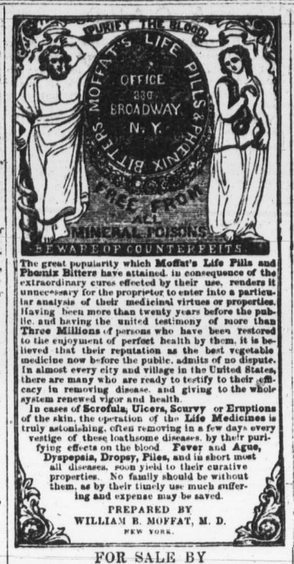
Goderich 1st February 1853 } v6–n1



The great popularity which **Moffat's Life Pills and Phœnix Bitters** have attained, in consequence of the extraordinary cures effected by their use, renders it unnecessary for the proprietor to enter into a particular analysis of their medicinal virtues or properties. Having been more than twenty years before the public, and having the united testimony of more than **Three Millions** of persons who have been restored to the enjoyment of perfect health by them, it is believed that their reputation as the best vegetable medicine now before the public, admits of no dispute. In almost every city and village in the United States, there are many who are ready to testify to their efficacy in removing disease, and giving to the whole system renewed vigor and health.

In cases of **Scrofula, Ulcers, Scurvy** or **Eruptions** of the skin, the operation of the **Life Medicines** is truly astonishing, often removing in a few days every vestige of these loathsome diseases, by their purifying effects on the blood. **Fever and Ague, Dyspepsia, Dropsy, Piles,** and in short most all diseases, soon yield to their curative properties. No family should be without them, as by their timely use much suffering and expense may be saved.

This medicine unlike most of the patent remidies of the day is the result of careful study and experiments of a scientific and experienced Physician. The two principal ingredients have long been known and celebrated. WILD CHERRY BARK. When the strength of this is properly extracted is the best medicine known for curing the worst Coughs and other Pulmonary diseases, it loosens the phlegm and enables the sufferer to expectorate easily, and alone will cure the worst cold or cough, which if neglected always leads to Consumption.

LUNGWORT.—This is a plant the virtues of which are known to but few, it has been said by the most learned men of all times, that "nature has provided a remedy for each and every disease," and the discoveries that are daily made, go to prove its truth. Lungwort is doubtless the remedy designed by nature for Consumption. Its healing properties are truly wonderful, and the rapidity with which it cures the worst cases of Ulcerated Lungs, soothing and subduing all irritation, almost immediately, is a proof of its adaptation to this disease.

These two articles combined with other purely vegetable ingredients, form a medicine that is certain to cure the worst cases of Consumption if taken before the sufferer is entirely prostrated.—Do not be discouraged, a trial can do no harm, but will convince the most sceptical of its real worth. Thousands of Consumptive persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives, but this medicine is not only palliative but a cure for ulcerated lungs. It contains no deleterious Drugs and one trial will prove its astonishing efficacy better than any assertion or certificates in curing consumption and all diseases of the Lungs and Liver, such as Spitting of blood, Coughs, pain in the side and chest, night-sweats, &c.

CAUTION.—In order to protect our own as well as the interest of the consumptive sufferer, we are obliged to caution all to find the signature of COMSTOCK & BROTHER on the wrapper, without this it is a worthless counterfeit. Remember this.

It frees the head from dandruff, strengthens the roots, imparts health and vigor to the circulation, and prevents the hair changing colour or getting gray. 2d. It causes the hair to curl beautifully when done up in it over night. This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople where it is universally used.—The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the aromatic herbs, &c. of which this Balm is composed, are almost universally known and used for the hair. Hence a case of baldness or thin head of hair is entirely unknown in that country. We wish but one trial to be made of it, that will do more to convince you of its virtues than all the advertisements than can be published, and that all may be able to test its virtues, it is put up in Large Bottles at the low price of 50c per Bottle.
