# WATTERSON SEES NEW CIVIL WAR

## If People of the United States Give Terrible Teddy a Third Term.

## CALLS COLONEL MANIAC

**Louisville Editor Boils Over and and Makes Terrific Attack on Roosevelt.**

[Canadian Press.]

New York, May 23. — A dispatch from Louisville, Ky., says:

Under the caption, "An Invocation to Civil War," Col. Henry Watterson says in the Courier-Journal this morning:

"The result in Ohio makes it certain that the voters of the United States will have to reckon with Theodore Roosevelt next November at the polls.

"It will matter not whether he appears under the emblem of a regular party nomination, or as an insurrecto, appealing to all parties. Unless he breaks down under the strain, and is taken to a lunatic asylum, he will be a candidate for president.

**Sees Imperialism.**

"There can be his name and person but one issue: life tenure in the executive office and a civil fabric imperial in everything except its nomenclature.

"Thus our system of representative government having achieved the battle for independent existence and survived the several ordeals of foreign invasion and internal conflict must face the final and yet greater period of mad ambition, supported by corrupt and corrupting millions, playing upon the restless, the unknowing and unthinking, the purchasable, the brutal, and the vile.

**"Terrible Teddy."**

"The hideous spectacle of an ex-president, bawling like a drunken person from one end of the land to the other, dragging Republicans through an ocean of filth, to the horror of all Americans having any sense of decency, and to the alternate delight and disgust of the enemies of Republicanism all over the world, gives us a foretaste of the infamies before us.

"There is nothing which this madman will not dare to attempt under the excitement and the passion of the state of war he has stirred up in his own mind, and in the minds of the crazy mobs who follow and applaud. That he was able to draw a man like Taft into the cesspool attests the cruel injury and wrong a maniac armed to the teeth may accomplish, for Taft is not only the President of the United States, but he is a gentleman of upright, self-respecting character. Being such, he has proved unequal to the bloody fray and the dishonorable warfare forced upon him. It is clear now that he had better remained in the White House, leaving the frenzied paranoiac the field to himself.

**Parting of Ways.**

"The country has reached another parting of the ways. From the exit of Washington to the death of McKinley the citizens selected for presidents of the United States were level-headed and well-balanced men, about whose mental integrity there had never been the slightest question.

"At length this nation is a world power. The issue precipitated by Theodore Roosevelt is to decide whether that sublime decision of the sword, with all that went before it and all that it carried with it, shall be nullified; whether, become a world power, this nation shall proclaim to mankind its own failure by the abandonment of its constitution, the overthrow of its safeguards, and the naming of a dictator. He who says this is not the issue little reckons what he is saying. He who thinks it is not it were prudent to question his sanity.

"The Roosevelt propaganda is the invocation of a madman to civil war."

# ROOSEVELT'S PLURALITY TWENTY-FIVE THOUSAND

## Rough-Rider Secures Thirty-Two of Forty-Two Delegates.

Columbus, Ohio, May 22. — According to returns in hand this evening from approximately 4,500 of the 5,192 precincts in the state, Col. Theodore Roosevelt's delegates to the national Republican convention, carried yesterday's Ohio primaries by a plurality of about 25,000 votes. It now seems scarcely possible that final results from the primary poll will change the number of district delegates for either side by more than one or two. The best figures available tonight show that Roosevelt has 32 of the 42 district delegates selected yesterday, and that President Taft has 10.

Governor Harmon practically is assured a complete delegation of 48 delegates for the Baltimore Democratic convention. His lead now gives him control of the state Democratic convention, which will select six delegates at large.

# SUCCESSOR TO MR. HAYS TO BE TAKEN FROM RANKS

## Indications Are That Next Head of the Grand Trunk Will Be One of the Present Vice-Presidents—Mr. Smithers Ill at the Capital.

Montreal, May 22. — While no official announcement has been made by Mr. A. W. Smithers, chairman of the Grand Trunk Railway board, it is semi-officially announced that the new president of the Grand Trunk will be taken from the ranks of the company. A hint of this was given some time ago, when Mr. Smithers made the statement that "the late Mr. Hays had left many able and loyal lieutenants."

A correspondent learned today that this expression of opinion by Mr. Smithers was to be put into force, and that one of the lieutenants of the late president would be promoted to the presidency of the company. An official notice to that effect will be made next week.

The choice of a successor to Mr. Hays is likely to fall to one of the vice-presidents of the road. Just who will receive the honor is known only to Mr. Smithers, but one thing is certain, and that is that he will not go outside the Grand Trunk staff for a successor to Mr. Hays.

**Smithers Has Gout.**

Ottawa, Ont., May 22. — Since Mr. Smithers arrived in Ottawa, gout has crept into his foot, and today the complaint is so troublesome that he may not be able to leave his private car at the Central station for a day or two. It was learned that the head of the Grand Trunk is in Ottawa to confer with some of the cabinet ministers and see the Chateau Laurier. The gout may interfere with the plans, however, unless Premier Borden finds it convenient to go to Mr. Smithers' car to see him.

# SARNIA TO CELEBRATE ON VICTORIA DAY

## Splendid Programme of Races Has Been Arranged For the Holiday.

[Special to The Advertiser.]

Sarnia, May 23.—The races which are to be held in Sarnia tomorrow are expected to be the best of any given here so far. The racecourse is in very good condition, and a big crowd is expected. The list of entries is an unusually long one and contains many of the fastest horses on the circuit. Quite a number of the animals are from the state of Michigan.

The local ferry boats plying between Sarnia and Port Huron are again landing at the foot of Butler street in the latter city, owing to the dangerous current in Black River. The heavy rains of the last few days have raised the water unusually high and caused no small inconvenience to vessels.

**Banquet to Mr. Boyd.**

The banquet tendered John Boyd, the departing Grand Trunk freigh agent, by the Sarnia Board of Trade was one of the best ever held here. The affair took place at the Hotel Belchamber, starting at 9 o'clock last night. Among the out-of-town guests were U. E. Gillen, Grand Trunk superintendent, of Toronto; R. W. Long, assistant freight agent, Hamilton; Mr. Asa Brown, Port Huron, and William Canham, of the same place. The local guests included nearly all of the town's most prominent citizens. The toast list was a very appropriate one, especially the addresses given by J. J. Pardee, M. P., and Asa Brown, of Port Huron. Mr. Pardee called attention to the fact that Sarnia, in its growth, is spreading out too much, that it is unnecessarily increasing its limits. New industries coming in usually want a location on the river bank, thus lengthening the town along the water front. He believes this will be a detriment to Sarnia, and should be remedied. Mr. Pardee also suggested that a boosters' club, composed of the young businessmen of the town, be formed, and particularly emphasized the statement that all the citizens should pull together for the welfare of the municipality.

**Boost the Town.**

Mr. Brown spoke of the value of boosting, and pointed out the necessity of faith in one's home town and its opportunities. He also said that the Port Huron and Sarnia beaches are unexcelled, and as the two places are essentially resorting towns everything possible should be done to attract the vacationists hither.

Mr. U. E. Gillen assured those present that only the friendliest of feelings exist between the Grand Trunk and the town. Responding to a remark of Mr. Pardee's that railroad sidings on the east end of the town would be of great benefit to Sarnia, Mr. Gillen said that as far as track facilities were concerned the town would find the G. T. R. willing to act.

Mr. R. W. Long said he considered the unusual extension of the town boundaries a mistake.

Mrs. Robert Fleck, wife of Robert Fleck, died at her home on Forsythe street today, aged 63 years. Heart failure was the cause of her demise. The funeral will be held from the family residence on Friday, May 24.

John Bogoes, a foreigner, was arrested last night by a Grand Trunk detective charged with stealing a ride. When arraigned in police court it was found that the man is a Bulgarian, and has been in the States for several years. The magistrate, after warning the fellow that he would be given a year in prison if found in Canada again, directed that he be turned over to the immigration authorities. Bogoes was deported by the local immigration men.

A very successful concert was given by the Boy Scouts at the town hall here last night. The place was crowded, and every number loudly applauded.

A young couple from the "thumb" of Michigan were united in marriage by Rev. Mr. Hawkins, of the Baptist Church, today. Both the bride, Miss Anna Wood, and the groom, Grant Ransom, are from Applegate, Mich.

# JUDGMENT RESERVED IN THE RISPIN CASE

## London Action Before Supreme Court at Ottawa on Wednesday.

The supreme court of Canada reserved judgment yesterday at Ottawa in the action of the Canada Trust Company vs. Dean Davis, of South London, to have the will of the late Richard Rispin construed.

This suit has occupied the attention of the courts of Ontario for the past couple of years, since the death of Luke Rispin, who formerly resided on Duke street, in South London, and who by his will made several $5,000 bequests to his neighbors, and left his house and lot to a nephew, Charles Rowe, who has not been heard from for fifteen years. In the event of it being found impossible to locate Rowe, however, he provided that the property revert to the Byron Sanatorium for tubercular patients.

The father of Luke, Richard Rispin, prior to his death, made a will in which he left several thousand dollars with his executor, the section which the supreme court is now asked to construe being:

"To my executor I authorize and request him to pay the interest in whole or in part to my son, Luke Rispin, as in the judgment of my executor may be prudent with reference to the habits and conduct of my son, my will and intent being that it shall be wholly in the discretion of my said executor to pay the interest and principal in such amounts, and at such times as he shall think fit, or withhold the payment altogether."

Luke was given various sums, but died unmarried, leaving over $14,000 in the executor's possession.

The question for the supreme court to decide is, "Does the money in the hands of the executor belong to the estate of Richard Rispin or to that of Luke Rispin?"

Chancellor Boyd, of Ontario, held that it was the former, and his judgment was affirmed by the court of appeal of Ontario before the matter was sent to the supreme court.

The executor of the late Richard Rispin has asked to be relieved of all despon-sibility and be allowed to hand over all the estate to the courts for them to administer.

# POLICE PUZZLED BY MURDER MYSTERY

**Cannot Learn Who Was With Mrs. Jewar Just Before Death.**

[Canadian Press.]

Boston, May 23.—Still without any tangible clues to work upon, the police today resumed their efforts to uncover the mystery surrounding the murder of Mrs. Lillian E. Jewar, who was found stangled to death in her apartment in the South End on Monday. Police officers in plain clothes scoured the district where the woman lived, and interviewed many persons in the hope of discovering who was with the victim a few hours before her death.

Circumstances attending the manner of killing Mrs. Jewar have led the police and Medical Examiner Leary to believe that the crime may have been committed by a woman. The fact that the woman's nostrils were stuffed with pieces of stocking led them to think that the deed was the work of a hysterical woman. After the victim had been struck on the head with some club or instrument, indications are that a kimono was stuffed into her mouth, and she was then strangled with a towel.

## WOMEN, AVOID OPERATIONS

**Many Unsuccessful — And Worse Suffering Often Follows. Mrs. Rock's Case A Warning.**

**The following letter from Mrs. Orville Rock will show how unwise it is for women to submit to the dangers of a surgical operation when often it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.**

**Here is her own statement.**

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it." — Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has restored the health of thousands of suffering women. Why don't you try it?
