In the Cathedral and the other Catholic churches of the city it was announced yesterday, that the annual collection for the Christian Brothers would be taken up on Sunday next. Nothing affords us greater pleasure than to make this announcement, for it evokes from the Catholic people of St. John's an appreciation of the noble work in which the good Brothers are engaged, which must be highly gratifying to them and most encouraging.

Forced to Return

Ship Met Heavy Weather—Tons of Water Poured Over the ship -Capt. Couch Injured-Cargo Said to be Damaged

Many were surprised yesterday to see the S.S. Bonaventure back in port She had been forced as the result of the past few days to return. The ship left here Thursday afternoon last with a cargo of 20,000 qtls. of fish or more for Naples and got back

to port at 3 a.m. yesterday. From the time the ship left here, she had a very stormy period with gales of wind and mountainous sea and the ship was continually seaswept, the waves often running up the height of the storm bridge. Tons of water poured over the decks and so fierce were the waves that several of the ports were smashed and a constant stream of water poured into the ship threatening to fill her. Though not a great distance off port the ship took from Thursday till yesterday to work back and only by skillful management was this occom-

Capt. Couch was the victim of an ugly accident Thursday night from the effects of which he is now confined to his bed and is being attended by a doctor. He was in the act of drawing a curtain over his berth when the ship made a sudden and violent lurch. Bay Roberts Town Narrow Escape

Reflection From Burning Building Lit up Nearby Settlements-If Wind Blew Opposite Direction Whole Town Would Have Been Wiped Out

The fire which destroyed William Fradham's premises, at Bay Roberts, was discovered at 7.45 p.m. Friday when flames shot out through the windows and roof of the main shop. of its kind there and the three large stores adjoined the building which was on fire, and after a very short while these also were enveloped in flames as a stiff breeze was blowing. Had the wind been blowing in an opposite direction it is likely the whole town would have been wiped out. There were no proper appliances and even as far away as Tilton. The whole establishment was completely razed and the ruins were burning at 2 p.m. Saturday.

The shop and stores contained large stocks of dry goods, flour, pork &c., skin boots &c. brought from Labrador, and all this as well as the buildings was utterly destroyed. As to the origin of the fire there is complete ignorance. We hear that there will be Insurance Co. of which Geo. M. Barr is the agent and of which the owner of the property was the branch agent at Bay Roberts.
