THESE BE STRONG WORDS.

LEGISLATORS ALLOW THEIR AN GRY PASSIONS TO RISE.

A Bear-Garden Scene in the Public Accounts Committee—Barber Helped to Appease Bronskill's Hunger, Too—Dr. Sproule Calls Mr. Lister a Rowdy and the Latter Retorts in Kind.

OTTAWA, Sept. 24.—When the Public Accounts Committee met this morning Mr. Bowell stated that he summoned two witnesses on a requisition of his and Dr. Sproule's to rebut some evidence in the Napanee postoffice case.

P. A. Harshaw, a local politician in Napanee, said that he did not sell his influence to secure the building of the Napanee postoffice for anybody.

J. R. Barber of the Georgetown Paper Co. was next examined by Mr. Lister. Asked if he ever paid any presents or commissions to Senecal he replied that he had not.

"Any to Bronskill?" queried Mr. Lister.

"I was asked to join another party to give him a present to send his family to the seashore and I gave $50. That was in the five hundred dollars he got. I never gave anything afterwards. Mr. Barber then went on to say that he always imagined Mr. Bronskill, who was on The Montreal Gazette prior to coming to Ottawa, was sent here by Mr. Richard White of The Gazette. Previous to Bronskill coming to Ottawa he had supplied from $30,000 to $35,000 a year to the Government, but since then he had only got small orders. This, he thought, was due to Mr. Richard White being director of the Canada Paper Co., and Bronskill was favoring them.

J. R. Brooks Young of the New England Paper Co. was called and not putting in an appearance, Mr. Lister asked that his disobedience of the subpœna be reported to the House. It was decided that if he did not attend this afternoon this would be done.

Mr. Johnson, commissioner of the Customs, was called in respect to the duty on type purchased by the Government for the bureau. In reply to Mr. Lister, he said he did not know whether the duty on presses was paid or not. He said that type purchased from the Miller & Richard firm in Toronto had to pay duty, but that purchased by the Government direct had not.

While this question of duty was being discussed Mr. Chapleau called Mr. Lister and his companions imbeciles.

Mr. Lister took a hand in, when Dr. Sproule called him (Lister) a rowdy.

"Don't be a miserable sneak," remarked Lister.

CURIOUS HANGING APPARATUS.

Water Set the Machine in Motion Which Ended Bill Davis' Life.

CANON CITY, Col., Sept. 24.—William H. Davis was hanged in the State Prison here at 8 o'clock last night. The hanging apparatus was very unique, being the invention of Deputy Warden Dudley. In the upper part of a square frame made of four uprights a bucket of water was set, the contents of which, when ready for operations, weighed 200 pounds.

Directly beneath the bucket and connected with it by a rubber hose with a valve, was another bucket, and connected to the upper bucket by a lever was a 40-pound iron ball, which connected again with an iron rod which kept in place, at a height of six feet, the weight of 250 pounds, which, when the water was drawn from the bucket, was allowed to descend, jerked the condemned man off his feet about three feet in the air. From this large weight a rope runs through two pulleys over a partition and then down into the execution room, where it hung directly over a platform three feet square, on which the condemned stood.

Everything being in readiness, Davis was brought in and the noose and black cap were placed in position.

After he had been given an opportunity to say good-bye to those around him, he was told to step on the small platform. His weight on the platform opened the faucet in the upper bucket and the water flowed into the bucket beneath. This allowed the weight to drop and Davis was jerked into the air. His neck was broken and he was pronounced dead in 7 minutes. The crime for which Davis was hanged was the killing of his mother and her alleged paramour in Pueblo in July last.

SHE WAS A LOST STAR.

Agnes Herndon's Name Used in a Fly-by-Night Company.

NEW YORK, Sept. 24.—Alfred H. Wood, representing himself as the manager of an alleged theatrical company, came to grief in Tottenville on Saturday. Last week young Wood had Tottenville and surrounding villages billed with posters announcing that Agnes Herndon and her company would appear in "La Belle Marie: or, A Woman's Revenge," at the Knights of Pythias Hall.

Shortly before the time announced for the performance to commence, Manager Wood sent one of his assistants out before the footlights, who said that he regretted that Miss Agnes Herndon could not appear as advertised, but rather than disappoint the audience, a change of program would be given.

Then there was a rush to the box office, and Manager Wood was compelled to return the money to the excited crowd.

Manager Wood, who was arrested, said to a reporter yesterday that he did not know Miss Herndon or any member of her company, he had simply run across one of her bills and thought it a good one with which to advertise.

SUES THE BANK FOR HIS PAY.

Proceedings Instituted by a Columbus (Ind.) Detective to Obtain $37,500.

COLUMBUS, Ind., Sept. 24.—In the Circuit Court here to-day suit was brought against the First National Bank for $37,500 by James Brown, a detective employed by this bank to hunt down, arrest and detain Will Schrieber, the confidential clerk of the president, who in November, 1888, stole $50,000 in cash and $100 in Government bonds and fled to Canada.

After two years of reclose living in Windsor, Can., young Schrieber was induced by Brown, as is alleged in his complaint, to come to Detroit, where he was enticed into a fashionable resort by beautiful women, whom Brown had taken into his employment and confidence. Here he was arrested and returned to this place, where he stood trial and received a sentence of two years in the state penitentiary. The bonds stolen and a part of the cash were recovered.

For this service Brown and the bank officials were never able to agree. The filing of this suit created a sensation, but no depositors withdrew their money, as the bank is in splendid shape financially. A hard legal fight is now on.

The Philharmonic Society.

The Philharmonic Society has room within its ample folds not only for vocalists of recognized ability who can read music at sight but also for those, who, although untrained have bright, fresh voices, with a correct ear for music. Those desirous of becoming members should present themselves at Victoria Hall next Tuesday evening, when the rehearsal of "Redemption" will be continued under the baton of Mr. Torrington.

Never Be Without It.

Athletics are now having a full share of public attention in the sports on land and water, and Mr. E. J. Wade, London Athletic Club, London, England, says: "My sprained leg was cured by St. Jacobs Oil. Athletes should never be without it." It is the preferred remedy with sportsmen, as it is the best. All athletes use it.

FIFTY OFF FOR CASH.

The Government Wants Its Water Discount Same as Other People.

Mrs. G. Westgate of the township of Warwick, county of Lambton, was convicted of supplying to the Kerrwood cheese factory on Sept. 1 last past, milk after the cream had been removed therefrom. Chief Justice Galt yesterday made an order for the issue of a writ of certiorari to bring up the conviction. The conviction was made by a Middlesex magistrate, while it is contended it should have been a magistrate of the county of Lambton.

In the actions of J. C. Robam against The Evening News and The Monetary Times the Master in Chambers changed the venue from Whitby to Toronto. Robam sues each of these papers for $10,000 damages for publishing a report descrediting his financial standing.

The Court of Appeal yesterday heard argument and reserved judgment in the case of the attorney of the Dominion of Canada against the City of Toronto. Some time ago the city passed a bylaw to discount water bills paid in advance, but inserted a clause that this should not apply to Government buildings exempt from payment of taxes. The Dominion Government wished to take advantage of the discount, as is has several buildings to which water is supplied, as the Custom House, Postoffice, etc., and for this purpose brought an action to have it declared that the Government was entitled to the discount and that the act was ultra vires. The action came on for trial before Mr. Justice Ferguson, who dismissed it with costs, and the appeal is from this judgment.

Chief Justice Galt made an order admitting to bail Thomas Chambers, who is now in the Huron county gaol awaiting trial on the charge of shooting at one Robert Bulmer with intent to kill. Chambers must enter into his own recognizance in $2000 and provide two sureties in $1000 or four sureties in $500 each.

The Queen's Bench Divisional Court will sit at 11 o'clock to-morrow morning to fix the date of the trials of election petitions assigned to that division.

The injunction motion in the action of Charlebois v. The Great Northwest Central Railway Company came up again yesterday, but was adjourned till 12 o'clock to-day to allow the parties, if possible, to arrive at a settlement.

ABOUT THE CITY HALL.

Don't Want Hucksters on the Business Streets—Prittie's Property Not Wanted.

Several committees and sub-committees met at City Hall yesterday afternoon.

The sub-committee on hucksters' and fakirs' licenses decided to recommend to the Market and License Committee the adoption of a bylaw prohibiting hucksters selling goods on the business parts of King, Yonge, Queen, Spadina, College and Parliament-streets, and also prohibiting fake shows exhibiting and organ grinders playing on the main business streets, all to take effect at the expiration of the present licenses. The committee appointed to consider the advisability of preventing express wagons standing on Scott-street reported that it was advisable not to interfere.

The Parks and Gardens Committee decided that it was not advisable to purchase the Prittie property for park purposes. Ald. Hill raised objection to Superintendent Chambers exhibiting the city's plants against the displays of other men who had not the same facilities for growing plants. Supt. Chambers, who was present, stated that he would not do so if it was objectionable to anyone.

A Victory in Manitoba.

We favor our readers to-day with the following extracts, selected from a letter which we recently received from a gentleman in Winnipeg, Manitoba. He has traveled extensively over the whole province, knows the country well, and is therefore in a position to speak from experience. He has had ample opportunity of becoming thoroughly acquainted with the best druggists, who have not hesitated for a moment in giving their opinions when requested to do so. Our correspondent says: "I have been over this province several times, and the more I see of it, the more do I recognize its immense possibilities. It must become the granary of this northern continent, and supply its inhabitants with food. Its people are hardy, thrifty, industrious and healthy, and the climate of the country is in every way conducive to good health and longevity. There is no country in the world of the same population which can show as good a health record. I find the people in the cities, towns and country districts have a holy horror of the hundreds of common patent medicines and preparations so extensively used in the east. I cannot say that in this favored agricultural land they are entirely exempt from ailments. Its men and women, like their eastern brothers and sisters, are often, owing to overwork of body and brain, rendered weak, nervous and irritable. I have met with such cases, and have had occasion to come in contact with the dyspeptic, and those whose digestive vigor had become sadly impaired, and others suffering from complicated liver and kidney troubles; but I invariably found that one great remedy was used and had become exceedingly popular owing to its grand healing and renovating properties; I refer to Paine's Celery Compound. All other boasted preparations were eschewed and considered as useless. I became somewhat interested, and was curious to know why this should be, and asked the opinion of several druggists of high repute. By them I was told that such a feeling really existed throughout Manitoba, and that Paine's Celery Compound was indeed the great home remedy whenever a reliable medicine was wanted. These druggists spoke to me of most remarkable cures it had effected in their districts, and predicted for it a great future."

We may here inform our readers that Paine's Celery Compound to-day is quite as popular in the older provinces as it is in the Northwest, and continues to do its good work to the joy and satisfaction of all.

Changes in Grain Rates.

Secretary Wills of the Board of Trade has been notified that on and after Oct. 12 the rate on grain and flour in carloads from Fort William to Port Arthur to all points on the main line of the Canadian Pacific, Montreal and west, also to Ottawa and points west, but not including territory north of Carleton Junction, will be 15c per 100 lbs. via Owen Sound and the lake and rail route. The rate will not include any terminal charges in Montreal either on local or export grain.

Mr. John Earls, district general freight agent of the G.T.R., has issued a notice to the effect that the rate on flour in carloads will be 15c. per 100 lbs. from Duluth and Port Arthur to Montreal and all Grand Trunk points west thereof except North Bay branch. The rate on grain will be 8c. per bushel of 60 lbs. from same points to Tilsonburg, Brantford, Galt, Guelph and points west and south thereof, including the Wellington, Grey & Bruce branches, Wiarton branch, Northern division to Allandale and Barrie; 9c. per bushel of 60 lbs. to main line east of the above to Montreal; also to points on the Northern division north of Beeton Junction and Barrie, and the Midland division except the North Bay branch. The rates to Montreal will be exclusive of terminal charges at that point, either for local or export grain.

Timely Wisdom.

Great and timely wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It has no equal for cholera, cholera morbus, diarrhœa, dysentery, colic, cramps, and all summer complaints or looseness of the bowels.

Happy Despatch for Dogs.

At the meeting of the Humane Society yesterday afternoon it was decided to order a lethal chamber from Dr. B. W. Richardson of London, Eng. This is an instrument by which dogs are destroyed by the use of poisonous gasses. It will cost £60. The Canadian Pacific will carry it free of charge.

A Humane Society similar to the one in this city has been organized in London, Ont.

A letter will be sent to Mr. Everett asking if the horses are not driven too far and at too great speed on the "belt line." Also requesting him to give the drivers instructions not to stop loaded cars to take on more passengers.

A lady writes: "I was enabled to remove the corns, root and branch, by Holloway's Corn Cure." Others who have tried it have the same experience.

DR. W. H. GRAHAM

198 King-st. W., Toronto, Ont.

TREATS CHRONIC DISEASES

And gives special attention to

SKIN DISEASES

As pimples, ulcers, etc.

PRIVATE DISEASES

As impotency, sterility, varicocele, nervous debility, etc. (the result of youthful folly and excess), gleet and stricture of long standing.

DISEASES OF WOMEN

Painful, profuse or suppressed menstruation, ulceration, leucorrhœa and all displacements of the womb.

OFFICE HOURS—9 a.m. to 8 p.m. Sundays—1 to 3 p.m. 135

FLEMING HAD THE CALL.

Robert J. Had Priority with His Little Chattel Mortgage.

It is a cold day when anyone gets ahead of ex-Ald. Robert J. Fleming. J. R. Barron, tinware dealer, Parliament and Oak-streets, has been financially embarrassed for some time. In his dilemma he sought and obtained assistance from Mr. Fleming to the extent of about $1000. As security he gave a mortgage on his chattels. A few days ago, being still unable to satisfy the demands of his creditors, Mr. Barron assigned to Townsend & Stephens. Yesterday when an employee undertook to take charge of the estate in the interests of the creditors the chattel mortgage was produced, the aforesaid employe was ejected and the stock in the store was removed shortly after. Mr. Fleming is all right, but how it will fare with the other creditors is a query.

A New Factory in Lombard-street.

C. T. Heisel, manufacturer of chewing gum, Cleveland, O., has recently established a factory in Lombard-street to supply his Canadian trade. Mr. S. T. Britten, formerly the agent, is now manager of the Canadian factory, which at present is giving employment to 35 hands. The raw chicle from Mexico is now brought here and manufactured into the different kinds of gum. Chicle is a material similar to spruce and is perfectly pure. It is made very ductile by different processes and is then flavored. The digestive gum now being made is a favorite. It contains one grain of pepsin to the stick and is sold at all drug stores. The output of the factory is steadily increasing and new facilities are being added as the trade grows. Mr. Britten, the manager, is well known throughout the country, having represented the house for a number of years. He is now assisted by two travelers, who cover the whole Canadian territory.

A Country Where Only Old People Die.

The greatest city in the world for eminent medical men is Vienna, and in that city there has been for many years an association composed of educated physicians which supplies the sick and ailing the favorite prescriptions of the most prominent medical men of the day, thereby giving to the mass of sufferers the benefit of the best medicine known to be suitable for their especial disease, at a cost of about 25 cents, instead of their swallowing the noxious drugs of the patent medicine vendor or the advertising quack, for whose generally worthless nostrums an exhorbitant price is always charged. As many applications for these prescriptions are reaching Vienna from this country arrangements are being made to open an office in Toronto to supply sufferers on the American continent. These prescriptions cover a list of almost every disease to which men and women are subject. Further particulars can be had by enclosing stamp, for reply and addressing the manager I.M.P.A., 50 Johnstreet, Toronto.

To Study Economic Questions.

A class for the discussion of economic subjects, such as the labor question, the land question, the money question, taxation, the functions of government, the conservation of public resources, etc., will be conducted once a week in the lecture room of the Canadian Institute by Mr. Houston, M.A., during the months of October, November and December. All who are interested in these modern economic questions should attend the first meeting, which will be held during the first week of October for the purpose of making necessary arrangements.

"Feak and Weeble."

A friend of mine had an odd way of mixing her words. Perfectly unconscious of it, she would often make folks laugh. She would speak of feeling "feak and weeble," for weak and feeble, and "castor ill pills," for castor oil pills. But she was weak and feeble, until she took that powerful invigorating tonic, "Favorite Prescription," which so wonderfully imparts strength to the whole system, and to the womb and appendages in particular. For overworked women, run-down women, and feeble women generally, Dr. Pierce's Favorite Prescription is unequaled. It is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other alarming and nervous symptoms, commonly attendant upon functional and organic disease. It induces refreshing sleep and relieves mental anxiety and despondency.

Have You Seen Him?

Editor World: There has been a man that calls himself City Inspector calling on the barber shops in Queen-street, notifying them to remove their poles off the sidewalk in front of their shops. He said the City Engineer told him to call on all barbers.

Toronto, Sept. 24. BARBER.

Is This Our Peter?

Peter Ryan of Toronto has applied for ten thousand horse power on the water-power canal for purposes of a pulp mill, and the application has received favorable consideration at the hands of the town.—Sault Pioneer.

Regina Ripples.

"I took six bottles of Burdock Blood Bitters for liver complaint, headache and dull, limpid feeling, but now I am entirely well and healthy, having also a good appetite, which I did not have previously."—Mrs. T. Davis, Regina, N.W.T.

Change of Sailing Day.

Owing to the state of the tide the Allan liner Parisian will leave Montreal at noon on Friday, Oct. 2, instead of Oct. 3 at daylight as advertised. She will leave Quebec Sunday, Oct. 4, at 9 a.m. Passengers embarking at Montreal must be on board by 11 a.m. on Friday, Oct. 2.

What Say They?

In popularity increasing. In reliability the standard. In merit the first. In fact, the best remedy for all summer complaints, diarrhœa, dysentery, cramps, colic, cholera infantum, etc., is Dr. Fowler's Extract of Wild Strawberry. All medicine dealers sell it.

Turning the First Sod.

On Saturday next at 3 o'clock p.m. the Bishop of Toronto will turn the first sod for the new Church of St. Cyprian, to be built upon the corner of Christie and Dupont-streets. From the centre of the city the site can be best reached by the Bathurst-street cars.

Chronic Derangements of the Stomach, Liver and Blood, are speedily removed by the active principle of the ingredients entering into the composition of Parmelee's Vegetable Pills. These Pills act specifically on the deranged organs, stimulating to action the dormant energies of the system, thereby removing disease and renewing life and vitality to the afflicted. In this lies the great secret of the popularity of Parmelee's Vegetable Pills.

Personal.

J. Edwin Frost, Smith's Falls, is at the Rossin.

D. W. Allison, Montreal, is staying at the Rossin.

G. Brunett, Montreal, is stopping at the Rossin.

Thomas Gam, Hamilton, is stopping at the Walker.

G. A. O'Neill, Woodstock; James Killert, Montreal; W. M. McLean, Goderich, are at the Palmer.

Ease by day and repose by night are enjoyed by those who are wise enough to apply Dr. Thomas' Eclectric Oil to their aching muscles and joints. A quantity easily held in the palmof the hand is often enough to relieve the most exquisite pain.

I HAVE GAINED STRENGTH!

"I could have reported a month or two sooner, but I wanted to see if the cure was permanent, and can safely say that I believe it is. I weigh fifteen pounds more than I did when I commenced. I have gained strength and that general preservation has disappeared. I will always remember you as my benefactor."

The original of above is on file in our office. It is No. 56 in a collection of over 2,000 similar letters from patients. We have a
