SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me.

Yours respectfully, MRS. ANN O'BRIAN,"
148 Sullivan St., New York, June 24, 1882.

☞ All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known *writer on the Boston Herald*, B. W. BALL, of *Rochester, N.H.*, writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a *complete cure*. I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures **Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility,** and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.

Another Little Scandal.

The Toronto *Globe* has discovered another of the many jobs perpetrated by the Ottawa Government for the benefit of its political supporters. One Mr. J. Ick Evans, a Toronto laundryman, was given the job of rendering Rideau Hall, the Governor General's residence, proof against the severe winter weather. He put weather strips on all the doors and for this was paid the snug sum of $618. The *Globe* is anxious to know how it came that a laundryman was employed to do this work; how many doors there are on Rideau Hall; and how it was possible to spend so large a sum upon them; and then it goes on to say:—

After these conundrums have been solved, we should be glad if any one would explain away the curious coincidence involved in the following circumstances:—Mr. J. Ick Evans' bill as paid by the Government was as follows:—

240 feet Indian rubber door saddles, at $1.20	$288
500 feet weather-board door saddles, at 50c.	250
500 feet rubber strips, at 15c.	80
	$618

Now, only a few days before this bill was presented to the Government it is alleged that a politician of West Toronto purchased a bill of goods from a strong Tory tradesman in the same constituency, and the bill was made out as follows:—

240 feet rubber door saddles, at 30 cents	$72 00
500 feet weather boards, at 12½ cents	62 50
500 feet rubber strips, at 4 cents	20 00
	$154 50

Even these are pretty stiff prices, but, as the story comes to us, the politician thought they were too low, seeing that he was purchasing for the Dominion Government, and at his request the strong Tory tradesman made out the bill again in this form:—

240 feet rubber door saddles, at 60 cents	$144
500 feet weather boards, at 25 cents	125
500 feet rubber strips, at 8 cents	40
	$309

How much the politician paid the tradesman for the goods does not matter. We don't pretend to know. Nor do we pretend to say that the $154.50 worth of goods bought by the West Toronto politician were identical with those sold to the Dominion Government for $618 by Mr. J. Ick Evans, laundryman and colonization company magnate. But it is singular that all that money could be spent in plugging up holes under and around the doors in Rideau Hall.

A dealer in such goods in Toronto tells us that the retail price of a rubber door-saddle, rubber, board and all complete, to go the entire width across a door, is $1. Yet Mr. Evans was paid $288 for the rubber for door saddles for Rideau Hall, and he was paid $250 for the woodwork, making $538 for the saddles complete. This amount of money would purchase 538 door saddles complete. Are there 538 doors in Rideau Hall? If there are, it is time that the Hall were classed as one of the wonders of the country along with Niagara and the Chaudiere.

On examination it will be seen that there is room for any number of explanations concerning Mr. J. Ick Evans' little bill.

TELEGRAPHIC.

NEW YORK, March 19.—Madam Anna Bishop, the once famous singer, died suddenly last night of apoplexy, at her residence on Park Avenue.

LONDON, March 20.—After the capture of Hung Hoa, the French will fix the Western frontier of Tonquin to Tuan Kuan, which is now in the possession of the Black Flags. The Black Flags will be allowed to retain all the town from Tuan Kuan to Lai Kai, on condition that they will guarantee the free navigation of the upper Song Koi. The northern frontier of Tonquin will extend from Phulang Huong to Tuan Kuan by way of Phu Binh and Phu Doan Hong.

The *Daily News*, in an article discussing the possibility of the dissolution of Parliament and urging the Liberals to be ready to take action at a moment's notice, says: "Never since the days of Bolingbroke has England seen a great party so unscrupulous and unpatriotic as the Opposition, which takes every advantage of the difficulties of the Government and allies itself with any cause or party which promises to embarrass the Cabinet. Sir Stafford Northcote is not the originator of these tactics, but he winks at them."

Osman Digna has convened a meeting at Sinkat of Sheikhs of all tribes, in order to concert a renewal of the fighting. Sheikh Moneca, at the head of Bacharis, numbering 8,000 men, is threatening Sheady. The French consul at Cairo has received a despatch from the French Consul at Kartoum, saying that early in March General Gordon had a conference with the consuls of Austria, Greece and France, when he declared he would be unable to defend the town against the tribes advancing from the south, north and west.

Gen. Gordon telegraphs from Suakim that the rebel tribes have cut off retreat from Khartoum. They have environed the town, except by the river. Three tribes are advancing to capture the town.

CAIRO, March 20.—El Mahdi is organizing an artillery corps, composed of Egyptian deserters. When the corps is completed, he will have with him 12 European and 60 Egyptian officers of Hicks Pasha's army.

SUAKIM, March 20.—Admiral Hewitt has withdrawn his proclamation offering £1,000 for Osman Digna's head.

ST. LOUIS, March 20.—Three negroes named Lewis, Freeman and Anderson boarded several freight trains near East St. Louis late last night and to-day, and with drawn revolvers overawed the conductors and brakemen and robbed the cars. At noon to-day a posse, headed by Alderman Green, from East St. Louis, attacked the negroes six miles from the city. After an exchange of forty shots the negroes were arrested and placed in jail. Anderson received a load of buckshot in the side and arm. Ald. Green was shot in the knee, and was brought back to the city in a wagon.

LONDON, March 21.—Osman Digna declares he will attack the British army at any cost if they advance by the Berber road.

SAN FRANCISCO, March 21.—Mrs. John Schaefer of Oakland became insane over the loss of one of her children and during the absence of her husband for furniture, on Wednesday night, she cut her baby's throat and then cut her own. The husband, crazed by the terrible spectacle presented, seized a revolver and attempted to commit suicide but was prevented by a policeman. Some friends visited the scene in the evening, and among them was Mrs. Letrall, a French lady, who was so shocked at the sight that she became a raving maniac.

MODESTO, Cal., March 21.—Robbins and Doane, who were accused—but acquitted—of having criminally assaulted two girls, aged 11 and 13 years, daughters of J. N. McCrellis, were notified some days ago by a Vigilance Committee to leave the town or suffer death. Owing to the shameless way in which the two girls gave their evidence on the trial, McCrellis's family was included in the order of banishment. Robbins and the McCrellis family departed immediately, but Doane delayed, and last night masked men shot him dead.

PARIS, March 21.—The French Government is debating the Chinese indemnity question. The lowest figure proposed by France is 150,000,000 francs.

LONDON, March 21.—The prospectus of the Irish Land Company, popularly known as Parnell's Migration Company, has appeared. The capital is fixed at £250,000 and the first issue of stock will be £5,000. Parnell is chairman of the board of directors, and the managing director will be Professor Baldwin.

CLEVELAND, March 21.—Duncan C. Ross to-day sent to the proprietors of a New York sporting paper articles of agreement for the signatures of John L. Sullivan and Merrine Thompson, for prize fight rules. Accompanying the agreement was $2,500 guarantee for Thompson's signature.

ALBANY, N. Y., March 21.—The Senate Committee on investigating the adulteration of food in New York, made a report to the Legislature to-day. They say that out of thirty samples of butter, bought and submitted to chemical analysis, only ten were genuine butter. There are several factories in New York and Brooklyn, making imitation butter out of fat brought from the West and from France and Italy. This production aggregates 40,000,000 pounds annually, thus depriving the State of $10,000,000 revenue per annum. The adulterations of milk and other food products were also exposed. Of 5,000,000 quarts of milks furnished in New York daily, it was found that 2,000,000 quarts were of water, leaving 3,000,000 of pure or skim milk.

A sanitary inspector accompanied by a squad of police, made a raid last night on the express wagons that carry meat into the city from New Jersey. One hundred and fifty carcasses of "bob" calves were seized and sent to the offal docks.

LONDON, March 22.—At a meeting held last night at the house of the Baroness Burdett Coutts, the Marquis of Lorne urged that the poor of East London should emigrate to Canada, especially to Maritime Provinces.

CAIRO, March 22.—A despatch from Khartoum announces that 100 out of 300 Egyptian soldiers, whom Gen. Gordon sent up the Nile from Khartoum, with an expedition to distribute his proclamation and produce an impression upon the natives, have been killed by a band of 1,000 Arabs, who fell upon the expedition and captured three of the boats. The boats were afterwards recovered by armed steamers. Gen. Gordon blames those in charge of the steamers for their carelessness in allowing the boats to proceed unprotected.

LONDON, March 23.—Suakim is unhealthy. It is proposed to leave 400 British soldiers at Suakim to be relieved every fortnight and to station the remainder of the troops at healthier points in the interior. Admiral Hewitt is sanguine of being able to open the Berber route. He proposes to divide the road into sections and to make the tribes answerable for their respective divisions. Troops will advance on Wednesday to form camps around Tamanieb and attempt to surround Osman Digna.

NEW ORLEANS, March 23.—A despatch from Baton Rouge to the *Picayune* says:—Since daylight this morning the flood has gained continuously. The river is now at highwater mark of 1882. Mulatto Point crevasse has been abandoned, and further effort will be made to close that opening. West Baton Rouge suffers to the extent of several hundred thousand dollars. Much uneasiness is felt concerning the crevasse in this section. Rain will doubtless continue during the night, and the water will surely advance several inches. The general impression is that there will be trouble in this neighborhood within the next twenty-four hours, and the break at Mulatto Point is now 200 feet wide and fully 12 feet deep.

MEADVILLE, PA., March 23.—Six children from the village of Vatonia near this city, went out yesterday afternoon in search of "sugar water." Not finding a camp in operation the boys tapped some kind of a tree with their pocket-knives and the children sipped the juice. Soon after all were taken sick and gave every symptom of being poisoned. Geo. Custy, aged ten is dead, and three others are considered beyond aid.

SYRACUSE, N. Y., March 23.—Mrs. A. W. Ransier shot dead her lover, Adam Sutler, while walking in the street last night. Mrs. Ransier wished to part with Sutler, who insisted upon accompanying her.

PETERSBURGH, ILLS., March 23.—Last night, Charles Hamden, a farmer living some miles south of here, quarrelled with his wife, knocked her down with an axe, cut her throat from ear to ear and inflicted murderous stab wounds in her breast. He also severely cut his son aged twelve, who attempted to interfere. Hamden then cut his own throat but did not inflict fatal injuries. He was arrested this morning, and threats of lynching have been made.

To be Dyspeptic is to be miserable. Dyspepsia is a disease in which a thousand ills seem to be combined, yet its origin is very many instances may be traced to nothing more than an improper assimilation of the food. To remedy this is to cure the disease. By the use of Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, the organs of Digestion are strengthened, the food is assimilated readily, and the disease is eradicated. Many who have suffered the indescribable torments of Dyspepsia for years owe the restoration of their health and strength to the use of these medicines. Beware of imitations. See that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada.

Clergymen, Singers and Public Speakers, will find "Phosphorized" Emulsion, of the greatest benefit to them, where there is any tendency to weakness of the throat or Bronchial tubes, as it soothes the irritated membrane, gives full tone and strength to the vocal organs and imparts new life and vigor to the enfeebled constitution. Always ask for "Phosphorized" Emulsion, and be sure you get it.

No Lady who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers*. Ordinary packages 50c., sufficient for twenty plants for one year.
