THAT TERRIBLE PARESIS.
Are the Canadian People Becoming a Nation of Lunatics?—The frightful increase of this most peculiar insanity and how it is cured.

THE BRAIN (from a photograph.)
At Healthy Condition. With Paresis Lesions.

There are many well known men confined in our Asylums who but a short time ago were prominent among our business and social circles.

Why are they there?

Paresis!

Did it come on at once?

Not at all. It was a gradual but positive growth. They overtaxed nature. The drain on their vitality, their nerve powers, their brain tissue, was too great, and they gradually but surely sank under it. The things they did to bring this sad end about are precisely the same things that are being done by thousands of men and women to-day. It is not necessary to name them. They all end disastrously unless checked or regulated.

Prof. Phelps, of Dartmouth College, knew this fully when he began his experiments which resulted in the discovery of the wonderful Paine's Celery Compound. He realized that paresis (consumption of the brain) was our great National weakness. He knew that the brain and nervous system must be fortified to meet the great strains which modern life bring upon it. He saw that men were becoming debilitated and women weakened by the pressure and demands of life, and he sought and discovered the remedy Paine's Celery Compound, if rightly taken, will renew the brain and build up nerve tissues as fast as they become exhausted. It is not a narcotic. It contains no drugs, no nostrums. It is perfectly pure. It is absolutely harmless. The high character of its discoverer guarantees this, and the endorsement of the medical and chemical professions prove it.

MALIGNANT MORTIFICATION

AND BLOOD POISONING.
ANOTHER TRIUMPH FOR DR. McCULLY.
Two years have rolled by and Mrs. Lundy is in perfect health. She can be seen at 70 Richmond-street, east, Toronto, and can tell, and will be happy to tell, what Dr. McCully did for her, and is doing for suffering humanity. Wicked, medical treatment brought her to the gates of death. One side of her groin had died and an opening was nearly eaten through the lower edge of the abdomen; it was 5½ inches long, 2½ inches wide, and 1½ inches deep. Dr. McCully removed the diseased and dying parts, cleaned out the sore, grafted over five hundred pieces of skin on the surface, and, presto, it healed up and she is living and well. Reader, this is the most wonderful cure we ever performed. Go and see this lady, or write her if you are not in the city. She was a dying cripple! She is a sound, rosy cheeked woman.
Our field is chronic diseases, defermity, loss of manhood, seminal debility, catarrh, fits, diseases of women, sterility, falling of the womb, varicocele, piles, private diseases, skin diseases. Call on or write to Dr. McCully, corner Jarvis and Gerrard.

GRATEFUL—COMFORTING.
EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
