FOX BAR SURVEY

FOX BAR is the only subdivision in London having guaranteed improvements. The natural beauty of this property is unsurpassed and the restrictions are such as will make this a perfect home sections for all time, and the personal element of the neighborhood will also be carefully guarded.

It is bounded by two main paved thoroughfares, Windsor avenue and Tecumseh avenue, with frequent car service within a stone's throw.

FOX BAR with its ideal natural qualities, its many improvements and home site advantages, can't avoid being the logical center for the great suburban community development now in daily progress.

Col. Gartshore's profits are very small, but he is satisfied with his money invested at 6 per cent.

Eleven Lots Sold This Week.

I have three of Windsor Crescent lots to sell at $18 per foot; other lots in the survey $15, with 10 per cent down, balance on easy monthly payments.

Buy Lots Here and Build Homes to Sell,

for the wonderful inducements you can offer a prospective purchaser will sell any kind of a house.

FOLLOWING ARE THE INDUCEMENTS.

Water paid for, ornamental electric lights with underground wiring paid for, sewer paid for, sidewalks paid for, taxes for 1922 paid for, 6 per cent interest on the balance.

CANADA AND U.S. REACH DECISION ON NEW TREATY

Revenue Cutters Expected To Replace Present Type of Ships.

CABINET DISCUSSES IT

Dominion Government Officials Favor Smaller Boats For Revenue Protection.

WASHINGTON, Oct. 18.—Preliminary exchanges relative to the new Great Lakes armament treaty between the United States and Canada are understood to have resulted in a virtual agreement to dispense entirely with naval vessels on the lakes, and to replace those now in commission there with revenue cutters.

Such a rectification of the border armaments is said to have been looked upon favorably by representatives of both governments as in harmony with the spirit of the Washington armaments conference, and with the policy under which the boundary between the United States and Canada is left unguarded by land fortifications.

Whether special arrangements will be made to permit the use of special naval ships purely for practice purposes at the Great Lakes naval training station has not been revealed, although it is known that the subject has received the active attention of the negotiators.

Under the present treaty, in force since 1817, Canada and the United States each is permitted to have four naval vessels on the border lakes—one on Lake Ontario, two on the upper Great Lakes, and one on Lake Champlain. It is indicated that a limit, yet to be established, will be placed upon the number and armament of the revenue cutters which it is proposed to intrust with future lake police work.

Will Sign Document.

It also has been practically decided to confine the new treaty to the one subject of Canada and United States governmental representation on the lakes, leaving for separate treatment such questions as fisheries, waterways and smuggling.

It is the expectation that the negotiations, which are progressing on the basis of a Canadian draft, will be completed in time to permit of submission of the new treaty to the Senate at the next session of Congress. Canadian representatives are expected in Washington to perfect the document and attach formal signatures, the British government, according to the Dominion authorities, to sign as of their own right.

CABINET DISCUSSES PACT.

OTTAWA, Oct. 18.—(By Canadian Press).—Canada's action in the matter of a treaty with the United States concerning Great Lakes disarmament was under discussion by cabinet council this afternoon, it is understood. No announcement is yet available here as to what proposals were put forward at the conference during the summer, but so far as can be learned, the Canadian view was that the present naval vessels on the Great Lakes might well be replaced by launches and cutters used for revenue protection.

TILBURY SENDS QUOTA TO NORTHERN SUFFERERS

Forward Five Bales of Clothing and Check for $53.

Special to London Advertiser.

TILBURY, Oct. 18.—A week's effort on the part of the local Red Cross Society resulted in a splendid shipment of clothing to Northern Ontario. In all there were five boxes, comprising men's clothing, boots and shoes and children's clothing. Sixteen infants' complete outfits, the last named being the output of the ladies since the call came from provincial Red Cross headquarters ten days ago. Toys for the children were also included, and one lady spent her spare hours in fashioning the scraps of flannelette into booties for the infants.

The local I. O. D. E. chapter, by means of a progressive card party, for which the local Athletic Club donated their hall on Monday evening, were also enabled to send a check of $53 through their order, to be expended for the benefit of the sufferers. About 25 tables participated in the card party, and as many others purchased tags. The event was a social success.

REAL ESTATE

DR. MOORE LEAVES $121,245 ESTATE

Widow Receives Household Effects and Three-Fifths Income From Property.

According to the will which has been filed for probate at the court house, the late Dr. Charles S. Moore left an estate totalling $121,245. His estate was composed of stocks, insurance, and real estate.

To his widow, Agnes Moore, he bequeathed the household effects and three-fifths of the income of the estate for the remainder of her life. The remainder of the income is to be divided among his children, Bessie E., Nora F., Helen Isabel, Mary M. Gunn, Lillian L. Burrows of Toronto, Charles H. and Roger S.

In addition, Nora F. Moore, daughter, received a legacy of $500 and the proceeds of the sale of an auto, and Helen Isabel receives a legacy of $1,500 when she marries.

To Dr. Gordon Jepson, Dr. C. H. Harris and Dr. George Ramsay, the late Dr. Moore left his surgical instruments and medical library.

TO BUILD CURLING RINK IN LONDON

City Club Decides on Move at Wednesday Night Meeting.

To replace the structure recently destroyed by fire, the London Curling Club Wednesday night decided to build a modern curling rink, which, when completed, will be the finest in Western Ontario. Other business was transacted and the officers for the coming year were elected.

Nothing will be omitted, officials pointed out, to make the curler's new home attractive, and a spacious clubroom is to be one of the features. The building cost is estimated at $18,000.

It was decided to start a membership drive immediately, and members estimated that numbers would join if the opportunity were given them. Clas. White was made chairman of the membership committee.

Arrangements were also completed to make the visit of the curling team from Scotland a pleasant one. A committee to take care of details will be appointed in the early future.

The new officers of the club are as follows:

Honorary presidents, Hon. C. S. Hyman, F. H. Hindmarsh; president, L. H. Martin; 1st vice-president, Charles H. White; 2nd vice-president, N. K. Wanless; secretary-treasurer, Colin Currie; assistant secretary-treasurer, Frank S. Ashplant; auditors, Gilbert Coombs and W. B. Wortman.

Membership committee: Charles White, chairman; Frank S. Ashplant, R. B. Wanless, N.K. Wanless, J. A. Wright, Thomas Shaw, J. Banks, Carlyle Trebilcock, R. Brooks, F. Campbell, George Patricks, W. B. Wortman, M. Moore, E. F. Farquhar, W. A. Casselman, J. Begg, W. Morrison, S. Thorpe and J. M. Hunt; representative to the Ontario Curling Association, Frank S. Ashplant; rink committee, J. A. Wright; refreshment committee, Mr. Aitken.

The following officers of the London Curling Club, Limited, were re-elected: R. B. Wanless, president; Colin Currie, secretary-treasurer; directors, J. A. Wright, Frank S. Ashplant, Charles H. White, Gilbert E. Coombs, Thomas Shaw and J. W. Griffith.

TUCKERSMITH PIONEER PASSES IN HER 86TH YEAR

Mrs. Mary Laidlaw Succumbs After Lengthy Illness.

Special to London Advertiser.

SEAFORTH, Oct. 18.—Mrs. Mary McEwing Laidlaw, wife of the late George Laidlaw, passed away on Sunday, Oct. 15, in her 86th year, after an illness of several weeks' duration.

Deceased was born in Scotland, and came to Canada with her parents when but six years of age, settling on the sixth concession of Tuckersmith. In 1865 she was married to George Laidlaw, continuing to reside in the sixth concession, until the death of her husband 13 years ago, when she moved to Egmondville where she has since resided. She was highly esteemed among her friends and acquaintances.

Surviving members of her family are three daughters, Mrs. John Smith, Hullett; Mrs. Robert Doig, Tuckersmith and Mrs. Frank, Cabri, Sask.; six sons, Robert B., and James A., of Sacramento, Calif., David and Samuel of Cupar, Sask., and William and George of Glenwoodville, Alberta.

The funeral was held on Tuesday from her late residence to Maitland Bank Cemetery.

MONKTON METHODISTS CONDUCT ANNIVERSARY

Special to London Advertiser.

MONKTON, Oct. 18.—The anniversary services of the Knox Presbyterian Church held on Sunday and Monday proved a great success. Two large congregations listened on Sunday to Rev. J. P. McLeod, B.A., of Brussels, who gave two impressive sermons. The choir, assisted by Frank Osborne of Listowel and George Geil of Bornholm, rendered special music.

On Monday evening a hot supper was served, followed by a good program. Miss Pearl Newton of Toronto proved herself to be an impersonator of high calibre.

Addresses were given by Revs. Dr. Gordon, E. C. Chandler and G. W. Butt. Proceeds were $500.

The Epworth League convention of the Stratford district of the Methodist Church is being held in Listowel today. A large number of delegates from Monkton are in attendance.

Rev. Dr. Hartwell, missionary for 30 years in China, gave an address on "When Sacrifice Begins."

CHATHAM G. W. V. A. ELECTS PRESIDENT

Comrade Daniel Attewell Selected At Regular Meeting of Veterans.

Special to London Advertiser.

CHATHAM, Oct. 18.—Comrade Daniel Attewell was elected president of the local branch of the Great War Veterans' Association at the regular meeting of that body last evening. This completes the slate of officers for the season of 1922-1923. It is understood that the new president will call for a meeting of the executive in about a week's time.

The fire department sent engine company Number One outside the city limits this afternoon to put out a fire on the roof of the residence of William Kyle, who owns a farm on the River road, Raleigh township. Three chemical extinguishers were used to put out the flames, which were believed to have started from sparks from the chimney.

Two trucks of the fire department responded to an alarm from box forty-two late this afternoon and proceeded to the Milner carriage factory, where a wall in the blacksmith shop had caught fire. One line of hose was sufficient to combat the flames.

Dover township farmers are up in arms over certain allegations that the entire township is under quarantine, owing to the alleged marked prevalence of the European corn borer.

The matter was discussed at some length at a meeting of representatives of farmers' clubs in St. Andrew's hall, in Dover township, last evening. The farmers' clubs met for the purpose of getting together a carload of corn for shipment into the north country for the relief of livestock in the devastated regions.

PULLET LAYS FIRST EGG TA AGE OF FIVE MONTHS

Special to London Advertiser.

MITCHELL, Oct. 18.—Mr. T. H. Race of this town, who is widely known, as he was Canadian exhibition commissioner under the Laurier government, and aided in this capacity at World's Fairs at St. Louis, New Zealand and other places, and for the past several years has been traveling secretary for the Muskoka Sanatorium, is a poultry fancier.

In the spring he paid a fancy price for a setting of White Leghorn eggs. The chicks were hatched out on the 21st day of May, and the first pullet started to lay on the 12th day of October. This is a record hard to beat.

PREMIER OUTLASTS OTHER STATESMEN

Continued From Page One.

Carnarvon. Then came a rapid rise to fame. His ascent to a place among the mighty began in 1908, when Asquith became prime minister. The little Welshman with the sparkling eyes entered the cabinet as chancellor of the exchequer. The next year in the great "budget battle" he routed the once powerful House of Lords. His achievement in this fight was called "the first victory against the privileges citadel of wealth in the modern world." With the coming of the war, Lloyd George convulsed the country by introducing drastic reforms in taxation, which put new burdens on the wealthy classes and confiscated part of the unearned increment of the land.

In the dark hour of 1916, when Great Britain was threatened with labor difficulties at home, at a time when Germany was scoring heavy successes on the western front, Lloyd George left the chancellorship of the exchequer to become minister of munitions, and "with no other equipment than a private secretary and an office table staked his reputation and his future on mobilizing the industrial resources of the nation before it was too late."

In this tremendous task he succeeded, and so when "Kitchener of Khartoum" was lost at sea, the Welshman took his place as secretary of state for war. With Sir Eric Geddes he pitched into the work of reorganizing the railway system supporting the British armies in France. Then, on Dec. 6, 1916, he was called to the premiership.

Almost immediately he substituted a small compact war cabinet for the larger one. By his critics it was frequently said of him that no statesman ever changed his mind on political questions as many times. By some he was regarded as an opportunist, who switched his position with great speed and dexterity whenever the band wagon seemed to turn in an unexpected direction. Nobody could ever tell what he was going to do next. Each time of the many that his acts, his purposes and his government were under fire the staunch little Welshman, not content with merely defending his position, hurled his stinging oratory in a fierce counter-attack upon his critics.

Personally, he was always a popular figure, and not even the Prince of Wales was photographed for the newspapers and magazines more often than the little Welshman who bore the title of Prime Minister.

EXETER

Special to London Advertiser.

EXETER, Oct. 18.—Messrs. Dow and Powell bought a carload of wood at Whitechurch in the northern part of the county, and are supplying the people of town. They retail it at $19.50 a cord. Cars of coal are also arriving, which sell here for $19 a ton. The same varieties, without having to take pea coal at all, sell at $16 in neighboring towns. Why this difference?

The teachers of West Huron at their convention in Goderich voted $100 to the fire sufferers of the north.

The Missionary Society of Cavan Church held their thankoffering meeting on Tuesday evening, when Mrs. Lundy of Kippen gave an address. Tea was also served.

FINANCIAL AND COMMERCIAL

POTATOES AGAIN FEATURE MARKET

Large Supply of Tubers Bring Fair Prices on Slow Market.

The local market was not as heavy this morning as is usual on Thursdays, and the offerings consisted chiefly of vegetables. Any amount of potatoes was in evidence, and brought prices ranging from $1@1 10 per bag.

The display of pumpkins was good. They sold readily at 10@30c each, depending on size.

Butter remained firm at 32@40c per lb wholesale, and 35@42c retail.

Eggs stayed unchanged at prices ranging from 36@38c a dozen wholesale and 40@45c retail.

Much celery of good quality was on hand and brought from 7½@15c a bunch, according to size.

The demand for hay and wheat was greater this morning, with prices remaining unchanged, $14@16 for the former and $1@1 10 for the latter.

TORONTO STOCKS

Toronto, Oct. 19.—There was a marked falling off in the volume of business that was transacted on the local stock exchange this morning. British Empire Steel issues and Brazilian were weak, first preferred losing 1½ points at 73½, and second preferred ⅞ lower at 32¼. Brazilian, as a result of unfavorable developments in the exchange situation, lost 1½ at 42¼. Toronto Railway and Barcelona were steady at practically unchanged figures, while steamships common advanced ¾ to 22¾.

Unlisted stocks were very slow, with little change in prices.
