Labor Notes.

A general suspension of the building trades in Denver, Col., is threatened through a strike of the union woodworkers against non-unionists.

I. A. Sweigard, formerly general superintendent of the Reading Railroad, has been arraigned in the United States court, charged with discharging trainmen because they were labor unionists.

No street cars are moving in Terre Haute, Ind., and no electric lights or power are in service, owing to a strike of the Terre Haute Electrical Railway employes. The men demand shorter hours and more pay.

About 50 machinists employed in the Bertram tool works, Dundas, Ont., have gone on strike for a minimum rate of wages of 16 cents an hour and for recognition of the union. The company claims that the majority of its employes are paid union wages. It is probable the difficulty will be adjusted shortly.

Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c, at W. T. OPERA HOUSE STAGE

Will Be Enlarged at Once—Forty-Five Feet To Be Added, Making a First-Class Stage.

Next week there will be started a series of improvements at the London Opera House which will remove most of the objections against playing in it which have been made by some of the first-class companies on the road, and which will make it one of the finest upstairs theaters in Canada. A new back wall will take the place of the present one, adding over 45 feet to the space now extending between the footlights and the rear wall. With the area of the dressing-rooms which will be constructed subtracted from this, there will remain a stage ample in depth for the presentation of even the most elaborate scenic productions. First-class facilities for the handling of scenery will be provided, and if the London Opera House bookings do not include some of the best attractions on the road, it will not be because of any unsuitableness in the house. The work of reconstruction will be finished before Christmas, and will not interfere in the least with the playing of the many excellent attractions already booked.

DECISION OF C. M. B. A. EXECUTIVE.

Buffalo, Oct. 10. — At an executive session of the C.M.B.A. yesterday the grip and password is said to have been discussed at length. It has been learned from a reliable source that the decision was averse to the introduction of these forms. A proposition to reduce the age limit from 50 to 45 was defeated, but it was decided to issue no certificates in excess of $1,000 after the age of 45 has been passed.

CHOLERA MORBUS, CRAMPS and kindred complaints annually make their appearance at the same time as the hot weather, green fruits, cucumbers, melons, etc., and many persons are debarred from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial, and take a few drops in water. It cures the cramps and cholera in a remarkable manner, and is sure to check every disturbance of the bowels.

A Missouri farmer has gone into the business of raising quail. He says the birds are more easily handled than chickens and far more profitable.

The North American Life Assurance Company of Toronto, has been authorized to commence business as an old line life insurance company of New York State.

NO ONE NEED FEAR CHOLERA or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all the looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

Strong Liberal Candidates for the Toronto Ridings—Hugh John's Trickiness.

HUGH JOHN'S TRICKINESS.

Mr. Sifton wrote to Mr. Hugh John Macdonald a week ago suggesting that they should address the electors of Brandon from the one platform. Mr. Macdonald replied yesterday that he would do so, but on the very day he sent his reply he held a meeting (a date for which Mr. Sifton had kept himself free from any other engagement), and did not afford Mr. Sifton an opportunity to speak, nor did he permit any speaker in opposition to him on the platform. Mr. Macdonald's promise to meet Mr. Sifton on the platform is equivalent to an injunction against it, judging by Mr. Macdonald's provincial record on promises. —Winnipeg Free Press.

NOTES.

The Carlton county Conservatives nominated S. R. Poulin as their candidate in Labelle. Mr. Poulin is an ex-alderman of Ottawa city, and was the defeated Conservative candidate in 1896 in that county.

Toronto Globe: The Liberals of Toronto will learn with very great satisfaction that Ald. Wm. Burns and Mr. J. D. Allan will allow their names to go before the West Toronto Liberal convention on Thursday night, and that Mr. George Anderson will stand for the Liberal nomination in East Toronto.
