They Appeal to Thoughtful Intelligence.
Don't be prejudiced. Everybody knows that the newspapers are full of dull advertisements of ridiculous "January Clearing Sales." But there are proper appeals to your intelligence and self interest—advertisements worth your time and care in reading. Such as ours.
Do not let vapid statements of doubtful facts gain mastery of your mind. Accept truth, even though it come to you as an advertisement. Do this and it will pay you.

Shortly after one o'clock the annual meeting of the members was called to order, when William Davis was appointed chairman and W. D. Livingston secretary. The report of the society was then read, which showed an income from all sources of $747 34, and an expenditure of $634.80, which leaves a balance in the treasury of $112.54. The society is in a good position, having one of the best fairs in this part of the country. The members have had elected during the past year an addition to their hall at a cost of about $150, which adds very much to the convenience of exhibitors. Munroe, William Lee, Hiram Cross, Vincent Judson, Samuel Hanton and Joseph Hanton. After the election, the new board of directors was called together for business, when Wm. ### BEE-KEEPERS ANNUAL MEETING.

The thirteenth Annual Meeting of the Ontario Bee-keepers Association was held in the county council chambers in the town of Walkerton on 10th, 11th and 12th of Jan. Addresses of welcome were delivered by Mr. Richardson, mayor of Walkerton, and Mr. Sinclair, registrar of county of Bruce.

The first subject taken up for discussion was "the best method of preparing honey, for shipment to the Chicago Exposition." The conclusion reached was, that it should be shipped in tin cans, and that samples of both granulated and liquified should be placed on exhibition. The Canadian government will furnish a supply of glasses in which to display the honey and Mr. Allen Pringle, Selby, Ont., has been appointed as supt. of honey exhibit.

Among the papers which were read and discussed was the following, "How I prepare bees for wintering and care for them in spring," by Wm. McEvoy, of Woodburn. He laid great stress on the value of dry forest leaves as packing, which is, by the way, not entirely new in this district, as a number of bee-keepers are following the above-named method and find themselves individually and collectively indebted to Mr. W. S. Hough for beneficial results, as he has for some time advocated and practiced the use of forest leaves as packing.

A very valuable paper was read by S. Cornell, of Lindsay, on "the density of honey and the best means of curing it to a given weight." He contended that no honey should be marketed at less than 14 lb to the gallon.

A paper by J. K. Darling, of Almonte, on "Why is it?" set forth in very plain terms the contrast between the picture presented by dealers in bee-keepers supplies and the dark experience so often realized by those embarking therein.

The affiliated societies, of which there are nine, reported as follows:—Colonies of bees, spring count, 2985. Colonies of bees, fall count, 4864. Comb honey, season 1892, 27277 lbs. Extracted honey, season 1882, 128349 lbs. Average per colony, comb honey, 9.23 lbs.; extracted, 48 lbs.

OFFICERS FOR 1893.

President, F. A. Genmill, Stratford; vice-president, A. Pickett, Nassagaweya; secretary, Martin Emigh, Holbrook; foul brood inspector, Wm. McEvoy, Woodburn.

DIRECTORS.

W. J. Brown, Chard; J. K. Darling, Almonte; M. B. Holmes, Athens; Allen Pringle, Selby; S. Cornell, Lindsay; Wm. Couse, Streetsville; A. Pickett, Nassagaweya; F. A. Rose, Balmoral; J. B. Hall, Woodstock; R. McKnight, Owen Sound, W. Chalmers, Pool; E. A. Jones, Kertch; D. A. Jones, Beeton.

### Village Council.

The Municipal Council of the Village of Athens met, pursuant to adjournment, in the rooms over the Reporter office on Monday evening, 23rd inst., at 8 p. m. All the members present. After the reading and confirming of the minutes of last regular meeting, the clerk read application from A. W. Blanchard and H. C. Phillips, for the position of assessor; also application from H. C. Phillips for the appointment of police and inspector. The by-law for appointment of village officers for 1893, which was read a first and second time and laid over at last meeting, was then taken up and the blanks filled in as follows: B. Loverin, clerk, at a salary of $55; H. H. Arnold, treasurer, salary $20; Phil. Wiltse and Jas. Seymour, auditors, salary, $3 each; Drs. Cornell and Harte, and W. M. Stevens, with reeve and clerk, as local board of health; Jas. Duggan, high school trustee; and H. C. Phillips, police and sanitary inspector, salary, $35 A by-law was also introduced and passed appointing A. W. Blanchard, assessor at a salary of $20. On motion, the council then adjourned to meet over the Reporter office on the first Monday evening in each month, at 8 p. m. unless specially called by the Rteve.

B. LOVERIN, Clerk.

### Correction.

In making up the list of business men and places in Athens last week we inadvertently omitted the following:—

Two musical instrument agents.
Two sewing machine agents.
One hardware store.
One patent iron ladder factory.
One edge tool manufactory.
Four dress making shops.
Three liveries (instead of two).

Carriages built to order, repairing and painting done in first class style at moderate prices.—A. James.

Mr. D. Derbyshire, of Brockville, has again been elected president of the Ontario Creameries Association. The next meeting of the association will be held at Belleville.

Mrs. Shepherd said, last week, that if money would bring them out she would have several important witnesses rrom England at the trial against the Brockville Recorder at the spring assizes.

Kingston Whig: Although Mrs. Shepherd advertised that her lecture Friday would be based on her life in the convent still the greater portion of her time was devoted to an attack on the Kingston press. She thought she was deserving of more recognition than was accorded her. Her audience was very small. We would much rather have Mrs. Shepherd's denunciation than an aftermath of religious disagreements and enmities undertaken for one we will see perhaps only a week of our lives, and who is making religious controversy a calling.

Lamb's Lubricating Liniment for sore throat, sprains, bruises and every place where a liniment is required.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by J. P. Lamb.

Our Annual Special Offer.

$1.75 from any old subscriber to the Reporter, who pays in advance, will pay for his own and a new subscription for one year. If he sends in two new names $2.40 will pay for all three; if three new names and his own name is sent $3.00 will pay for the four, making his own subscription free. This offer is open to everyone of our subscribers and is sufficiently liberal to make it an object for everyone to send us in at least one or more new subscribers. Who will be the first to accept our offer?

Rebecca Wilkinson, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nervine, which done me more good than any $50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy." A trial bottle will convince you. Warranted by J. P. Lamb.

The Canadian Order of Foresters is a Fraternal Benevolent Society, incorporated in 1879 and registered under the Insurance Corporations Act, 1892, of Ontario. The objects of the Society are to furnish its members with Sick and Funeral Benefits and an Insurance of one or two thousand dollars. The payments of these benefits range from about one dollar to one dollar and fifty cents per month according to the age of the member and the amount of the insurance carried. The membership is composed of men only, and when admitted they must be between the ages of eighteen and forty-five. The present number of members is over 16,000, and the Society has a cash surplus on hand for the payment of the Insurance of over $215,000, $50,000 of which is in Dominion Canada Bonds, and the balance in the best monetary institutions in the Dominion. In addition the local Courts have also a million of dollars in their hands for the payment of the Sick and Funeral Benefits. The High Secretary of the Order is Mr. T. [illegible] White of Brantford, and it is expected that a Court of this [illegible] and purely Canadian Society will shortly be organized here.
