tric equipment equal to anything of
the continent. These are, however,
local activities, and the time has
come, in the opinion of Lord Shaugh-
nessy, when a Dominion-wide organ-
ization should be formed for the
scientific research of Canada's vast mineral, metal; hydro-electric and
chemical resources, which will result
in the practical application to indus-
try of many minerals heretofore neg-
- leeted or exported for manufacture to
other countries, of by-products in
existing industries and of other hat-
ural resources which were neglected
or insufficiently exploited. The waste
of straw, for instance, in our wheat
fields, of flax fibre, of lumber, seven-
ty-five per cent, of the product of
I) which has been wasted in the forest
or at the mill, while in tungsten,
molybdenite, graphite, oil shale, mica.
manganese, magnetite, talc, felapar
on and other minerals there is a field
for the profitable investment of much
larger capital than at present.
The Canadian Pacific Ry. Co. aims
to secure the mobilization of the
ablest and most scientine and chem-
ical brains of the Dominion, and to
associate them with a central organ-
of tesearch work in all parts of the Do- nd minion. The discoveries and informa-
in minion. The discoveries and informa-

tion gleaned by the central organization, while supplies for the special information of the Canadian Pacific, ill be disseminated from time to by bulletins which should be of creat value to merchants and manu rers as well as to students and out these views arange have seen made with Mr. Ar-

Little for the establishment central organization at Mont-or research work, Mr. Little has sident of the American al Society and is a member Institute of Chemical Engand a director of the Chemiand Engineer Department of the te of Technology. Indeed, Mr. engineer is world-wide, and, cal chemists associated Lord Shaughnessy is conthat Mr. Little will build up ganization in Capada which will
