CHILD WELFARE WILL INVADE WESTERN FAIR

The London Child Welfare Association is revealing its enterprise and desire to interest the public of Western Ontario in conservation of child life, by holding an exhibit at the Western Fair. An ideal location has been obtained in the main building on the second floor at the top of the north stairway. A model nursery, approved by the association, has been fitted up by Smallman & Ingram as a part of their exhibit and right next. Baby clinics will be held Tuesday, Wednesday, Thursday and Friday afternoons from 2 to 4 o'clock. Dr. Lindsay will take charge Tuesday, Dr. W. J. Tillman, Wednesday; Dr. J. I. Ferguson, Thursday, and Dr. Shiell on Friday. All these medical men had a leading part in conducting the clinic of child welfare week, of which Dr. Tillman was in charge.

Since that time they have conducted the weekly clinic at Victoria Hospital. The babies will be weighed by nurses, examined by the doctors and record cards will be filled in for the parents or guardians as valuable souvenirs. In case of numbers of little ones being brought, precedence will be given to the out-of-town babies, owing to the fact that all mothers in the city have the privilege, easily accessible, of taking their children to the weekly clinic held by the association each Tuesday morning at Victoria Hospital.

Miss Smith, child welfare nurse, and Miss Friend, public health nurse, were out at the fair this morning arranging for the clinic.

BROKEN RAIL PILES UP G. T. R. FREIGHT TRAIN NEAR KERWOOD

Sends 23 Cars From Track and Ties Up Traffic—Crew Unhurt.

Twenty-three freight cars were piled up in a heap on the right of way and 300 feet of track torn up, as a result of the derailment of a G.T.R. eastbound freight one and a half miles west of Kerwood about 9:30 o'clock Saturday evening. A broken rail is given as the cause of the wreck. The freight crew all escaped injury. Three auxiliaries, from London, Hamilton and Sarnia Tunnel, have been working since the accident, and traffic was restored on the westbound at 8:45 on Sunday evening. The eastbound will not be cleared for two or three days, the officials state. All traffic, they say, will be passed over the one track with very little inconvenience.

The freight, which was composed of 41 cars, 14 of which were filled with corn and oats, destined for points east of Toronto, was making about 30 miles an hour when the accident occurred. The engine and first three cars passed safely over the rail, but the following 23 cars were derailed. The train was brought to a stop about the time the 23rd car had left the track, and thus the rear of the train, in which were the trainmen, remained on the track. The train was in charge of Engineer Love of Mimico and Conductor Pinkney of Sarnia Tunnel.

As a result of the wreck, the boat train, which made its last trip of the season on Sunday, was routed via Stratford. All freights were taken over the same route. The passenger trains were sent to Sarnia by way of Glencoe and Kingscourt, which delayed some of them one hour.

False Modesty

has led many a suffering person to neglect the treatment of piles. The itching, stinging sensations produce the keenest distress. The thought of a surgical operation brings mental anxiety which undermines the general health.

Relief can always be obtained by the application of Dr. Chase's Ointment, and in most cases persistent treatment brings about complete cure. This ointment is worth trying when you think of the comfort to be obtained.

Letter Containing Sad News Reaches Wrong Person Here

A letter addressed to Mrs. E. Smith, Queen's avenue, is in the hands of the secretary of the local branch of the Soldiers' Aid Commission and awaits the owner.

The letter was received this morning by Mrs. E. E. Smith, 386 Queen's avenue, but on opening the letter she discovered the letter was for another party.

The letter brings sad news, as Sapper N. J. McInnes, the brother of Mrs. Smith, for whom the letter is meant, has died in Vancouver Hospital.

If Mrs. Smith, sister of Sapper N. J. McInnes, will communicate with the secretary of the Soldiers' Aid Commission the letter will be forwarded to her.

BAND CONCERT PROCEEDS OF $153 WILL GO TO SWELL THE NAVY LEAGUE FUNDS

The proceeds of the Sunday evening band concert, given under the auspices of the Seventh Regiment Chapter, I. O. D. E., will be devoted to the Navy League. The concert was given in the first place with the idea of using the proceeds for the chapter's patriotic work, but the Navy League, not having met with the success expected here, the chapter kindly donated its proceeds, which amounted to $153, toward this worthy object. Dr. T. J. Conn, during an intermission, spoke on the Navy League campaign, and regretted that only $10,000 of the objective, which was $25,000, had been raised. He hoped, however, that this amount would be increased during the coming week. All those wishing to make contributions can sent them to Mr. McLean of the Bank of Commerce. An excellent program under the direction of Lieut. A. W. Slatter was given. The numbers were:

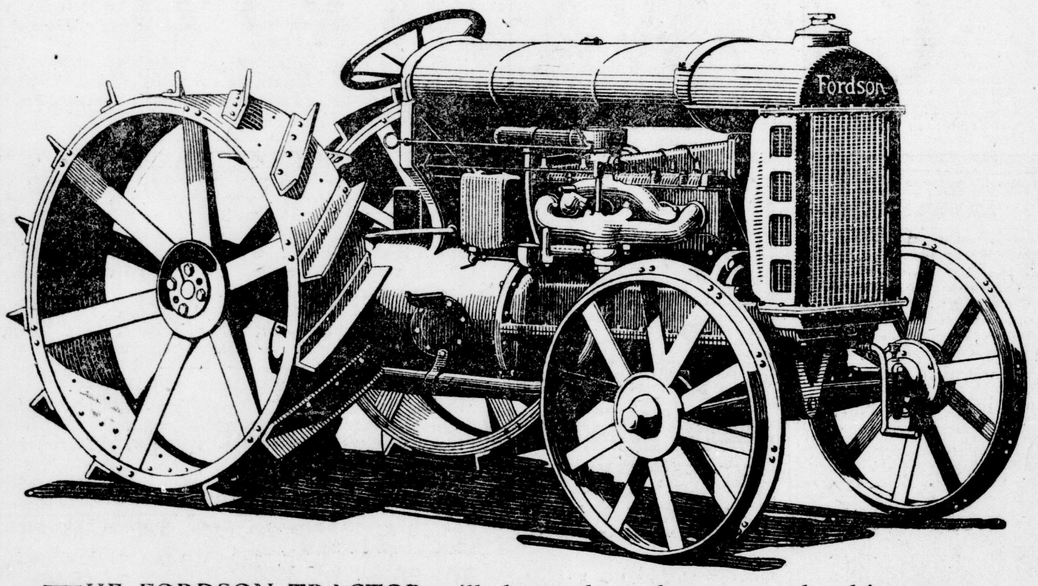
FORDSON TRACTOR

DEMONSTRATIONS AT

THE WESTERN FAIR GROUNDS AND ASYLUM FARM

Corner Oxford Street and Asylum Side Road



THE FORDSON TRACTOR will draw plows, harrows and cultivators to prepare the land; seeders, drills, etc., to put in the crop; binders, mowers, etc., to do the reaping. It is already fitted with a bevel gear for a side-drive belt pulley, which will permit it to drive threshing machines, ensilage cutters, saws, etc., when this belt pulley is supplied. Its usefulness does not stop at farm work, however. There are practically as many uses for the tractor as there are lines of agricultural and commercial activity.

Fair Visitors Will Be Greeted With Many Attractions At This Store

TO A GREAT many who come annually to the Western Fair the fall fashion exhibits at this store are of first importance. The wartime fashion creations in millinery and ladies' ready-to-wear are of more significance than for many seasons. The fashion artists seem to have grasped new inspirations from the battle fields of Flanders, the airplane and the submarine, and notwithstanding the difficulty in producing fashion garments now as compared with normal times, all past efforts seem to be eclipsed in the displays shown at this store for the fall and winter season, 1918-19. We are ready in all departments with new fall fashion displays for fair week visitors, and we invite you to accept the freedom of this store—to inspect without feeling under the slightest obligation to make a single purchase.

Coats--the Modes of the Hour

In the character of the cut and the cloth the coat modes of 1918-19, in presentation here, establishes new standards of distinctiveness. Originalities appear in the handling of furs and fur fabrics. Every small detail of tailoring has been taken care of. Inspect this display while in the city.

Prices with fur collars .....**$30.00 to $100.00**

ST. JOHN'S HARVEST THANKSGIVING SERVICES WERE MOST SUCCESSFUL

Harvest Thanksgiving services were held in St. John's Church, London Township, yesterday and, if possible, were better than ever. Everything contributed to this success. The weather was glorious and big congregations assembled at both services from the city and country. The church itself made a beautiful picture, decorated profusely as it was with fruits, flowers, and grains of the season in richest variety.

The services were inspiring and the full choir and responsive congregations made the music something to remember. Ven. Archdeacon Richardson officiated and Rev. Sextus K. Stiles of Toronto preached both sermons. The morning discourse was based on Psalm l., Verse 1, and the speaker dealt eloquently with the great subject of Thanksgiving and the various modes of expression. The offering was in aid of the missionary society of the Church of England in Canada, and was larger than any taken at previous occasions of this kind. An interesting feature of the morning service was the solemn dedication by Archdeacon Richardson of two handsome hymn numeral boards presented by St. John's Guild.

The evening sermon was a powerful one, based on "Despising the Riches of the Goodness of God."

WILL HELP REGISTER AMERICANS OF DISTRICT

Citizens of the United States in and about London may register with Arthur E. Bischoff, of the London Free Press, who has agreed to assist the United States consul in handling those who live in this vicinity.

Mr. Bischoff states that all United States male citizens between the ages of 18 and 45, inclusive, who have not already registered in any previous registration call, are required on or before September 12. They are advised to do so as soon as possible, so that their papers may be forwarded to the registration board sitting in the vicinity in which they formerly resided in the United States.
