IRON

in medicine is analagous to the importance of Iron in the Industrial Arts. Its use is indicated in all wasting diseases, where there exists no fever, and where the red globules of the blood are diminished. When impaired digestion exists, or other functions are deranged, whereby the tissues lack nourishment, then the speediest and surest cure

IS

brought about by giving Iron. It directly increases the red corpuscles and changes their pale and shrivelled condition to redness and fullness; through them the system is more highly oxygenized, and the conditions necessary for digestion and renewal of tissue are secured. **Estey's Iron and Quinine Tonic** is largely composed of this important medicine, and is now recognized as the

KING

of Tonics and Blood Purifiers. Those suffering from Dyspepsia, Low Spirits, General Debility, Muscular Weakness, Nervous Exhaustion, Loss of Muscular Power, Sleeplessness, Heartburn, or Impure Blood, are cured by taking a few bottles of

Estey's Iron and Quinine Tonic, TRY IT!

and in a very short time you will find your appetite improved, your spirits become more cheerful, indigestion and Dyspepsia gone, and you will feel and know that every fibre and tissue of your body is being braced and renovated.

Sold by druggists. Price 50 cents.

LOCAL MATTERS.

THE "NEWCASTLE CITY" arrived at London last Saturday.

THE QUEBEC EXPRESS is reported five hours late this morning.

OUR Fredericton letter received too late for insertion this week.

AN ENTERTAINMENT, given by the students, takes place at St. Joseph's College, Memramcook, this evening.

THE ANNULAR ECLIPSE on Monday was invisible here, as the sun was eclipsed by clouds at the time.

CLEARANCE SALE at Sackville Book Store on Tuesday and Wednesday next. See advt. in another column.

ROYAL ARCANUM.—Several members of Sackville Council went to Baie Verte yesterday to assist in organizing a Council at that place.

PERSONAL.—Mr. Edward Cogswell and Mr. Charles Fawcett have been at St. John this week attending the annual meeting of the Maritime Stove Founders' Association.

AT the meeting of the Dairymen's Association, held at Windsor last week, a paper was read advocating the establishment of an agricultural college and experimental farm for the Maritime Provinces.

A RARE CHANCE.—The proprietor of the Sackville Book Store is determined to close his business here and offers great inducements to all who will call next Tuesday and Wednesday. See advt.

THE OLIO in the new College Hall next Tuesday evening promises to be something novel in the way of collegiate entertainments, and will doubtless be deserving of a liberal patronage.

DR. HOPPER delivered an admirable lecture in Music Hall on Tuesday evening, and ably sustained his well earned reputation. The lecture was preceeded and followed by excellent music.

OBIT.—The Female Academy has been called on to mourn the loss of one of its pupils, a Miss Sarah Kerr, of Canning, N. S. The cause of death was, it is said, congestion of the brain. Several members of her family have died of the same disease.

N. B. & P. E. RY.—The train which left on Tuesday of last week for Baie Verte did not get back to Sackville till Saturday evening. The hands had a somewhat rough experience and were slightly frost bitten. An engine started for Baie Verte yesterday afternoon.

SLEIGHING ACCIDENT.—Messrs. W. W. Wells and George Chandler, of Dorchester, were thrown from their sleigh near Au Lac station on Saturday, and their horse, which had taken fright at a train, got away from them, but was caught soon after. Fortunately, neither of the gentlemen was seriously injured.

A STORM BREEDER.—After repeated postponements the open air Tournament at Point de Bute is announced for this evening with a number of new attractions, but it is safe to say that it will be again postponed. The announcement of a tournament at Point de Bute is much surer to bring a storm than any of Wiggins' predictions.

FROM PORT ELGIN.—Last week, while Mr. Anthony Fields was assisting in moving a house belonging to Capt. Jacob Pollard from Burnside to the river he became entangled in some bushes through which the team was passing and the building was drawn upon him, injuring him so severely that his life was thought to be in danger. He is now recovering.

HON. JOHN B. FINCH, the champion Prohibitionist, is to return to the Lower Provinces to fill 30 appointments now making for him. He will arrive on the 8th day of June. Nova Scotia papers speak in the highest terms of his great lectures there. Any places that want his services should correspond at once with P. J. Chisholm, Truro, N. S, who has charge of his appointments.

THE STORM announced by Dr. Wiggins for the 18th failed to connect, and the day was one of the finest of the season. At midnight, however, a big snowstorm commenced and is still raging. Of course Dr. Wiggins will claim this storm, although the earthquakes which were to accompany it have not come to time and the tides are no higher than usual.

A POUND PARTY, under the auspices of Au Lac Lodge, No. 83, I. O. G. T., will be held in their Lodge Room on Wednesday evening, March 25th. Professor J. J. Schroemzer, of Switzerland, and at present a guest of Fen. W. Wallace, of Sussex, N. B., will give an account of the manners and customs of his country. This will be a treat rarely heard by the people of Westmorland Co., and none should fail to hear this wonderful man.

GENERAL NEWS.

—The cable steamer "MacKay-Bennett" is at Halifax.

—*Le Petit Journal*, of Paris, has a daily circulation of 800,000.

—A keeper in the Winnipeg asylum was murdered last Sunday by an insane woman.

—A mysterious light which moves about in a very erratic manner is creating quite a sensation in P. E. Island.

—There are reports that an actual collision has occurred between the Russians and Afghans.

—The British Government intends to build fifty stern wheel steamboats for use on the Nile.

—There have been 781 deaths from pneumonia in the City of New York during the past six weeks.

—The British naval squadron stationed in Chinese waters have been ordered to rendevous at Hong Kong.

—Advices from Calcutta report that the tea and indigo districts in India are suffering severely from drought.

—Albert Fisher, of Londonderry, aged 18, died on Monday from injuries received while coupling cars a few days before.

—The directors of the Starr Manufacturing Company of Dartmouth, N. S., have declared a dividend of six per cent.

—The French, after five days' fighting, have carried the Chinese positions around Kelung. Forty Frenchmen were killed and 200 wounded.

—A meeting in St. John on Sunday night, under the management of the Salvation Army, was interrupted by cayenne pepper on the stove.

—Three thousand operatives in alpaca and worsted mills at Saltaire, Yorkshire, have struck against 10 per cent. reduction of wages.

—The British steamer "Standard" sailed from Boston for London on the 21st January and has not yet been heard from. It is believed she is lost.

—A French man-of-war has stopped and searched the British steamship Surat, belonging to the Peninsula and Oriental steamship company.

—The revolt against the French in Cochin-China is spreading. A good deal of fighting is going on and many Europeans have been massacred.

—Joseph Cohen, aged 26, one of the contestants in the recent six days roller in the New York skating tournament, died on Monday from exhaustion.

—The Polar expedition under Baron Tull and Dr. Bange is snowbound near Tundren. It is feared most of the members of the expedition have perished.

—The London *Telegraph* states that the English Government has rejected the offer of the United States to negotiate a convention with the British West Indies.

—It is reported that Russia has been sounding Turkey with reference to a Russo-Turkish alliance, and that the porte has replied that Turkey will remain neutral.

—The British Government has suspended for one year the discharge of soldiers eligible for the reserve force, and also transfers from the army in India to the reserves.

—There is no one article in the line of medicines that gives so large a return for for the money as a good porous strengthening plaster, such as Carter's Small Weed Belladonna Backache Plasters.

—Mackin and Gallagher, two of the men convicted at Chicago of stuffing ballot boxes and falsifying election returns, have been fined $5,000 each and sent to Joilet Prison for two years.

—At San Sabra, Texas, the other day, a couple were married on the street, sitting in a buggy, the bridegroom armed with a rifle and the bride with a revolver. They feared the bride's relatives.

—It was announced in London on Sunday, on the authority of private telegrams, that Kassala had fallen and the garrison had been massacred. The report, however, is not believed by the Government.

—The Government has ordered the naval and military pensioners at Portsmouth dockyard to be in readiness for medical inspection. This is the first time such an inspection has been ordered since the Crimean war.

—Buckhorn, chief of the Digger Indians, in Dakota, has a novel-looking team, consisting of two immense buck deer, with large antlers. Attached to a buckboard or sleigh, they carry the chief over the country at a dashing rate.

—A decision was rendered in favor of Edmund Yates in the libel suit brought against him by Mr. Legge, Editor of the *Whitehall Review*, for describing him in the London *World* as fishing, and an editor of the fishmongers organ.

—Recent despatches state that the French troops captured two cannons and an enormous amount of military stores at Kelung. The loss of the Chinese in their defence of the positions around Kelung, which were besieged and captured by the French, was about 1,200.

—Northwest Indians are dying in large numbers from a singular disease, the first symptoms of which are stiffening of the knees and joints, from which death soon follows. Chichen pox and diphtheria have taken off many more and they are in generally in a starving condition.

—Veterinary surgeons all over the country are fiercely denouncing parties who put up *extra large* packs of worthless trash and sell it for condition powders. They say that *Sheridan's Cavalry Condition Powders* are the only kind now known that are worth carrying home.

—Orange raising in California has not been successful this year, prices having fallen as low as 35 cents a box in some instances. The fruit is not so large as usual, but excellent in flavor, and, though now ripe, will be better if left on the trees till May. The lemons are large and fine.

—The trouble connected with the refusal of the British Columbia authorities to allow a lot of Chinese to land there will right itself. The Chinese in British Columbia will it is stated, take the case of the refusal into the courts, where previous decisions are against the action of the authorities.

—The Maritime Stove Founders' Association met at St. John on Tuesday. The following officers were elected for the ensuing year: E. Cogswell, president; Clarence H. Dimock, vice; D. W. Robb, secretary; F. W. Wilson, treasurer. It was decided that the terms, prices, etc., be the same as last year.

—At St. John's, Mich., Mrs. James L. Kellogg went with her two children to the bedside of her dying father. While watching him in his last moments her son Harry, aged 12 years, procured a revolver and accidentally discharged it, the ball striking his little sister May, aged 5, in the head, killing her instantly.

—The famous Holstein cow, "Echo," owned by F. C. Stephens, proprietor of Maplewood stock farm, Attica, N. Y., which gave birth to male triplets March 4, died the other day. Her owner refused $25,000 for her, and was offered $5,000 for her calf, if a male. She had the largest milk record in the world. The calves are doing well.

—Recruiting is in active progress in India to supply the reserves and make up for the drain caused by members of the reserve force being drafted into regiments for active service. The government does not propose any immediate increase in Indian troops of the line, but proposes to raise 30,000 additional native troops for garrison duty in India.

Pugwash Items.

—A donation at the Head of Wallace Bay last week realized for Rev. Mr. Morton $65. Quite a valuable auxiliary to the current funds.

—Mr. Redman is progressing finely with his new schooner. The deck frames are in and she is about ready for planking inside and out.

—We are having fine weather and good roads. The thaw of Monday removed the snow from the ice so the going thereon is first rate and pretty well improved with hauling timber, wood and poles, supplemented by sleigh driving for pleasure as well as business.

—The opening services of the new Methodist Church, at Fort Howe, took place on Sunday last. Rev. Mr. Morton conducted the morning service and preached a very appropriate and instructive discourse from the 87th Psalm, dwelling more particularly upon the second verse "The Lord loveth the gates of Zion more than all the dwellings of Jacob." Rev. Mr. Darragh (Presbyterian) officiated in the afternoon, and not knowing anything as to the morning service, coincidentally read for his lesson the same psalm from which Mr. Morton had discoursed in the morning, and taking his text, the 13th verse of the 77th Psalm, "Thy way O God is the sanctuary," discussed in his usual intelligent and appreciative manner, to a congregation crowding the beautiful little "sanctuary" to its utmost capacity. Rev. Mr. Vickery (Baptist) preached in the evening. The services throughous were characterized by unanimity of sentiment and feeling in reference to the object and end for which the house was built. Remarkable success has crowned the laudable undertaking of a few who about one year ago met to consider the matter of building a church. They at once decided to "arise and build" and they now find themselves in the possession of a beautiful little "sanctuary" capable of seating from 200 to 250 people, all completely finished and furnished, even to lamps and blinds. There is one thing which it will not have that many more pretentious churches have, viz: *there will be no debt on it.* Great credit is due to all who have interested themselves in this good work, but the crowning success may be fairly credited to the untiring zeal and persevering effort of Mr. Uriah Johnson and his excellent christian lady, who have left nothing undone that they could accomplish for so desirable an object and now they will enjoy the fruit of their zealous toil. The formal dedication will take place on Sunday, 29th March, at which service the Superintendant of the district, Rev. Mr. Cassidy, is expected to preside.

Botsford Items.

—It is said that there will be three new lobster factories built this summer on the coast between Cape Spear and Baie Verte.

—The old factories are making preparations for the summer's work. They intend doing a large business; may success attend their labors.

—Business men here are looking forward to an early completion of the Railroad, and are waiting patiently. It is much needed to facilitate business and travel.

—C. W. Oulton and Isaac Allen are making extensive preparation for building a large schooner at the Oulton yard. They intend laying the keel this month.

—Our energetic Councillor, Mr. Burke, has been driving through the parish visiting the principal places of business. He seems to be the right man in the right place.

—There is a large quantity of logs got out this winter. There are on the Emigrant Road no less than five yards, averaging 1000 logs to a yard, within a distance of five miles.

—There are certain parties trying to enrich themselves by taking timber off the Church land. The timber thus taken consists of logs, firewood and poles.

—As a token of the esteem in which the Rev. Mr. Penna and Mrs. Penna are held, their friends at Bayfield and vicinity met at the parsonage a few evenings ago, and, after spending a pleasant evening, left as a donation the sum of $75, in addition to a donation made at Upper Cape of $15, in all amounting to $90, to gladden the heart of the pastor and his family.

In the Whole History of Medicine

No preparation has ever performed such marvellous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in throat and chest disorders, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and operation, physicians use the CHERRY PECTORAL extensively in their practice, and clergymen recommend it. It is absolutely certain in its healing effects, and will always cure where cures are possible.

For sale by all druggists.

—Ayer's Hair Vigor stimulates the hair cells to healthy action, and promotes a vigorous growth. It contains all that can be supplied to make the natural hair beautiful and abundant; keeps the scalp free from dandruff, prevents the hair from becoming dry and harsh, and makes it flexible and glossy.

—When the blood is loaded with impurities, and moves sluggishly in the veins, an alterative is needed, as this condition of the vital fluid cannot last long without serious results. There is nothing better than Ayer's Sarsaparilla to purify the blood, and impart every energy to the system.

At this season of the year the system undergoes a change. The blood requires looking after. Now is the time to take Estey's Iron and Quinine Tonic.

From Amherst.

—County Court Tuesday next, 24th inst.

—The Board of Commissioners under the Dominion License Law meets at the Court House on Thursday next, 26th inst.

—The boy contortionist, Willie Waters, of Boston, was the attraction at the rink last week.

—The race at Blair's Lake, Nappan, on Tuesday, between horses of Messrs. Buckley, of this place, and Prescott, of Baie Verte, was won easily by that of the latter. It is stated that some three or four hundred people witnessed the race. The proposed skating match between Foster and Faulkner did not take place owing to the state of the ice.

—The lecture of the Rev. Isaac Brock, of Londonderry, on "Genesis and Geology," proved a rich treat to those who were disposed to attend. The lecture aimed at the reconciliation of science and revelation, and a clearer and more convincing presentation of the subject could hardly have been made. The rev. gentleman has delivered the lecture in several of the centres of the Province and has won by it a well deserved reputation.

From Parrsboro.

—A carnival and ball took place Tuesday night at the rink.

—The Sand family were assembled here on Tuesday to consult one another and solicit all information from each other and to ascertain the exact genealogy of the family. They met at the Union House here, kept by D. McNamara, whose mother is a daughter of the veritable Miss Sand, after she married Michael Atkinson, of West Brook. The family were represented by Michael Atkinson, of Apple River, who is the youngest son of this Amy Sand, and the only son living, also by men by the names of Fullerton, McAloney, Canning, Taylor, Roscoe, Brown, Fulton, Quinn and Sons, of St. John, and William Atkinson, son of said Amy. Mrs. Atkinson's family consisted of ten daughters and three sons. There are now but four daughters and one son. The four living are Mrs. McNamara, Mrs. Quinn, Mrs. Fulton and Mrs. Robert Fullerton. They appointed a committee to procure statistics and all necessary means to find their heirship to the large amounnt of $65,000,000.

—Mrs. Ann Decosti died at Harbor au Bouche, N. S., on the 1st inst., at the remarkable age of 110 years. She had three sons and five daughters, and ninety of her grand children, and one hundred and forty of her great grand children are living.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noyes, *149 Power's Block, Rochester, N. Y.*

Itching Piles—Symptoms and Cure

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night, seems as if pin-worms were crawling in and about the rectum; the private parts are some times affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also for Tetter, Itch, Salt Rheum, Scald Head, Erysipelas, Barbers' Itch, Blotches, all scaly, crusty Skin Diseases. Sent by mail for 50 cents; 3 boxes $1.25, (in stamps.) Address DR. SWAYNE & SON, Philadelphia, Pa., Sold by all druggists.

Washington's Monument.

I. S. Johnson & Co., Custom House Street, Boston, will send free to all who send their address on a postal card, an engraving of this famous Monument, the tallest structure in the world; also valuable historical facts connected therewith. If you don't send for it, you will be sorry when it is too late.

RELIGIOUS.—Plan of Methodist Services for Sabbath, March 22nd: Sackville, 11 A. M., Rev. R. W. Weddall; 7 P. M., Mr. George Dawson. Upper Sackville, 3 P. M., Rev. R. W. Weddall. Middle Sackville, 7 P. M., Rev. C. Stewart, D. D. —Rev. J. A. Duke will preach next Sabbath at Cookville at 10.30 A. M., and at Anderson at 6.30 P. M.

Scott's Emulsion of Pure

Cod Liver Oil, with Hypophosphites,

In Acute Pulmonary Troubles.

Dr. F. B. STRICKLAND, New York, says: "I find your Emulsion very beneficial after all acute pulmonary attacks in adults, and in children during and after such diseases."

A Valuable Patient.

The most valuable discovery patented in modern times is that of the best blood purifier and liver and kidney regulator known. We refer to Burdock Blood Bitters, which is making so many wonderful cures and bringing the blessed boon of health to many people.

The Question of the Day.

"What is good for a cold?" is a question often asked, but seldom satisfactorily answered. We can answer to the satisfaction of all, if they will follow our advice and try Hagyard's Pectoral Balsam, a safe, pleasant and certain throat and lung healer. Sold by all druggists.

—A Dublin despatch, dated March 17, says:—Portadown, a manufacturing town of several thousand inhabitants, was the scene of a serious riot to-day. A body of nationalist rioters wrecked the houses of certain obnoxious persons. Bands of Orangemen paraded the streets and great excitement prevailed.

Answer This.

Can you find a case of Bright's Disease of the Kidneys, Diabetes, Urinary or Liver Complaints that is curable, that Hop Bitters has not or cannot cure? Ask your neighbors if they can.

How to Make Money.

Twenty-five cents worth of *Sheridan's Cavalry Condition Powders* fed out sparingly to a coop of twenty-five hens will increase the product of eggs 25 per cent. in value in thirty days.

No Matter.

No matter where pain, lameness or soreness exists, Hagyard's Yellow Oil taken or applied will give immediate relief, and a positive cure quickly follows its use.

—The chief missionary of the Ojibeway Indians, speaking at New York Tuesday, said that the whole Ojibeway tribe would be ready at a day's notice to fight for England if they should be called upon to do so.

USE Estey's Fragrant Philoderma for Chapped Hands, Sore Lips, etc.

Races at the Rink.

Owing to the heavy rain on Monday the attendance at Tantramar Rink in the evening was undoubtedly much smaller than it would otherwise have been, and the sloppy condition of the ice interfered seriously with the sports. The one mile amateur race was skated in heats, the first, between Corey Hoar, Geo. Trites and A. Harrison, being won by Trites with Harrison second. The second heat was between W. Handwright and J. H. Ogden, and was captured by Handwright. The final heat between the winners of the other two was easily taken by Trites. In the three mile handicap race the only starters were Geo. McLean, of Amherst, and J. W. Foster, and the former retired before the third mile was finished. The other races were not called for lack of entries. Mr. McLean gave an excellent exhibition of fancy skating, and Willie Waters, the India rubber boy, performed some wonderful feats of contortion which were not on the bills. It is understood that Mr. Foster will have another tournament at the Rink on Saturday night, when a number of first-class attractions will be introduced.

—A quantity of dynamite has been found concealed in the Irish quarters at Liverpool. Officials from the home office have gone to Liverpool to make an investigation.

—The Provincial Exhibition of Nova Scotia will be held at Kentville this year.

—Prince Edward Island Legislature opened on the 11th inst.

Boston Market Report.

(Prepared for this paper by Messrs. Hatheway & Co.)

BOSTON, March 14, 1885.

BUTTER.

The Butter market has been dull and declining, and it is impossible to give close quotations. The demand is almost entirely for fresh grades.

EGGS.

There has been a good demand for Eggs and sales were made on Thursday at 25½ to 26c. per dozen. Yesterday prices dropped to 24½c. for fresh lots, and the market closed unsettled.

POTATOES.

Potatoes are coming in a little more freely from New York and Canada and prices are not as firm as last week. Rose, Prolifics and Hebrons are selling at 58 to 60c. Burbank Seedlings are not easy to sell at over 55c.

LUMBER.

There is not much doing in cargo lots, but the yard trade is improving and the outlook is promising for the spring business.

Hotel Arrivals.
