HOLSTEIN-FRIESIAN NEWS

Farm and Dairy is the official organ of The Canadian Holstein-Friesian Association, all of whose members are readers of the paper. Members of the Association are invited to send items of interest to Holstein breeders for publication in this column.

In a seven day A.R.O. test the Holstein-Friesian cow, Pietertje Maid Ormsby, six years old, produced 35.56 lbs. of butter, and in 30 days, 145.66 lbs. of butter. In the seven day test her milk tested 5.31 per cent. average fat, and in the 30 days, 4.54 per cent. fat. She is owned by John B. Irwin, of Minnesota. This is a new world's record for 30 days.

OFFICIAL RECORDS FOR APRIL

Mr. G. A. Brethen, of the Hillcrest Stock Farm, Norwood, Ont., has during the past season, his first year at official testing, put 12 of his cattle into the Record of Merit. Mr. Brethen is managing his farm in a most business-like way; and from a recent letter we learn that he has seeded 12 acres to alfalfa this spring, seeded 26 acres of his low muck land to a permanent pasture mixture, put in one and a half acres sugar beets, four acres in roots all told, and ten acres in corn, having planted it in hills, and has enough silage of first-class quality to feed every hoof about the place until corn comes again.
