

Mr. Geo. Goodwin Given Signet Ring

First Baptist Church Honored Departing Y.M.C.A. Secretary

Sunday was observed at the First Baptist church as "Children's and Flower Day." For the first time this summer, the Sunday school met in the morning. There was a satisfactory attendance at 9.45. The session took the form of an open school, and Mr. Geo. L. Goodwin made the address upon "Footprints." He began by Robinson Crusoe's impression of the first impress of a human footprint he saw upon his lonely island home, and then went on to draw practical and helpful lessons from the influence one life may have upon another.

After his address he was taken quite by surprise when the pastor stepped to the platform and presented him, on behalf of the friends of the school and the church, with a beautiful signet ring suitably engraved. The pastor emphasized the great help both Mr. Goodwin and his devoted wife had been in the work of the church and of the school. Mr. Goodwin made a fitting reply.

At the morning service the pastor spoke on "Saved by a Child's Love," and based his remarks to the boys and girls on the story in II. Kings, 5th chap., of the healing of Naaman. Five from the Bible school were baptised during the morning service. The communion service was largely attended. In the afternoon the Superintendent of the Sunday School, Mr. J. F. Schultz accompanied by the Assistant Superintendent, Mr. J. W. Widdup, and the pastor, visited the hospital, Sanatorium, Widows' home, and Children's Shelter, where beautiful roses and other choice flowers were distributed. They were greatly appreciated by those who receive them, especially by the patients in the public wards of our city hospital. A good congregation greeted the pastor in the evening and a splendid service was enjoyed.

RUSSIAN DELEGATION WHICH HELD IMPORTANT CONFERENCES IN ENGLAND

MEMBERS OF THE RUSSIAN DUMA ON A VISIT TO ENGLAND. FROM THE SPHERE

These members of the Russian parliamentary delegation visited England at the invitation of the British government for the purpose of promoting a closer understanding between the two countries. Included in the delegation is M. A. D. Protopopoff, the energetic vice president of the Duma. During their visit they held many important conferences with the British officials.

These battalions sustained important losses.

During the artillery preparations preceding the inauguration of the offensive 13 German captive balloons were burned.

Enemy is Quiet

The text of the statement follows: "North of the River Somme, the enemy last night made no attack upon the positions conquered by us, and which we are now organizing."

"South of the River Somme, the fight has been continued with complete success for our arms. Yesterday evening and last night we entirely occupied, along a front of more than 5 kilometres (3 miles) the two miles of trenches of the second German positions from the Maricourt wood, which is in our possession as far as the edge of Assevillers.

Herbecourt Captured.

"Between these two points we took possession, as a result of a brilliant engagement of the village of Herbecourt which had been defensively organized by the enemy."

"Further to the south we made progress in the direction of Assevillers, the northern and western boundaries of which are in our hands."

"To the north of the village of Estrees, and between Estrees and Assevillers, our troops have made perceptible progress."

Many Battalions Disorganized

"More prisoners and more pieces of heavy artillery, the counting of which has not yet been completed, were captured by us during these recent actions. According to information at hand, it has been established that more than 39 German battalions participated in the attack along the French front on July 1. According to the statements of prisoners, 31 of these battalions suffered very heavy losses, and are at present completely disorganized. Most of the prisoners taken by us July 1 and July 2 are very young. As a result of the questioning of these men in our hands, it has been learned that the preparatory fire of our artillery was very efficacious, not only in annihilating defensive organizations, but in rendering impossible all lateral communication behind the lines and in preventing the bringing up of provisions. At the same time our artillery fire made it impossible for the enemy to transmit orders to the troops engaged in the operations."

Balloons Burned

"During the preparatory offensive fire of our artillery, French aviators set fire to thirteen captive German balloons. Two others were set on fire the first of July. During the attack our aeroplanes scouts were masters of the front. During this time only nine aeroplanes of the enemy showed themselves and not one crossed our lines. Of these nine machines, one was destroyed."

Successful Raids

"South of the River Avre, in the region of Dancourt and in the vicinity of the wood Des Loges, French reconnoitering parties penetrated the German trenches, and cleaned them out with hand grenades. In the region of Lassigny a surprise attack against a trench of the enemy was successful at Verlot wood, near Canny-sur-Matthe. Another French Patrol made some prisoners in the region of Moulin-Sous-Toutvent. In the Champagne district one of our patrols took some prisoners not far from Prunay, and brought back a rapid fire gun."

Quiet in the Meuse.

"On the left bank of the River Meuse, the night passed in relative quiet with the exception of the bombardment of our positions to the west of Hill 304. On the right bank of the river this morning at about half past three o'clock, after a violent bombardment, the Germans delivered a strong attack upon the Dancourt work. They took possession of it, but our counter attacks delivered shortly after resulted in driving them completely out of and recapturing the work, which is now in our possession."

Grand Picnic Held Saturday at Mohawk Park

Catholic Societies of Brantford and Hamilton Had Outing.

Despite the large numbers of Brantfordites who spent the holiday in Port Dover, Simcoe, Niagara Falls and other centres of attraction, Mohawk Park was on Saturday the rendezvous of thousands of holiday seekers who enjoyed in abundance the delights of picnicking. The big event of the day was the Roman Catholic excursion and picnic, organized under the auspices of the local Catholic societies and attended by a gathering estimated at not over 2,000 heads. A most enjoyable afternoon of sports and athletic contests was enjoyed, followed by lunch.

One of the features of the afternoon was a softball encounter between teams representing the Brantford and Hamilton Knights of Columbus, the visitors emerging victorious by a score of 18-12. The battery work and the speed exhibited by B. A. Harris in left field featured the visitors' playing, while the locals' star players were Mr. Galvin, who hit for the circuit, and their first baseman, who emulated the eminent Tyrus Raymond Cobb in the matter of purloining bases. The score:

THE BANTAMS HAVE GONE

Little Fellows, 29 Strong,
Left This Morning for
Toronto.

Twenty-nine strong, the local detail of the Bantam battalion assembled at their headquarters this morning for the last time before their departure for Toronto. At 11.15 city time the march to the station was commenced, the brass band of the 125th battalion leading the way, followed by the Bantams, in full marching array, and a detail from the 125th, under Lieuts. Hamilton and Waterous.

No parades have been held by the Bantams since Friday last, the men being allowed home on leave to say farewell, all assembling this morning at the fixed time.

The despatch of the squadron does not mean that the Bantams are gone for good from Brantford. The lusty crowding of the fighting birds will still continue to be heard for a time at least, for Ptes. Maurice and Haley will return to the city for a few days, or possibly weeks, in order to continue the work of recruiting. Lt. McKilloch will not return, as the 216th goes to camp on Thursday next.
