THE SITUATION

It has been generally understood that Germany could strike a heavy blow against Russia at almost any time during the past few months.

Heavy rains continue on the Flanders front and nothing of much importance has recently transpired there. President Wilson has issued an executive order of sweeping terms.

MATTERS AT OTTAWA

Some people seem to have the idea that with the formation of a Union Government an election will not be necessary. This, of course, is an entirely erroneous impression.

Hon. Frank B. Carvell, member for Carleton, N.B., in 1904, was sworn in on Saturday as Minister of Public Works. He is one of the old school Liberals but union at this time appealed to him more strongly than any mere idea of party.

Sir Wilfrid Laurier has issued a call for conferences of his Ontario supporters, the first to be held in Ottawa, Oct. 19th, and to comprise representatives east of Kingston, and a second to be held later for the Western section.

GIDEONS MEET
The Dominion executive of the Gideons held their session in the Y. M. C. A. Saturday, London, Brantford, Toronto and Kitchener being represented.

A LIBERAL VIEW

The following taken from the Toronto Star (Liberal) just about voices the views of most of the Opposition papers throughout Canada.

"The prolonged negotiations that have been under way between the Conservative Government and the representative leaders of the Liberal Party throughout Canada have finally resulted in the formation, under the leadership of Sir Robert Borden, of a non-partisan National Government to carry on the affairs of the country for the period of the war.

"The new Administration is a representative coalition of the two political parties throughout Canada for war purposes as could have been formed, and will meet with the approval of all who really desired to see the two political parties come together, sink their differences, and endeavor to unite their followers as one people while the war lasts.

"Sir Wilfrid Laurier declined to enter a coalition and declared himself unalterably opposed to the drafting of men for military service in the war. In taking this position he has not been upheld by representative Liberals outside his own Province, and the great body of Liberals throughout Canada who have thrown themselves wholeheartedly into this war have no desire of intention to be put in a false position by accepting a leadership that would seem to represent them as opposed to conscription or to any other measure that may become necessary to the winning of the war.

"As we have said, the Union Ministry that has been formed is a representative of both political parties throughout Canada as could be expected by anybody who really favors union and co-operation of the country through the war. The new Government, of course, will be judged by the policies announced and the will and capacity shown in giving them effect."

Nuptial Notes

A quiet but very pretty wedding was celebrated in the home of Mr. John Groat, on Saturday afternoon, when his sister, Ada Jane Groat, of Liskeard, Cornwall, England, and Mr. William J. Hendra, A. L. C. M., professor of vocal music, violin and viola in the University of Alberta, Edmonton, were united in matrimony by Rev. John E. Peters, M.A., pastor of the Marlborough Street Methodist church.

Mr. and Mrs. John Cousland announce the marriage of their daughter, Winnie, to Trooper E. H. Kite. The wedding was solemnized very quietly on Oct. 8th, at St. Peter's church, Hamilton, by the Rev. W. J. Ten Eyck, Trooper Kite leaves shortly for overseas.

TWO KILLED

Continued from Page One
Philadelphia, Oct. 15.—An explosion in the nitro starch dry house at the Dupont Powder Works at Gibbstown, N.J., resulted in the instant death of two workmen. A third man is missing and is probably dead. The bodies were blown to pieces. Another man was seriously injured. The destroyed building was a small one storey structure, isolated from the rest of the plant and the force consisted of the four men mentioned. There was no other damage. The Dupont Company says there is nothing suspicious about the explosion.

The better weather also had the effect of drawing a larger early morning crowd to the Polo Grounds. Some men and boys, eager to see what may be the final game of the series, were at the Brush Stadium at midnight, and with the coming of daylight the \$1 and \$2 tickets lines began to grow rapidly. Gates to the reserved seats were opened after 6 o'clock as soon as street traffic began to become clogged.
