WILL BEAT THE EX-MAYOR.

Mr. W. E. H. Massey Imports the Best Jersey Bull Calf on the Island—A Great Prize Winner.

Mr. F. S. Peer of Mt. Morris, New York, informs The Country Gentleman that he has just "imported a yearling Jersey bull for Mr. W. E. H. Massey of Toronto, Ont., first prize in the parish where raised; his dam is a noted winner in the show ring, and at butter tests as well. I believe this bull to be the very best on the island at the time. He has back of him a long line of great prize-winning animals, male and female."

Great Britain and Her Colonies.

Editor World: Would you be good enough to answer the following questions through the columns of your valuable paper? I wish to show the answers to some American friends, who cannot believe that we Canadians are as free as themselves.

1. Does Canada pay tribute in any way to Great Britain?

2. Do any of the British colonies pay tribute into the exchequer of the Mother Country?

3. What benefit does Great Britain derive from the possession of her numerous colonies?

R.

New York, Nov. 11.

1. No tribute whatever.

2. No.

3. Great Britain does a large and increasing trade with all her colonies. Australia trades almost exclusively with the Mother Country, as do also the British possessions in South Africa. The trade between Canada and Great Britain is large and increasing very rapidly. But the benefit that Great Britain derives from the possession of her colonies is moral as well as material. Great Britain can count on the sympathy and loyal support of her colonies in any and every emergency that may arise. The possession of so many colonies all over the world adds immensely to the prestige of the Empire. Her colonial possessions formed the chief glory of the Queen's great jubilee. The colonies are of vast importance to Great Britain in enabling her to defend her maritime commerce and to retain her supremacy on the seas.—Ed. World.

Favors Hydraulic Elevators.

Editor World: I see by The World of this morning that the elevators for the City Buildings are to be run by electricity, and that the order for them is to go to New York City. In the first place, the hydraulic elevator is in every respect superior to the electric. It is less complicated, less liable to get out of order, costs very much less to keep in order, is not liable to set the buildings on fire, as the electric current is; in fact, it can be used effectively to put out fires. The plant to run it can be placed in the basement, the same water being used over again. All the elevators can be attached to two tanks, in which the pressure of air and water is kept up by steam pumps. The steam can be used when exhausted to heat the buildings and supply hot water where desired. The elevator in the Thomas C. Watkins buildings in Hamilton is run that way. The large new Spectator Building is to have elevators of high speed run the same way. The machinery is being built in this city as good as can be made anywhere. Toronto has an elevator works and steam pump works capable of making the machinery; and dynamo and machine works that could construct any kind of electric hoists and machinery of this class, should electricity be preferred. This can be easily proven by any person conversant with this subject, as the hydraulic machinery will keep in good order long after the electric machinery for the same purpose will be consigned to the scrap heap.

Mechanical and Hydraulic Engineer.

White Ribbon Reception.

All the friends of the work are cordially invited to the reception to be given by the W. C. T. U. to new members on Tuesday evening in the Pavilion at 7:30. A good orchestra will brighten the proceedings and refreshments will be served. Miss Vincent of Australia, Dr. Mary Wood-Allen, Ann Arbor, Mich., and Mrs. A. O. Rutherford of the Dominion W. C. T. U. will address the gathering, after which a social time will be spent, and new members received at the various booths representing the different unions of the city.

Important Meeting To-night.

The Young Conservatives held another of their popular smokers on Saturday evening. In the progressive euchre competition the first prize was captured by E. Medcalf and the second by G. E. Squirrell, and the booby, after a keen fight, by J. D. Tracle.

The regular meeting will be held this evening, and a full attendance is requested, as very important matters in connection with the approaching election will be up for discussion.

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

Cheese Markets.

Dyspepsia or Indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also being the principal cause of headache. Parmalee's Vegetable Pills, taken before going to bed for a while, never fail to give relief, and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmalee's Pills are taking the lead against ten other makes which I have in stock." ed

POULTRY FOR BRITISH MARKETS.

Official Bulletin Issued Giving Detailed Instructions as to Dressing, Packing and Shipping.

The Department of Agriculture at Ottawa has issued a bulletin on the dressing, packing and shiping of poultry for British markets. The information has been gleaned chiefly from reports received from the office of the High Commissioner in London and from interviews with and communications from importers of poultry whom Commissioner Robertson met when in Great Britain this year. The bulletin states:

"If turkeys be prepared, packed and shipped according to the requirements of the British markets, they will undoubtedly meet a good demand and secure prices equal to those of the turkeys imported from France and other continental countries. The price varies from year to year, and also at different times of the year. Wholesale, the range of prices may be from five pence per pound up to nine pence and over per pound for the finest quality of birds in the best condition.

"The demand is usually good from about the 1st of December to the 1st of March. The reception of poultry in the British markets is affected by the condition of the weather much less now than formerly. Cold storage facilities in the several cities in Great Britain enable the handlers to guard against deterioration from mild or soft weather on the arrival of the birds."

Then follow many paragraphs of direct instruction which have been prepared in the hope that they will be serviceable to those who propose to export poultry.

City Hall Notes.

Ald. Sheppard's sub-committee will recommend the filling in of Harbor square. The cost of piling and cribbing will be $35,000, but will be offset by the saving in the hauling of garbage.

Ald. Scott's sub-committee will meet at the new City Hall to-day to consider whether five elevators will be necessary for the new City Hall.

Ald. Hubbard introduced a deputation from Canada Lodge, No. 49, I.O.O.F., headed by Dr. Thompson, which waited upon the Mayor Saturday morning to advocate the erection of fire escapes on the I.O.O.F. building, College and Yonge-streets.

The fruit dealers have petitioned to have a large wholesale fruit market at the foot of Yonge-street.

Number 72

This is the train that leaves Toronto at 10 in the morning, by the new Toronto and Buffalo line, connecting with the "Empire State Express," the fastest train at the world, run by the New York Central, "America's Greatest Railroad," and reaches Grand Central Station, the only station in the city of New York located conveniently to all principal hotels, at 10 o'clock the same evening. First-class service and no extra fare. Address H. Parry, general agent of the New York Central, 308 Main-street, Buffalo, N. Y., for further information.

Companies Incorporated.

Letters patent have been issued for the incorporation of the following companies:

The Niagara River and Lincoln Improvement Company, Limited; capital $10,000, in $100 shares.

The Preston Curling and Skating Rink Company, Limited; capital $3000, in $5 shares.

The Odorless Crematory Closet and General Heating Company of Hamilton, Limited; capital $24,000, in $100 shares.

The Auxiliary Link and Novelty Company of Brantford, Limited; capital $2000, in $10 shares.

Provincial Appointments.

His Honor the Lieutenant-Governor has made the following appointments:

Frederick Warren Cane, M.D., of Rat Portage, to be an associate coroner for the district of Rainy River.

Alexander Knight Sturgeon, M.D., of Petrolea, to be an associate coroner for the County of Lambton.

William Harrison Hammond of Petrolea, to be Police Magistrate for Petrolea, without salary.

Saturday Night's Christmas.

In another column will be found the announcement of Saturday Night's Christmas number, the literary contents of which are away ahead of any previous issue. Two handsome pictorial supplements, entitled "The First Harvest in Canada" and "Canada, Sixty Years After," go with the number. The work is a handsome one, 40 pages and beautifully illustrated. It will be found on sale by all newsdealers and newsboys. Price 50c, in tubes for mailing.

Sunday Show at the Pavilion.

The chrysanthemum show in the Pavilion was open all day Sunday, free to the public, and Ald. Hallam did the honors. Fully four or twelve thousand people took advantage of the new idea of a little Sabbath recreation and visited the show.

A concert of sacred music was rendered by Napolitano's orchestra during the afternoon, and was much appreciated.

E. W. D. Butler May be in the Field.

A number of prominent ratepayers of Ward Two have been urging E. W. D. Butler to offer as alderman in that ward at the approaching municipal elections. As he would prove a valuable acquisition to the Council, it is to be hoped that he will comply with their wishes.

The Thieves Enjoyed Themselves.

When Mr. McNicol of No. 2 Wilton-crescent awoke on Saturday morning, he found that sneak thieves had been in his cellar and kitchen, carried off a lot of bottled preserves and other provisions and regaled themselves with the best in the house. They made an entrance through the cellar door.

Strathroy Old Boys.

The Strathroy Old Boys' Association have in contemplation an excursion on the 24th inst. to their one-time place of residence. Among those who are expected to go are Hon. Edward Blake, M.P., Hon. G. W. Ross and Mr. W. D. Macpherson.

Trinity Meds' Annual Dinner.

The annual dinner of the Trinity Medical students will take place at the Arlington on Dec. 4 next.

NOTICE

WE HAVE ESTABLISHED A BRANCH OFFICE IN THE BOARD OF TRADE BUILDING, MONTREAL, AND HEREAFTER ALL OUR CANADIAN BUSINESS WILL BE TRANSACTED DIRECTLY THROUGH THE MONTREAL OFFICE.

The locating of a branch office in Montreal greatly facilitates matters for our Canadian correspondents, inasmuch as ALL ORDERS FOR THE PURCHASE AND SALE OF STOCKS, BONDS, GRAIN AND COTTON CAN NOW BE SENT DIRECTLY TO THE NEW YORK EXCHANGES OVER OUR PRIVATE WIRE, instead of through the mails or over public wire, as heretofore, thus insuring more prompt and satisfactory execution of all commissions.

The same accommodations will be given at our Montreal office as are extended to our patrons at our New York offices.

Our Montreal branch will be open for the transaction of business on Wednesday, Nov. 17, and daily bulletins giving the most reliable opinions to be obtained on current events and special information liable to influence movements in the prices of stocks, grain, etc., will be issued to our customers.

OWING TO CONSTANT CHANGES IN MARKET CONDITIONS, SPECULATORS WILL FIND THESE BULLETINS OF GREAT VALUE IN THEIR OPERATIONS.

All are invited to call and benefit by them, whether dealing with us or not.

EXCLUSIVE PRIVATE WIRES CONNECT ALL OUR OFFICES.
