Big Social Display Shocks Mr. Dewart

Would Trim Ceremonies at Opening of Ontario Legislature—Ban on Evening Dress

(Toronto Mail.)

"A pleasant time was had" at the opening of the legislature yesterday so far as society was concerned, but though he was among those who witnessed the ceremonies incident to setting the law-making machinery of the province in motion, Hartley Dewart, K. C., was in no mood to enjoy it all. It jarred upon his democratic susceptibilities so severely that he left the chamber, and, hurrying to the nearest stenographer, dictated the following notice of motion that will go upon the order paper in due course:

"That in the opinion of this house it will be more in keeping with the dignity of the proceedings in the assembly and with the democratic spirit of our institutions if the ceremonies at the opening of the legislature are made less formal in their character, and having regard to the establishment of women upon a basis of electoral and legislative equality with men, that the same regulations as to dress at the opening of the house shall apply to both sexes."

And Mr. Dewart says that he means it.

PRUSSIA UNDIVIDED IN NEW CONSTITUTION

Berlin, March 1—The new German constitution to be submitted to the national assembly next week embraces the existing constituent states and continues the present constitutional system without barring the way to developments towards the centralized constitution originally planned. Prussia remains undivided but is restricted to one-third of its old representation in the new Reichsaret, or senate, instead of four-sevenths to which it is properly entitled. The southern German states retain restricted treaty-making rights and their present military control.

The ministers say that the settlement of a new military system will necessarily be postponed until the peace treaty or league of nations prescribes whether the principle is to be that of a militia, as in Switzerland, or of a volunteer force as in Great Britain. The minister of the interior, Herr Preuss, explains that the word reich is retained because of its valuable historical influence despite the recognition of the fact that its only possible translation by the word empire, conveys a wrong impression abroad.

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

Mrs. Cave, 841 Ellery street, Victoria, B. C., writes:

"Before using the 'J. B. L. Cascade' I suffered constantly from Constipation, had frequent billious attacks and sick headaches. Since beginning your system of Internal Bathing with the 'J. B. L. Cascade' four months ago, I have not had one attack and feel stronger and better in every way. My only regret is that I did not get a Cascade sooner."

By the proper application of nature's cure, warm water, by means of the "J. B. L. Cascade" the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal Bathing assists her.

Dr. Chas. A. Tyrrell of New York, a specialist on Internal Bathing, invented and perfected the "J. B. L. Cascade", which has done more during the past 20 years in restoring health and lessening disease than all other means combined. Ask E. Clinton Brown, druggist, corner Union and Waterloo streets; also F. W. Munro, dispensing chemist, 857 Main street, St. John, for Booklet, "Why Man of Today is Only 50 Per Cent Efficient." They will also be pleased to show and explain the J. B. L. Cascade to you.

BOYS AT THE Y.M.C.I.

A splendid programme was arranged in the Y. M. C. I. last evening for the weekly Friday evening entertainment of the boys of the institute. Last night marks the last evening on which the boys will enjoy such entertainments arranged for their benefit. A feature of the programme last evening was a relay race between three six-men teams, one representing the Cathedral parish, St. Peter's and St. John the Baptist. The race was run off in heats. The Cathedral and St. John the Baptist teams ran first with the former winning out. Then St. Peter's and Cathedral ran the final, and the latter won again. The captains of the teams were: Cathedral, Williams; Lower Cove, Jennings, and St. Peter's, Donovan. The race proved a drawing card and there was much competition. After some physical drills were executed the boys went to the auditorium where a short, snappy programme was carried out. Gerald O'Neil, chairman of the boys' committee, presided. Sergeant Owen Coll gave some amusing recitations and told several laughable stories; Walter Bridgeo gave piano selections, and Captain (Rev.) Hector L. Belliveau gave a fine address to the boys urging them to be honest, clean and generous in all their doings. Refreshments were served in fine style by the ladies of St. Vincent de Paul Society, who have had charge of this important end of the programme since the boys were entertained first this winter. The committee consisted of Mrs. E. Haney, Mrs. M. McGuire, Mrs. D. Connolly, Miss Crowley, and others. Donations of cakes, etc., were received by the ladies, for which they are grateful.

J. J. McNamara, physical instructor, had charge of the races, and the gymnastic exhibition and physical drills. Altogether the evening was a highly enjoyable one, and it is to be regretted that there are not more of them in sight.

THANK OFFERING.

The annual thank offering meeting of the Women's Missionary Society of the First Presbyterian church, West St. John, was held last niglit in the vestry of the church. Rev. Dr. Morison, the minister, presided and after conducting the devotional exercises introduced the speaker of the evening, Rev. G. A. Kuhring of Stone church, who delivered a most admirable address on foreign mission work for the church. The offering exceeded thnt of the previous year by more than $4.00. Solos were sung delightfully by Miss Edna Smith and David Allan, the treasurer of the church.

WHY CHILLY WEATHER BRINGS RHEUMATISM

Says skin pores are closed and uric acid remains in blood.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
