Bradstreet's Weekly Report.

NEW YORK, Dec. 1—The reports to Bradstreet's from the leading cities of the United States reveal a quiet state of general trade. The failures are numerous. This is to be expected to a certain extent at this season of the year, but the increase is traceable in part to the readjustment in prices that is now going on. The weather has been such as to retard the picking of the large cotton crop already matured. There have been 186 failures in the United States reported to Bradstreet's during the past week, 13 more than in the preceding week, and 28 more than in corresponding week last year. New York City had 15. The country has the largest number for ten months in any one week. Canada had 14, a decrease of 4 from last week.

The constant dropping of water will wear away even the hardest stone. So the constant irritation of a cough will so wear upon the lungs as to induce incurable consumption. Hagyard's Pectoral Balsam will cure the worst cough, speedily and effectually.

Tupper says: "Work is the salt of life." Then play must be the sugar of life. An editor's existence contains about ninety-nine per cent. more salt than sugar.

Rector (about to preach on lessons drawn from natural history): Is that the entomological work, Mr Perks. I wish to quote from? Clerk: Well, sir, I went to the library, but Lubbock on Ants wasn't in, so I bought Ouida on Moths!

The people of this country have spoken. They declare by their patronage of Dr Thomas' Eclectric Oil that they believe it to be an article of genuine merit, adapted to the cure of rheumatism, as well as relieves the pain of fractures and dislocations, external injuries, corns, bunions, piles and other maladies.

A draught player has a checkered career.

A "Sir-prize"—Getting knighted unexpectedly.

Those in search of the latest novelties in photography should pay a visit to the establishment of J H Lemaitre & Co, 324 Yonge street, two doors north of Edward. Their extra rapid process is a perfect success and so quick in its action as to produce in the dullest weather negatives of the highest delicacy and quality. Cabinets $3 per dozen, tablets $5 per dozen.

"Johnny," said the teacher, "a lie can be acted as well as told. Now, if your father were to put sand in his sugar and sell it, he would be acting a lie and doing very wrong." "That's what mother told him," said Johnny impetuously, "and he said he didn't care."

Fortunately valvular disease of the heart is not very common, its disturbed action may be due to indigestion, liver irregularities etc. A stomach disturbed with wind, or indigestible food will cause pain and flutering by crowding on the nerves of the heart. Burdock Blood Bitters will speedily remedy all such difficulties.

A broken tumbler—An acrobat with a fractured limb.

Present troubles—Those of parents at Christmas time.

D Sullivan, Malcolm, Ontario, writes: "I have been selling Dr Thomas' Eclectric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine I have sold. I consider it the only patent medicine that cures more than it is recommended to cure.

How to act on principal—Use up your capital.

Gait money—Money won at walking matches.

Walter Linton of Waterloo, writes that Hagyard's Yellow Oil has done great good in his family, his wife being cured of callouse lumps that other medicines failed to remove, he also states that a neighbor was promptly relieved of rheumatism by the same remedy.

"Give us Arrest" as the policeman said while chasing the thief.

Some authors, like some kinds of machinery, prefer to work "incog."

Worth Knowing.

A fact worth knowing: The best household remedy known for Coughs, Colds Bronchitis, Asthma, Whooping Cough and all throat and chest troubles tending toward Pulmonary Consumption is Hagyard's Balsam to be procured of any druggist.

A Hull (Eng) newspaper recently contained the following pathetic advertisement: "Matrimonial—Wanted, by handsome, virtuous young man, in easy circumstances, brilliant talents, refined tastes, loving disposition, situation as son-in-law in wealthy family. Address, etc"

Mr Henry Marshall, reeve of Dunn, writes, "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr Harrison, and I consider it the very best medicine extant for dyspepsia." This medicine is making marvellous cures in liver complaint, dyspepsia, etc, in purifying the blood and restoring manhood to full vigor.

Next we shall have a coat-tail flirtation code. Having the tails covered with mud will mean, "I don't like her father."

A circus rider has been elected to the Italian parliament. He will doubtless advocate the formation of rings and look with pleasure on the whippers-in.

"The great value of Mrs Lydia E Pinkham's Vegetable Compound for all diseases of women is demonstrated by every day experience. The writer of this had occasion to step into the principal Pharmacy of a city of $140 000 inhabitants, and on inquiry as to which is the most popular proprietary medicine of the time, was answered that Mrs Pinkham's Vegetable Compound occupies a more conspicuous place in the front ranks of all the remedies of this class now before the public.—Journal.

The moralist says "every man is occasionally what he ought to be perpetually." Prudism in some men are perpetually what they ought to be only occasionally.

A beer garden need not necessarily be outdoors, nor have trees and shrubbery. If there is beer at the bar and saw dust on the floor, no one cares a cent for the garden part.

A hint worth heeding: Life loses half its zest when digestion is permanently impaired. Surely then a speedy means of restoring this essential of bodily comfort is worth trying. Every rank, every profession, bears its quota of evidence to the beneficent influence upon the stomach, and also upon the liver, bowels and kidneys, of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, or celebrated Blood Purifier. What is the wise course suggested to the sick by this testimony? We leave them to decide.

After all, the attempt of the sharks to monopolize the fish trade has proved a scaly venture.

It takes a girl about four hours longer to wash the front windows of a house than the back windows.

Good Advice.

If our readers will accept proffered advice they will always keep a bottle of Hagyard's Yellow Oil at hand for use in emergencies, such as Burns, Scalds, Wounds, Lameness, Croup, Chilblains, Rheumatism and all varieties of aches, pains and inflammations it will ever be found reliable.

The Christmas boar's head must have originated in *Tuskany*.

A Christmas box placed under a child's pillow becomes a pillar-box.

Persons of weakly constitution derive from Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda a degree of vigor obtainable from no other source, and it has proved itself a most efficient protection to those troubled with a hereditary tendency to consumption. Mr Bird, druggist, of Westport, says: "I knew a man whose case was considered hopeless, and by the use of three bottles of this Emulsion his weight was increased twenty pounds."

The new shade called "telegraph blue" ought to be a fast color.

Mr Thomas W Race, editor and proprietor of the Mitchell Recorder, writes that he had a prejudice against medicines, but being induced to try Burdock Blood Bitters for biliousness that occasioned such violent headache and distress as to often disable him from work. The medicine gave him relief and he now speaks of it in the most favorable terms.

EPPS' COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
