furnished by the ladies of the congregation. A grand ball at McCready's hall, where about 200 couples gathered in the evening, completed the day's enjoyment. Among the visitors were Very Rev. W. F. Chapman, V. G., St. John; Rev. F. L. Carney, Fredericton; Rev. F. J. McMurray, Woodstock, and Rev. F. Bradley, Florenceville. The proceeds amount to nearly $900.

ST. JOHN MARKETS.

Flour continues the most active feature in the local market. Wheat in the Chicago market yesterday dropped a shade opening at 110½ and closing at 109⅞. Ontario millers advanced their products 10 cents a barrel, bringing it on a par with the advance in Manitoba. The jobbing prices at present are: Medium patents, $5.65 to $5.75; Canadian high grades, $5.35 to $5.95. Manitoba, $6.20 to $6.30.

In sympathy with the advance in other cereals Ontario oats have risen in value from 1 cent to 1½ cents and are quoted at 43½ to 44½ cents. Oatmeal has also gone up and Standard is quoted at 5.60 to 5.70 a barrel. The price of small codfish is also climbing. They are now worth $3.55 to $3.75.

In the fruit market apples are now fairly plentiful and can be bought all the way from $1.50 to $3.50 a barrel.

In produce, potatoes are coming in more freely and have fallen from 50 to 60 cents a bushel. Lamb is also a little easier at 7 and 8 cents a pound, while string beans have advanced to 50 and 60 cents a bushel.

In the wholesale grocery market beans have gone up 5 to 10 cents a bushel.
