THEN QUIT.

When age creeps on,
And knees grow stiff;
When the lungs won't fill
As you take a whiff;
When your feet won't move,
And your wrists won't bend,
And you feel darned bad
Towards the end—
Then quit.
Quit so quick that the crowd won't say
He's a "has been," has been many a day.

FEILDIANS DEFEAT GUARDS.

FEILDIANS	7
GUARDS	4

In the last match but one of the Tie Cup Series, played on Saturday night, the Guards won in the first period, slept through the second, and died slowly in the third. True, they were handicapped, owing to the absence of W. Clouston, but that was hardly a sufficient reason for the lapse into semi-unconsciousness of certain players, who thereby threw all the work on the others.

Referee Tobin started the game sharp at 9.30 and the ice during the first period was surprisingly good. The teams started in right away with Ewing sending the first shot to Joyce, who saved. J. Herder picked it up and flashed towards Hunt, who deftly turned the shot one side. Winter, Herder and Munn each tried their luck, but the goalies were alert. Four minutes of fast play passed before H. Munn caught Hunt napping and the Guards drew first blood. The Feildians tried hard to equalize and Joyce had a busy time, but the defence was solid. Another 4 minutes and E. Munn ran the length of the Rink and scored No. 2. Two splendid shots from Ewing were well saved, but several good chances to score were missed by the Feildians. The Guards gave some good exhibitions of combination at times and a hot pace was maintained by both sides. No. 3 was secured by J. Herder by a long shot and Feildian stock fell a few points. It was not until but four minutes of play remained that the luck turned. Winter took charge and evading all opponents sent Joyce an easy one which found him off his guard. Half a minute later Rendell came all the way and up went No. 2. Ewing, not to be out of it, tried his luck just before the gong went and landed No. 3, the equalizer.

2nd Period.

The ice began to get heavy and the pace slackened considerably. This was, however, not altogether due to the condition of the ice; for while J. Herder, H. Munn and Coultas, who had played star games in the first period, kept on going, there was a decided tendency on the part of the other Guardsmen to take things easy. Rendell, without much opposition, scored the leading goal, which was evened by Paterson some ten minutes later. There was no further scoring during the period.

3rd Period

Four minutes after Tobin dropped the puck Winter had tallied No 5. Ewing and Rendell came along half a minute later and landed No. 5. Hunt was called upon occasionally and saved several long shots. But the Guards, with one or two exceptions, were not showing much fight and Joyce had a busy time. Reid secured No. 7, after fixing himself in position and deliberately taking aim. Nobody interfered. Then the game gradually died and no one was sorry when the gong sounded.

Notes On The Game.

Only one penalty was handed out. But there were some .. .. ..!

J. Herder and H. Munn certainly were the backbone of their team. But a player can expend his energy needlessly.

All the Feildians seemed in the pink although they took some time to get over the shock of having to turn out again after they had concluded that there were to be no more games.

The ice men managed to get a fairly good surface but the visitor from Greenland had more to do with it than they had.

ST. BON'S WIN THE TIE CUP—FEILDIANS DEFEATED IN PLAY OFF.

With water covering the ice, deadening the headway of the puck and making passing almost impossible, and with a surface too soft to allow of speed, the game went full time to a draw. In the play off Phelan flicked in the winner which gave the Tie Cup to St. Bon's.

Off side, kicks, and lost puck made what at no time was a good supply of hockey owing to the condition of the ice, an interesting game so far as the result was concerned. Neither side had any advantage over the other and ten minutes passed before Cahill scored for St. Bon's. Matters quickened after that, and before long Ewing, by coming down to the goal, going behind it, and circling around it to the front again, managed to score from what appeared to be an impossible position. One and a half minutes before the gong sounded, Rendell sent a long shot to Ryan, who again failed to save. Feildians 2; St. Bon's 1.

2nd Period.

Cahill for St. Bon's and Ewing for the Feildians both tried their luck without success, and several attempts at combination were made. For the most part, however, it was a case of "find the button," and it looked at times as if the final result would depend upon which team had the greatest number of survivors from drowning. Fifteen minutes had passed before Cahill sent a pass to Phelan, who was standing unmarked in front of Hunt and promptly slapped it home. From that time to the end of the period, St. Bon's fought hard to gain the lead, but the defence was too strong and the Feildian forwards were well blanketed by the back checking tactics of their opponents. The gong sounded with the score two all.

3rd Period.

The third period was scorcless, although some good attempts were made by Winter, Phalen Halley, Ewing and Withers. At times the game dragged and the stoppages, most of them unavoidable, were numerous.

Full time found the score even.

The Play Off.

After a brief rest the game was resumed, but ends were changed without either side gaining any advantage, until to the surprise and dismay of the Feildian supporters Rendell, who was booked to take part in a theatrical performance, left the ice. The result was almost immediately disastrous. The breaking of the defence was the St. Bon's opportunity and Phelan was not long to seize it. Running through, he scored the winner, which brought prolonged applause from the spectators and the gong sounded immediately afterwards.

The victory gives to St. Bon's the Tie Cup and they are to be congratulated on their success. They have fought hard and consistently and were certainly the runners-up for honors all through the season.

RIDDELL'S BAY GOLF CHAMPIONSHIP.

The final of the men's championship at Riddell's Bay, recently, provided the most spectacular play which this course has witnessed since its opening.

Lieut.-Commander Leach, R. N., and Mr. A. C. N. Gosling, a Newfoundlander, and a Cambridge half-blue for golf, were the finalists, and the latter won very easily by 11 up and 10 to play. His finest play was seen in the morning, when he did the eighteen holes in 59, 7 below par. It is the best work an amateur has accomplished on the course. Thompson, the pro. did it last year in 63—and it is a pity that the score cannot rank as a record. Unfortunately, all the putts were not holed and so it cannot be accepted. In the afternoon he did the eighteen in 64. He won the game at the 8th hole.

The Naval man played pluckily, but was outclassed in all departments.

Following are the scores in the final:—

Morning.

Out.										
Par.	4	4	3	3	4	4	5	3	3	—33
Gosling ..	5	4	3	4	3	4	4	4	2	—33
Leach .. .	4	6	4	5	4	5	6	pu	3	—37
In.										
Par.	3	3	4	4	4	4	4	3	4	—33
Gosling ..	2	3	3	3	4	3	5	3	pu	—26
Leach .. .	4	2	5	5	6	5	5	3	3	—38

Afternoon.

Out.										
Gosling ..	5	4	2	3	4	4	pu	4	3	—30
Leach .. .	4	5	5	3	4	5	5	5	4	—40
In.										
Gosling ..	.3	pu	5	4	4	4	4	6		—34
Leach	.3	3	6	4	6	4	5	5	4	—40

In the qualifying round, Mr. Gosling obtained 74, Commander Leach 75, and Mr. Peterson 73, and the latter won the medal for the lowest qualifying score.

Semi-finalists in the championship flight were Lieut. Scott, Norfolks, and Mr. Peterson.

Bumper Audience Attends Performance

"ABIE'S IRISH ROSE."

In response to insistent requests, the play "Abie's Irish Rose" was reproduced to crowded houses yesterday afternoon and night. Owing to the death of his sister, Mr. P. Dobbin was not able to play, but his part was taken by Mr. Ralph Herder, who gave an excellent interpretation of the role. The balance of the caste was excellent and the audience was kept in fits of laughter from beginning to end. Specialties between the acts were a feature of the performance, while the musical Irish airs, by Mount Cashel Band were all that could be desired.

St. Thomas's Notes

Rev. Canon Earp and his family expect to be leaving St. John's by the Silvia on April 2nd.

Next Sunday at the eleven o'clock service, the Memorial East Window, a gift of Mrs. J. S. Munn in memory of her husband and the members of her family, will be dedicated. The window, which depicts the Ascention, is the work of the firm of N. T. Lyon, of Toronto.

On Thursday next a lecture will be given by Rev. J. B. Elliott, under the auspices of the Llewellyn Club. The subject of the address will be "With Allenby in Palestine" and the proceeds will be given to the W.H.M.S.

The question of selecting a new Rector for St. Thomas's Church will be considered at a meeting of the congregation on Monday, March 31st, at 8 p.m., in the Canon Wood Hall.

Be Good to Your Face

Be careful of cold, harsh winter winds. They injure the sensitive skin. Women who appreciate what an advantage a refined complexion is, invariably make a point of using both Three Flowers Face Powder and Vanishing Cream at least twice a day. This splendid combination gives just the right tone to the skin and prevents roughness, redness, etc. You will be glad you decided to use Three Flowers powder and cream for their distinctive difference will captivate your good taste and that of your friends immediately. Most drug and department stores now display the Three Flowers preparations.

At Holy Cross

The celebration of St. Patrick's Day at Holy Cross was composed of a great variety of amusements, which proved very successful. The attendance at the afternoon and evening events exceeded all expectation, and established a record at the Schools: In the afternoon the play "Rose O' My Heart" was staged under the direction of Mr. Percey Jardine. Between the acts Miss P. Jardine rendered several beautiful songs. During the evening appropriate selections were discoursed by the Mount Cashel Band. At night a delightful old time Irish Re-Union was held. A card tournament was run off, the following being the winners: Messrs. Downey, L. Boland, Mesdames. Walsh, Lee, Sullivan and Fleming. A dance concluded the programme of events. The winners of the elimination dance were Master Thos. Coady and Miss Hattie Ryan.

T. A. Ladies

A card party, supper, and dance held by the T. A. Ladies' Auxiliary was quite up to the standard established by this organization. The prizes in the card tournament which took place in the afternoon went to Mr. C. Myler and Mrs. P. Hickey. After supper, a dance was held to the musical strains of Miskell's Orchestra. The affair proved very enjoyable.

Look

And note the prettier teeth you see everywhere today

Note how many teeth now glisten where dainty people gather. Mark what added beauty those whiter teeth convey.

Millions now clean teeth in a new way. They combat the film. Accept this test and learn how much that method means to you.

Film a dingy coat

You feel on teeth a viscous film. Much of it resists the tooth brush, clings and stays.

Soon that film discolors, then forms dingy coats which cloud the beauty of the teeth.

But film does more. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. And they, with tartar, are the chief cause of pyorrhea.

Under old-way methods, very few escaped the film-caused troubles.

The modern way

Dental science has found two effective ways to fight that film, and has amply proved them. One acts to disintegrate the film at all stages of formation. One removes it without harmful scouring.

A new-type tooth paste was created to apply these methods daily. The name is Pepsodent. Now leading dentists the world over advise it, and careful people of some 50 nations use it.

'Twill surprise you

Pepsodent brings these whiter, cleaner, safer teeth in natural ways, without any harmful scouring.

It multiplies the alkalinity of the saliva, also its starch digestant. Those are Nature's agents for fighting acids and digesting starch deposits. Pepsodent gives them a manifold effect, while old ways reduced their power.

Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.
