ST. JOHN'S DEFEATED BY CALGARY B. AFTER DECLARING

Wonderful Batting by Richardson and Barnett; Stand Realizes 143 Runs

Calgary A. Team Won from Hillhurst by Margin of Sixty-five Runs

In the opening games of the Calgary Cricket league Saturday, the two teams representing the Calgary club came away the victors. The "A" team won from the Hillhurst club at the barracks grounds by a margin of 65 runs. The "B" team defeated St. John's by nine wickets and four runs on the Western Canada college pitch.

The latter match was the more interesting, and shows the uncertainty of the game. St. John's won the toss and elected to bat first. After some nice playing and after eight wickets had fallen, the Saints declared the innings closed, assuming that they had a sufficient number of runs to put them on easy street, and Johnson, the St. John's skipper, was of the opinion that he would not have time to dispose of his opponents in the alloted time.

The Calgary "B" team, having less than two hours to make the required runs, opened their innings with Stephens and Richardson to face the bowling of Johnson and Walker. Stephens was soon retired, and Barnett, the Calgary captain, joined Richardson. This pair upset all calculations, both men hitting well all 'round the wicket. Nearly every man on the St' John's eleven who could send down a ball was given a chance at the trundling, but a separation could not be affected.

Century Hoisted.

A century was hoisted after one hour and ten minutes' play. Richardson was apparently able to do what he pleased with any of the offerings and Barnett kept pegging away, little worrying him except a few of Johnson's deliveries. But when that bowler put himself at the north end half an hour later, the Calgary skipper simply pasted the St. John's skipper out of sight, getting 24 from one over.

A Little Too Sure.

Over-confidence finally proved the downfall of Richardson. Hall was bowling and sent one up to Richardson a little short. The batsman went several feet up the pitch to meet the ball, expecting to put it over the college building, but, instead, it quietly rolled up to the wicket and took his leg peg.

The retiring batsman played fine, forceful cricket for his 75, placing his team in a winning position, whereas when that batsman went to the wicket the best that was looked for was a draw.

Vincent joined his captain, and had the satisfaction of making the winning stroke with a four in the country to the boundary.

Barnett played in his usual correct easy style, making the greater part of the St. John's trundling look easy. His not out innings was a splendid exhibition of cricket. The two batsmen, Richardson and Barnett, playing together, were a treat to watch.

In the game between the "A" team and Hillhurst, the allotted time came before two full innings could be completed.

The new club was retired with 33 runs at the end of the first inning, and the Calgary "A" team piled up 98 before the wickets all fell. Hillhurst then went to bat again and were more successfull, getting 69, S. Jackson playing a very good innings for 28 runs, and Boothman making a useful 11. Calgary won on the first innings by 65 runs.

Hillhurst are a likely looking team, and with practice will no doubt be heard of to good advantage before the season is over, they having lots of snap and a well balanced team.

DRAW GAME PLAYED IN THE LABOR LEAGUE

The Stonecutters and Plumbers met on Saturday afternoon in a return match and though the ground in most parts was not too good the front of goal in the town end was a patch of water and mud which made it bad for both attack and defense. In the first half it meant a matter of at least two goals to the cutters for Johnson was nicely placed but slippd at the precise moment and the goals went abegging.

The first half was goalless but five minutes after the change of ends the cutters got the lead, Johnstone putting through. The plumbers played a hard game and had quite as much of the play as their opponents. But the cutter's defense was strong and as time drew near the points seemed sure for the cutters but just before the blow of the whistle the ball was centred from the left and Anderson scored with a slow shot which hit the inside of the post and bounded into the net.

Ross and Lowell were pretty safe at back and McCallum was the outstanding man in the half back line for the cutters. Forward Johnson was the kick. Cooper played well at right full back for the plumbers and Ward was a very clever centre half. The teams were:

Stonecutters—McDowell; Ross and Lowell; Simpson, McCallum and Morr; Mason, Stirrett, Johnson, Jewell and Samond.

Plumbers—Milligan; Cooper and Fox; Swan, Ward and Scott; Patterson, Mitchell, Anderson, Pugh and Browning.

FORT ERIE RACES

Fort Erie, Ont., July 6.—Eight races formed the get-away offering here today and attracted a monster attendance despite the intense heat and the discomfort of reaching the course. The best race on the card was the 11-16 mile handicap, in which The Manager, carrying 119 pounds, raced with Light of My Life for half a mile, then pulled away and was an easy winner at the end. John Furlong closed strong in the stretch and easily beat Cliff Edge for the place. The others had no chance.

In the third race Sandvale set the pace to the stretch but swung wide, and in a game effort Cock o' the Walk came through on the rail to a handy victory after a great ride by Butwell. The Wide Moon, the favorite, was in close quarters most of the way and was interfered with by Rockview, who tossed his rider at the top turn.

McTaggart was not hurt and rode in the next race. The Kentucklans again were much in evidence and nearly swept the card. Most of the followers left for New York or Detroit.

WOLVERTON IS SHAKING UP THE YANKEES

New York, July 7.—The New York American League club today released second baseman Earl Gardner to the Cleveland club of the same league. Gardiner has been with New York since 1898. Gardiner's departure following the release of Vaughn ad the indefinate suspension of Caldwell, is only the beginning of a general shake-up by Manager Wolverton and President Farrell, it is said. A number of other players are expected to go in the near future.

SHERIFF AIDS MARQUARD

Judgment for $145 Held Until After Ball Game and Pitcher Wins Eighteenth Straight

New York, July 7.—Had it not been for the fact that Sheriff Harburger is a baseball fan the long series of victories won for the Giants by Richard De Marquis, also known as Marquard, might have ended at the Polo grounds with the Boston game last Saturday.

An execution against Marquard's property for $145, which was obtained by a theatrical newspaper for advertising Marquard's theatrical act a year ago, was handed in at the sheriff's office on Saturday morning, with instructions that it be served that afternoon at the Polo grounds, where Marquard would undoubtedly pitch.

Sheriff Harburger was at Baltimore and the deputies decided to call him up, and he replied: "It is your duty to obey the law, but I would suggest that the law would not be broken or even wrenched if you waited until after the game to serve the execution."

"A CITY OF CERTAINTIES" IN

PORT MANN

SIX LOGICAL REASONS BASED ON DEFINITE STATEMENTS

WHY

PORT MANN Is Today the Greatest Opportunity for INVESTMENT

(1) Sir William Mackenzie has stated that Port Mann is to be the most important town on their whole system.

(2) Five million dollars have been appropriated for the construction of their car shops, one-half million to be spent this year, and on this work has already started. This plant will employ from 2500 to 3000 skilled mechanics. The surrounding properties will furnish their homes.

(3) A car foundry for the manufacture of freight cars, namely, the Canadian Car and Foundry Company, is to be erected at the cost of one million dollars, employing 1200 men.

(4) The International Milling Company have secured a valuable site, and announce the building of a plant of 5000 barrels, to cost approximately one million dollars.

(5) A large steel corporation, which is part of the Andrew Carnegie system, have leased a site which eventually will be an enormous institution, employing thousands of workingmen.

(6) Shipbuilding—An important English firm have made application for a site to establish a dry dock and shipping yards.

FURTHER, the investor should note that not only will the C. N. R. establish grain elevators at its terminus, but the whole extent of waterfront has already been applied for by some of the greatest and most influential corporations in Canada and elsewhere, and is therefore guaranteed by gigantic financial interests that have carefully planned for the future well being of the city.

We control the major portion of the official townsite and our terms are easy. You can, therefore, obtain from us not only the best selections, but also the best terms. This property is selling fast, but there is still time to get in on the ground floor. TODAY FORTUNE AND PROSPERITY BECKON YOU—INVESTIGATE NOW.
