TO TAKE UR'S PLACE

Latter Is Going to the Bench

Dr. Beland Will Enter Cabinet Early Next Week

To Be Postmaster General—Members Leaving Capital to Take Part in Campaign—Dr. Pugsley Starts for St. John Today—Borden and Laurier Board Hard at Work

Ottawa, Aug. 4—The cabinet change foreshadowed some time ago in connection with the retirement of Hon. L. P. Brodeur, minister of marine and fisheries and of naval affairs, to take the position in the supreme court bench rendered vacant by the death of Justice Girouard, will take place next week.

Hon. Mr. Brodeur is now winding up pending matters of departmental administration in connection with his portfolio, so as to have things in good shape for his successor, Hon. Rudolphe Lemieux, the present postmaster-general.

Dr. Beland, the young, able, and popular member for Beauce, will enter the cabinet as postmaster-general and will be sworn in within a few days at Murray Bay (Que.), where Earl Grey now is.

The new minister will address meetings both in Ontario and Quebec during the campaign.

Hon. Mr. Lemieux will go to Simcoe with Sir Wilfrid for the premier's opening meeting of the campaign on August 15. The other ministers to accompany Sir Wilfrid to Simcoe will be Hon. Geo. P. Graham and Hon. W. L. MacKenzie King.

Cabinet Ministers Leaving for Home.

The cabinet council today succeeded in clearing up most of the arrears of departmental business and until after the elections it is not likely there will be any more full meetings of the cabinet. Most of the ministers are leaving either this week or next for their respective districts to plunge at once into active organizing and campaign work. Hon. Mr. King left for Berlin tonight, and Hon. Mr. Templeman for Victoria.

Hon. Dr. Pugsley goes to St. John tomorrow and Hon. Frank Oliver will leave for the west on Sunday night.

Sir Frederick Borden, who will again contest Kings county, Nova Scotia, goes to Quebec tomorrow to Meet Lady Borden, who is returning from England in company with her son-in-law, Capt. Leslie McCoun. The latter is convalescent from the serious injuries sustained through being thrown from his horse in London during the coronation ceremonials.

Sir Wilfrid Laurier will spend tomorrow in Montreal in consultation with the party leaders in Quebec relative to organization work, the selection of candidates and plans of campaign. He will return to the capital at night and spend next week here.

Borden's Plans Changed.

The opposition leader will not attend the great Conservative picnic and council of war in Toronto tomorrow, as originally intended. Mr. Borden is too busy here to leave at present. He and Chief Whip Perley are engaged in fixing up political fences, arranging for candidates, sending out Macedonian calls and generally marshalling all possible forces for the fight.

At today's meeting of the cabinet council, Captain Hector Verret, superintendent of correspondence in the post office department, and private secretary to the postmaster-general, was appointed assistant deputy postmaster-general to succeed E. H. Laschinger, the former able assistant deputy who resigned last June to become a business associate of Cawthra Mulock, of Toronto.

Niobe Damage Not Serious.

Hon. Mr. Brodeur, minister of naval affairs, states that advices received from the Niobe indicate that the damage sustained by the cruiser are not nearly so serious as newspaper reports would indicate and that permanent repairs can be made at the Halifax dry dock that will make the warship as serviceable as ever. Owing to the continued fog and heavy weather the Niobe has not yet been able to leave her present anchorage for Halifax.

The department of railways is calling for tenders for the construction of the new branch lines of the Intercolonial railway in eastern Nova Scotia, authorized by the vote put through parliament last session.

One line will serve the district between Dartmouth and Deans, a distance of 70 miles, where there has long been a crying need for railway facilities. The other line will run from Guysboro to Country Harbor.

The cose of the two lines will be nearly $2,000,000. Tenders are to be in by September 20 and it is expected that construction work will be well advanced this fall.

Tenders have also been asked for the proposed improvements to the Richmond yards of the Intercolonial at Halifax. The estimated cost of the work is $83,000. The plans provide for new tracks, the enlargement of the yards, straightening of curves, etc.

Y TENDER FOR COURTENAY BAY WORK

Representatives of Great English Firm Visit St. John and Are Much Impressed With Site for Big Works.

C. J. Armstrong and A. Brooks, who visited the city on Friday and Saturday, and who inspected Courtenay Bay, were here as representatives of the John Jackson Company, an English contracting firm, the standing of which may be judged from the fact that it recently completed a contract in South Africa involving an expenditure of $40,000,000.

The visitors came here to get further detailed information for their principals, in connection with tendering for the Courtenay Bay improvements. They seemed much impressed by what they saw, and Mr. Armstrong said that Courtenay Bay would be an especially favorable site for the works for which tenders have been called, and which include a dry dock and shipbuilding repair plant, a breakwater, piers, etc.

Tenders for the work in Courtenay Bay will close on August 10, and it is understood that there will be several tenders from British firms who have handled immense projects in other places.

MINISTER OF PUBLIC WORKS IN TOWN

Hon. Mr. Pugsley Arrives from Ottawa and Goes to Rothesay—Liberal Prospects Brighter Than Ever Before in Every Part of the Country.

Monday, Aug. 7.

Hon. William Pugsley, minister of public works, arrived at noon yesterday from Ottawa, and a little later went to his summer residence at Rothesay, where he spent the day resting. The weather has been excessively hot in Ottawa, and though yesterday was an uncommonly warm day for this part of the country, it was quite a relief after Ontario weather. Dr. Pugsley will come to St. John early this morning.

In response to inquiries by a Telegraph reporter as to election prospects, the minister of public works responded briefly. He said that the outlook for Liberal success in every province of the dominion was brighter than ever before. The Laurier government would gain in rural Ontario, and would better its position in Quebec. They would do somewhat better in Manitoba, and it was anticipated that they would simply sweep Saskatchewan and Alberta and make gains in British Columbia.

As for the maritime provinces, the minister said the Liberal party with reciprocity as the leading issue was in a better position with respect to the campaign than ever before in its history, and he looked forward to a very great victory in these provinces, even greater than that of 1908.

Dr. Pugsley is to speak at the Kings-Albert Liberal convention in Sussex on Wednesday, and at the St. John convention on the day following. He is looking well and feeling well, in spite of the fact that his work at Ottawa has been continuous and heavy for months past.

Mrs. Fred Dorcas spent a fortnight with friends in Calais.

Miss Emma Harvey is visiting at St. Marys.

The harvest excursions failed to attract this year. Very few took advantage of them.

The Presbyterians will hold their picnic on the 16th, presenting a drama the same evening.

Miss Margaret McLean, of Mahone Bay (N. S.), is visiting friends in the village.

On many intervale farms and on several highland ones the hay crop is much ahead of last year, though on a good many it is lighter. The other crops are good. In many cases both buckwheat and oats are already lying down. Turnips are in very fine condition. The acreage is increasing yearly.

In Williamsburg two new houses are nearing completion. Two others have the cellars prepared for buildings and one with additions and repairs is practically a new house. This settlement is within three miles of the G. T. Pacific and will no doubt have a station in the near future.

U. S. CAMPAIGN FUND TO OPPOSE LAURIER

American Protectionists Are Raising Large Fund to Fight Reciprocity in Canada at the Coming Elections.

The New York Herald of Friday says:

Failing in their efforts to block the Canadian reciprocity compact in congress, American opponents of the treaty are endeavoring to defeat the measure, it was learned yesterday, by raising a large campaign fund to be used in the dominion next month to bring about the defeat of the members of parliament who favor the measure.

Wilbur F. Wakeman, treasurer and general secretary of the American Protective Tariff League, informed a Herald reporter that he had been approached by a representative of a large publicity agency, who outlined the plan to defeat the reciprocity treaty with American dollars.

Mr. Wakeman, who has opposed the lowering of the tariff wall between the United States and Canada, said that the American Protective Tariff League refused even to consider the plan for raising funds to defeat the treaty in Canada. He said that he did not believe a large sum of money could be raised in the United States to be used to influence the politics of a foreign country.

"A firm of publicity agents and others called upon us several weeks ago," Mr. Wakeman said, "and asked our co-operation to obtain funds for a campaign in Canada against the reciprocity agreement. We absolutely declined to have anything to do with such a scheme. You will remember that the Cobden Free Trade Club of London tried to interfere in American politics some years ago, and the club has practically gone out of business. The Tariff League represents the policy of protection to American labor and industry, and it will stay right at home in its work and will not attempt to do anything direct or indirect in any foreign country."

Mr. Wakeman refused to give the names of the persons who requested that the American Protective T
