BROKE HIS HIP BONE.

Robert Morrison, of 427 Wellington street, met with a peculiar and painful accident yesterday afternoon. About 4 o'clock he was standing talking to Mr. Len. Fitzgerald in front of the latter's store on Dundas street, when he happened to step backward, fall over the curbing, and break his hip-bone. He was removed to his home and thence to the hospital, where Dr. Macklin reduced the fracture.

WORKING THE "QUEER."

P. C. Monahan arrested a young man named John Brown, claiming to be a resident of West London, on the market this morning for trying to pass off a bad 50-cent piece on a youth named Smith, in charge of a candy booth, corner of the market and Talbot street. The money was offered in payment for some candy, but Smith refused to accept it, believing it to be bad. Brown thereupon grabbed a handful of candy, and upon being told to put it down, slapped Smith's face. Policeman Monahan was near at hand, and arrested Brown, who will come up for trial on Monday. The money is made of lead and is a pretty neat imitation.

DEATH OF MRS. (COL.) VILLIERS.

Ellen, the widow of Lieut.-Col. Charles Courtney Villiers, died on May 28, at Windsor, England, aged 64 years. Mrs. Villiers was the only sister of the late Lieut.-Col. Shanly, master in chancery, this city. She was born in Ireland, but when young came to this city with her father, Mr. James Shanly, who afterwards settled in Thorndale and died many years ago. The subject of this sketch married Lieut.-Col. Villiers, of the Forty-seventh Regiment, in Montreal, and returned with him to England. He died about three years since. She was an aunt of Mr. Charles J. N. Shanly, of the postoffice, this city. Many residents will remember Mrs. Villiers.

COUNTY COUNCIL CONCLUDES.

Finished Their Labors for This Session—Jail and Court House Maintenance.

The county council completed their labors at ten o'clock today, and adjourned until the first Monday in December.

In connection with the report of the equalization report, there was considerable discussion, and a motion passed that in the event of any appeal from the report as adopted, the council desire the appeal to be heard by the senior judge of the county, Judge Wm. Elliot.

Bylaws were passed, authorizing the raising of $26,799 48, for debentures, interest and sinking fund, and $37,082 89 for current expenses, sinking fund, and house of refuge debentures and interest.

The warden was instructed to inquire into and report on the escape of John Glassford from the county jail and the expense entailed in his capture.

A resolution was passed expressive of the approval of Commissioner Talbot's services and granting him a month's leave of absence.

The petition for a bridge over the River Thames on the road between Dutton and Glencoe was laid over until the December sessions.

Warden Elson, Councilors McLeod, Burch, Hodgins and Auditor Stanley were appointed a committee with power to arrange with the city as to the proportion of expenses to be paid by each municipality for jail and court house maintenance.

The sum of $100 was voted to be applied in support of two insane and destitute girls named Allen in Lobo.

Henry Archer was appointed trustee for Wardsville high school, in the place of Howard Graham, resigned.

THAT PARK ROW.

Judge Elliot's Opinion That the Bylaw Is Too Sweeping—Thos. Robinson Acquitted.

Thos. Robinson was placed on trial this afternoon before Judge Edward Elliott on the charge of assaulting P. C. John Robinson and assisting in the disturbance created on Sunday, June 5, in Victoria Park.

The case was prosecuted under bylaw 764, which lays down that "no person shall walk on the grass or sward of any of the public parks, unless permission be granted under and by authority of No. 2 committee." When P. C. Robinson made his statement, he told of his instructions to take the names of parties making "short cuts" through the park, for the purpose of having them summoned. In this connection Judge Elliott said if the bylaw were to be taken at its literal meaning, any person who walked on the grass was liable. In his opinion it was altogether too sweeping, and he suggested modification. One witness was called for P. C. Robinson and eight for the defendant, upon whose evidence the judge dismissed the accused, as the assault was involuntary and occasioned by the jolting of the crowd.

Thos. Mason was convicted by Police Magistrate Parke of assaulting P. C. Robinson, and assisting the disorder, but was bailed, awaiting the disposition of Thos. Robinson's case.

A TORONTO CONDUCTOR

Saved From the Agonies of Diabetes by Dodd's Kidney Pills.

Toronto, June 6.—The Toronto Street Railway provides another case this week to strengthen the mighty chain of proof that Dodd's Kidney Pills are the only cure on earth for Diabetes.

Mr. H. Hogg, 81 Fuller street, conductor, No. 207, has been completely cured of an aggravated and long-standing case of Diabetes by Dodd's Kidney Pills, after other so-called "cures" had utterly failed.

Mr. Hogg suffered for three years with Diabetes and impure blood. He had to quit work on acount of dizziness, loss of flesh and increasing weakness. All other remedies that he used having failed, he agreed, to please a friend, to try Dodd's Kidney Pills. Improvement began at once, and six boxes effected a thorough cure.

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.

EMERSON WANTS BAIL

Application Refused by Judge Rose, Pending Communication With the Attorney General—An Insurance Case.

At the weekly sittings of the high court, held this morning before Mr. Justice Rose, J. H. Flock, Q.C., applied for bail on behalf of W. D. Emerson, who was committed for trial on the charge of manslaughter and shooting and killing James Tuttle, of the Wesley Stock Company, on April 1 at the Music Hall here. When committed it was for trial at the sessions, but as there is some conflict between the Ontario and Dominion statutes respecting the power of the county judge's court, the crown decided to postpone the trial until the fall assizes. Mr. Justice Rose asked what steps the attorney-general intended to take regarding the matter. In reply prisoner's counsel said he had been unable to communicate with the attorney-general, whereupon his lordship said he would much prefer that the attorney-general should be informed of the motion before he considered it.

Re Burke was a motion by W. C. Fitzgerald, on behalf of Miss Jenny McMullen, a niece of the late Leander W. Burke, killed in the city hall disaster on Jan. 3, for payment out of court of $2,000, left as a legacy to her by the last will of deceased, and which was a portion of $3,000 life insurance in the Canadian Woodmen of the World. Judgment reserved. Hallowell, of Sterling, contra.

Vice vs. Fraser—Motion for judgment on the pleadings. This was an action arising out of administration of the estate of the late D. Gilbert, of the township of McGillivray, who by his will gave $1,000 to the plaintiff, to be charged upon the lands. After making the will the deceased gave a conveyance of half of the proceeds of the sale of the lands. Plaintiff claims half of the value of the lands and the legacy. Judgment was entered declaring against her title to the lands and giving her the $1,000. Graydon for plaintiff; V. Cronyn for official guardian and other interested parties.

INDUCTED BY THE BISHOP.

Three Deacons and Three Priests Receive Their Rites at Bishop Cronyn Hall

The induction services at the Bishop Cronyn Hall, in the chancel, this morning were very impressive and largely attended.

The service started at 11 o'clock, when six candidates were inducted, three being raised to rank of deacon and three to the priesthood. Messrs. E. B. Smith, S. P. Irwin, B.A., and R. Herbert, the recent graduates of the Western University, were made deacons; and Rev. Mr. Dobson, Tilbury; Rev. Mr. Tancock, Stratford, and Rev. Mr. Abey, Brussels, were ordained priests. The candidates were presented by Ven. Archdacon Davis and inducted by the Bishop of Huron. Dean Innes preached an eloquent sermon on "Christ's Death," showing the value of this sacrifice. Among those present were Provost Watkins, Canon Richardson, Archdeacon Marsh, Canon Smith, Prof. Burgess, Principal English, Rev. Canon Dann and others.

Rev. Mr. Irwin, B.A., will preach at St. James' Church, South London, tomorrow evening.

The law of nature is that a certain quantity of work is necessary to produce a certain quantity of good of any kind whatever. If you want knowledge you must toil for it; if food, you must toil for it; and if pleasure, you must toil for it.—Ruskin.

Strong Enough for Cancer.

Cancers are caused by poisonous humors in the blood. The only non-surgical treatment known is Merrill's System Tonic. This is a powerful blood purifier, and at the same time blood-builder. It cures Scrofula, Eczema, and Salt Rheum in 30 days, and boils and pimples in a week; 50 doses, price 50 cents. Sold by W. T. Strong, the druggist.

"The question as to the right way for men to part their hair," says the Springfield (Mass.) Union, "is one that bids fair to become a vital one within the next few years, and may eventually become a potent force in politics."

THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclectric Oil—a pulmonic of acknowledged efficacy. It cures soreness and lameness when applied externally, as well as swelled neck and crick in the back, and, as an inward specific, possesses most substantial claim to public confidence.

New Zealand's Government is about to issue new postage and revenue stamps, bearing a series of beautiful designs intended to represent some of the most striking landscapes in the colony, as well as some of the birds and vegetation.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any other remedies to do me good."

FOOD SCARCE IN HAVANA

The Story Told by English Refugees.

The Time for Intervention Believed To Be Near at Hand.

Shelling Santiago.
LANDING OF U. S. TROOPS PREVENTED.

Madrid, June 11—Noon.—An official dispatch received here from Havana, dated yesterday, Friday, June 10, says: "This morning eight of Admiral Sampson's ships recommenced the bombardment of Santiago de Cuba. At the same time, a number of boats, towed by a steamer, approached and attempted to make a landing. The cannonade lasted three hours. The Spaniards, skillfully posted, repulsed the attempted landing, and the Americans drew off. No damage was caused by the firing from the ships, which kept distant, evidently afraid to venture within range of the guns of the forts."

New York, June 11.—A dispatch from Kingston, Jamaica, says: The British cruiser Talbot has arrived from Havana. She left that city Tuesday with 38 English refugees. The passengers report Havana quiet. The food is scarce, flour in particular.

Over half the bakeries are closed. The others are only filling contracts. They expect to close in a few days. One bakery was besieged when it closed by a mob of 250 persons clamoring for the privilege of buying bread.

Eggs are a luxury. They have been taken from the regular menu of the hotels, and are supplied only at extra cost.

The soldiers are grumbling. They are half-starved. The government owes all of them from 9 to 12 months' pay.

Meat is quite plentiful, as 800 head of cattle was recently landed at Batabano, the port and railroad city on the southern coast, just across the island from Havana.

Paper money is worth only from 14 to 16 per cent of its nominal value. The centen coin, nominally worth $5 30 in silver, is now worth $9 in silver. Gen. Blanco is endeavoring to sustain the courage of the citizens with bombastic bulletins reporting American defeats. He has issued an order prohibiting dealers from raising prices of food. They have little effect.

PREPARING FOR A CATASTROPHE

London, June 11.—The Madrid correspondent of the Daily News says: The newspaper attacks on the government are actuated by friendliness, in order to prepare the public mind for a catastrophe, and to exhaust its anger. Probably Admiral Cervera has been instructed not to telegraph bad news. It it doubtful whether Admiral Camara will go to the Philippines. His squadron is a mere remnant; but it may put to sea in order to allay nervous excitement.

TIME TO INTERVENE

Vienna, June 11.—The government has declined to initiate mediation between the United States and Spain, as it wishes to avoid the appearance of making intervention seem only a dynastic action in the interest of the queen regent, which, perhaps, might give fatal offense to many parties in Spain. Nevertheless a decided opinion is held that the time for intervention is very nearly at hand, although a hesitation to take the first step is evident everywhere. The probability is that Russia will undertake the initiative within one or two days.

Last Friday little Willie McIntyre, of Nairn, fell into his father's well and would, no doubt, have been drowned had not his father been working close by and heard the splash. When the little fellow was taken out, and upon recovering his breath, he said there was altogether too much water in that well.

Miss Noble, eldest daughter of Police Magistrate Noble, is suffering from a severe attack of heat prostration. The attack came on very suddenly last Monday evening while she was shopping in Dickson's drygoods store. She was taken home in a carriage and Dr. A. S. Thompson called. At present she is improving, and her complete recovery is confidently looked for.

A number of farmers in the locality of Arkona have been making extensive improvements on the buildings, and on their farms in general during the present season.
