Chicago Gossip.

Marshall, Spader & Co. wired J. G. Beaty at the close:

Wheat—Sentiment in the wheat pit turned bearish this morning and market suffered considerable decline. The opening was weak and without feature.

Pit traders in general have sold and there has been liquidation by longs, both local and outside.

Some of the selling was on the theory that the big eastern line has come out. The buying was scattered and not of sufficient volume to check the market or bring about a rally. Foreign news was bearish. Argentine shipments about half million over the estimate and the prospect for the crop in India is favorable. Northwest cars were over last year's for the first time in weeks. This break has given shorts a chance to cover and we believe we shall see a rally from the low level.

Ennis & Stoppani wired to J. L. Mitchell at the close of the market:

Wheat—Opened with a downward tendency and continued to manifest weakness throut the entire session. The trading was of a rather general sort early, but a prominent local house which is supposed to represent large eastern holders seemed to have wheat for sale on all hard spots, which later proved to be the signal for attack by professionals and gave the bearish element renewed courage, finally resulting in a decline of one cent. Argentine shipments large, with cables from there indicating a continuance of the liberal movement. Contradicting reports which have been circulated recently, The Modern Miller claimed no damage to the growing crop by the recent severe winter conditions. Generally speaking the market appears to be in a position where constant support will be necessary if the market is to continue upward.

Corn and Oats—Started rather tame and a shade lower, but encountered good buying orders and the market reacted to yesterday's high point, around which figure profit-taking became very heavy, which resulted in a general recession. The weakness in wheat was also a factor. On the whole, however, the tone of the market was strong and we look for higher prices.

New York Dairy Market.

New York, Feb. 1.—Butter, firm, unchanged; receipts, 4488.

Cheese—Steady, unchanged; receipts, 1210.

Eggs—Easier; receipts 5757. State, Pennsylvania and nearby fancy selected white, 30c to 31c; choice, 28c to 29c; brown and mixed extras, 28c; firsts to extra firsts, 25½c to 27c; western firsts, 25½c (official price, firsts, 25½c); seconds, 23½c to 25c.

Severe reactions occurred in wheat to-day, as a result of lessened bull support and some heavy unloading in all markets. Bears were also more aggressive, acting on the small weekly clearances, a favorable Modern Miller report and denials of crop damage, the close showing ⅞c net loss. May 84⅝c to 85 3-16c closed 84½c; July 82⅞c to 84¼c, closed 82⅝c.

BRING TOM JOHNSON HERE TO ADDRESS P.O. LEAGUE

Let the People Hear This 20th Century Gospel—The Movement Advances.

It is suggested by J. M. Wilkinson, who sends in his name for the public ownership league, that the organization be perfected as soon as possible and that Mayor Tom L. Johnson of Cleveland be invited to address a meeting under the auspices of the league. Mr. Wilkinson thinks at least six lectures might be given by friends of the movement before the winter ends. Says Wilkinson:

"Let the people, the common people—the best people in the world—hear this 20th century gospel of good news: Deliverance to the captives from the oppression of corporate greed."

The suggestion is a good one. Tom Johnson should be brought to Toronto and with the co-operation of Mr. Wilkinson and other enthusiasts he will be.

Meantime the movement is progressing. Names are coming in fast, but no one who believes in the "principle" of public ownership and wants to see it put into "practice" should lag behind. The way to make it a success is to "boost." Your name, please, at once.

Among the many signed coupons are some from outside towns with encouraging notes enclosed. This is not a Toronto league; its bounds will not be confined even within the province. After the league gets a start in Toronto attention will be given to the formation of branches in Hamilton, London and other places.

"The movement is a good one and I am sure will meet with the support of many good, thoughtful people of our country," writes T. F. Corey of London.

R. C. Tefft of Markham writes: "May your efforts be crowned with success. I most willingly become a member."

MADE A HIT.

Toronto Garrison Dramatic Co. Appeared at Ottawa on Short Notice.

Ottawa, Feb. 1.—(Special.)—The Margaret Eaton School of Expression, Toronto, were to have been on the boards to-night in the governor-general's musical and dramatic competition, but, owing to Timothy Eaton's death, their entry was canceled, and instead olonel Septimus Denison and his company appeared. The remarkable readiness with which they complied with the invitation to compete, having only time to get ready to catch the Ottawa train last evening, secured for them an ovation in the Russell Theatre to-night.

The Toronto Garrison Dramatic Company played "His Excellency the Governor." The cast were: His Excellency, Col. Denison; Captain Rivers, Lieut. D. D. Young, R.C.D.; Major Kildare, Major A. H. MacDonell, D. S. O.; Clerk, Lieut. F. Gilman; Sentry, A. Lorne Beecher; Butler, H. Walker; Footman, Lieut. V. Nordheimer; Mrs. Wentworth Bolingbroke, Miss Katharine Merritt; Ethel Carlton, Miss Maud Denison; Stella De Cex, Miss Gladys Nordheimer.

The Montreal Choral Society were also on this evening.

Equally Valuable Properties

EXPERT'S REPORT

Mr. S. Lawrence, M.E., who submitted a report after examination of both properties, says that on the South property there is a "strong vein eighteen inches wide." The value of the North claim, he submits, is "enhanced by the fact that on the claim next east on sinking is found native silver." . . . "The two properties are well located, being only one mile from the railway, and also in the heart of the mineral belt.

Since that report a 40-foot shaft has been sunk, and four exceedingly promising veins uncovered and stripped, showing NATIVE SILVER AND COBALT.
