...ded in rescuing four men from rafts constructed from deals, having been in the water up to their waists twenty-one hours without food, and in a heavy sea and with little clothing upon them. They were all nearly exhausted when rescued. The rafts were merely deals lashed together without lashing and held only by the feet and limbs of the men. The Captain, and four men of the crew, were probably lost when the bark capsized, as the Canton passed within half a mile, she being then keel up. [illegible] men, including the second mate died on the [raft] and were thrown overboard by their companions previous to being fallen in with by the [illegible].

[Jen]ny Lind's Brother.—It will be interesting to many of our readers to hear that John Lind, [brother], of Stockholm, son of Hans Lind, School[master], and brother of Jenny Lind, the "Swedish [Nighti]ngale," was married in the register-Office [in this] town to Miss Mary Gee, of Pillgwenlly. [He h]ad not seen his sister for many years, [but h]e accidentally met with her the other day [at Liv]erpool, on her professional visit to that [town]. Jenny presented him with a handful of [illegible] money, but John, like his other two brothers, is able and willing to work for his bread, [and if] his sister were to offer him an annuity to [keep] him from labor, he would not accept of [it. He] spoke in the most affectionate terms of [his sis]ter, stating that she had supported her [father] and mother since she was sixteen years of [age].—*Bridgewater Times.*

Selkirk Caravan—Rains.—The *Minnesota P*ioneer of the 21st Aug. says, that the caravan from the Selkirk settlement, 600 miles north [of St.] Paul's, arrived at the Sauk Rapids.—The [carts a]re most of them drawn by a single ox, but [some by] ice small horses. They were fifty days on [the wa]y, and had a wearisome journey on account of the floods.

[Mr]. Ross says that Selkirk and the region [for] twenty miles, has six Protestant churches, [one C]atholic and one nunnery. It has good [schools] too. The church bell which was carried [thro]ugh St Paul, one year ago, for Pembina, [up]per U S settlement, got stuck in the mud [by the] way and it is doubtful whether it will [get there] to peal in those far off regions [illegible] rocks and valleys "the sound of the [church-]going bell never heard."—*Buf. Com.*

[Fat]al Accident at the Falls.—Yesterday [aftern]oon a fatal accident occurred at the Falls. [illegible], Hardware Merchant of St. [Cathar]ines, with his wife and two children, in a carriage was driving through the ravine leading from Drummondsville to the Falls, when [the hor]se became unmanageable and backed off a [precipi]ce about 40 feet in depth. Mr. Nobles [jumped] from the carriage with the two children, [and esc]aped without injury. Mrs Nobles, however, was precipitated down the bank, and so [severel]y injured, that, we understand, she has [since di]ed.—*Buffalo Commercial.*

[The] first newspaper says the *Essex Transcript* [was pri]nted in London in 1542. The first in [America] was in 1704—only on one side of half [a sheet] post—published by John Campbell, who [styled] himself "Postmaster of New England at [Boston]" and being, I believe, literally the only [newspap]er in all New England. May I be pardoned for copying one of his early advertisements. "To be sold by the printer of the paper, [a] Negro woman in town, who has had the [small-p]ox and measles, is as hearty as a horse, as [brisk as] a bird, and will work like a beaver."

[Cann]ibals in the North West.—It is a fact, [howev]er, not generally known, that a tribe of Indians, inhabiting the country beyond [illegible], are addicted to the practice of [eating] their fellow-creatures. They are called [Bl]ack Wood Indians, and are regarded with [the m]ost abhorrence by the surrounding tribes.—[*Chicag*]o *Advertiser.*

[Rhub]arb.—A correspondent of the *Gardener's [Chronicl]e* says, "The stalks should not be washed, [but s]imply rubbed with a cloth, and cut into [piec]es of two inches square, without any [peeling]. Washing the stalks makes it flavourless; [and] to remove the outside deprives it of the [flav]or that which well grown rhubarb [p]ossess."

[The E]ditor of the Miramichi Gleaner has been [fined fo]r libelling John Williston, Esq., in an [advertise]ment inserted in his paper during the [last elec]tions, by an opposing candidate. Damages £1000—awarded £10. We sympathise [with our] cotemporary—and opine the Miramichi [[illegible]] not allow him to suffer in the flesh.—

[Panam]a Railroad.—The chief Engineer of [the Pana]ma Railroad Company, Mr. J. C. Trautwine, with nine assistants, sailed from this port [yesterda]y, in the steamship Cherokee, for San [Juan de] Nicaragua, to join his associate, Mr. [illegible], in the prosecution of the Panama Railroad enterprise. Large quantities of material to [be used i]n the construction of this road have al[ready bee]n forwarded from the forests of Maine [and from] this city.

[A] steamer is also in process of construction [for the sa]me Company, at Mott & Ayres' Chelsea Foundry, to be finished and sent round [in three] or four months. She is 125 feet in [length, 2]2 in breadth, 7 in depth, and will be propelled by two powerful engines, as she is to be [used in t]owing barges and conveying stores, &c., [to differe]nt points on the river. Three of these [iron] scows, also of iron, are built at the [same wor]ks, as well as several iron water-tanks.—[*New Y*]*ork Journal of Commerce.*

MOTT'S BROMA. The following observations having reference to the preparation of Broma appeared in a late number of the Boston Medical Journal:—"A few years since a great manufacturer of Broma sought the opinions of many medical gentlemen of distinction, for the purpose of having an unobjectionable food for invalids, and was assured that he had fully succeeded. Hospitals, infirmaries, and households generally, should always be provided with it. When gruel, arrowroot, groats, barley, starch, rice, farina, and most other things ordinarily resorted to for patients are of no utility, the Broma is consistent [illegible]. It is believed that those who use it as a beverage will have manifest dietetic advantage over the consumers of tea and coffee. We see it stated that during the last summer those individuals who were continually using Chocolate or Broma [illegible] attacks of cholera or dysenteric affections [illegible] of the same families [illegible] coffee, or [illegible]. We cannot vouch for the truth of this, but [illegible] ed to mind the statement that the oil-dealers in London have been free from Cholera or the plague [illegible]. And it has been [illegible] taking cod liver oil [illegible] prevalence of the [illegible]. Vegetable oil in the first instance and animal oil in the last, taken internally, would appear [illegible] ments, to have secured those who took them from the shafts of the pestilence. It is certainly a point worth while to determine, whether the chocolate drinkers have been secure in other infected cities." Mott's Broma has now been before the public for a considerable period, and being [illegible] of the Medical Faculty of this and the neighbouring Province, it has received the approbation of all classes of consumers.—It is held to be an article of standard reputation, and the demand for it is constantly increasing. ☞ Sold Wholesale [illegible] at MORTON'S MEDICAL WAREHOUSE, [illegible] Building. LADIES' ELASTIC CHEST EXPANDING STAYS. HERBERT'S ORIGINAL MANUFACTURE. THE very favourable manner in which the CHEST EXPANDING BRACES, manufactured by the Subscriber, have been received, and the benefit many persons have stated they have derived from their use, has induced him to give much attention to remove one inconvenience occasionally alleged by Ladies to the Braces, that they were insufficient to make their dresses sit well, and he now offers the CHEST EXPANDING STAYS as an article well calculated to remove this objection altogether. They embrace all that is essential in Stays to make the Dress sit well, with expansion of the Chest and support to the Spine. The attention of *Ladies* is respectfully invited to the above. M. HERBERT. Halifax, Aug 21, 1850.

ABDOMINAL SUPPORTERS, TRUSSES, INHALING TUBES, &C. M. HERBERT is now manufacturing ABDOMINAL SUPPORTERS on the latest and most approved principles. It has been asserted by a Medical Gentleman of the largest experience in Pulmonary Complaints, that one third of the cases of Pulmonary Consumption, with a host of other diseases, originate in the falling of the bowels caused by the relaxation of the Abdominal Muscles, such as—Weakness and Loss of Voice and Disease of the Air-pipes, Short Breath and Wheezing Breathing, Palpitation of the Heart, Sinking feeling, and All Gone at the Pit of the Stomach, Diseases of the Liver, Breaking away of the Bowels themselves, Piles, Gravel, Pains and Weakness, threatening Disease of the Spine, Swelling of the Lower Extremities, with various diseases peculiar to Ladies, &c. &c. The greatest number of these diseases cannot be cured *without*, but in general may be cured *with*, [illegible] of the above *Supporters* [illegible] calculated to afford. M. Herbert's Abdominal Supporters have been inspected by most of the Medical Gentlemen [illegible] and were highly approved of by all [illegible] which but a few ounces [illegible] tion of the body—whilst the only feeling produced by them is that of support and comfort. M. Herbert is also manufacturing Rupture Trusses, which are constructed on principles the most modern and improved. He will also keep on hand Valuable Inhaling Tubes. These instruments are valuable auxiliaries to the Braces and Supporters, for all Contractions of the Chest, flat chest, stooping chest, pains in the chest; in cases of Cough; in all cases after Pleurisy or Inflammation of the Lungs; in all cases of Asthma; in all cases of Loss of Voice, Weak Voice, Hoarseness and Weak Throat; in all cases where the Breast bone or Ribs contract or [illegible] upon the Heart, and prevent its free action [illegible] or Shortness of Breath [illegible] Sickness or confinement to bed [illegible] &c. &c. &c. DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA. The Wonder and Blessing of the Age. The Most Extraordinary Medicine in the World. This Extract is put up in Quart Bottles; it is [illegible] cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the patient. We have manufactured 1,500,000 Bottles of this Sarsaparilla during the past year, and are now putting up 5,000 [illegible] of the Sarsaparilla Root [illegible] than all the other manufacturers of Sarsaparilla [illegible] year. [illegible] the cure of the following diseases [illegible]:

Scrofula or King's Evil	Salt Rheum, and all Diseases arising from an injudicious use of Mercury
Old Sores, Ulcers or Erysipelas	Ascites, or Dropsy, Exposure, or Imprudence in Life. It invariably cures
Pimples or Pustules on the Face	Rheumatism,
Blotches, Biles, Chronic Sore Eyes,	Indigestion or Dyspepsia,
Ring Worm or Tetter,	Neuralgia, General and Nervous Debility,
Scald Head,	Palpitation of the Heart,
Enlargement and Pain of the Bones and Joints,	Liver Complaint and Inflammation of the Kidneys.
Stubborn Ulcers,	
Syphilitic Diseases,	
Lumbago,	

Ladies of pale complexion and consumptive habits, and [illegible] debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or [two], to bloom and vigour. The number of Diseases mentioned above, as cured by this preparation of Sarsaparilla may seem large, but we [illegible] the cases prepared to prove, by an extensive array of certificates that such is the fact. A fraction of the [certificates] which we possess concerning each disease would [be sufficient] before any judicial tribunal as complete demonstration. It must be remembered that all this frightful array of maladies, though appearing in an endless variety of forms, are yet similar in their origin and causes; all spring directly or indirectly from a corrupt [condition of the blood]. If the blood were in a pure, healthy, and active [state], it would drive all these complaints from the [system], and chronic disease would be impossible. For Sale by SAMUEL STORY, 3rd, Agent, 61 Hollis Street. N. B. Druggists and others supplied on the most liberal terms.

HOPE FOR THE AFFLICTED. Halifax, N. S., May 13. Mr. Samuel Story, 3rd, Agent S. P. Townsend's Sarsaparilla. Sir,—Having been afflicted for the last twelve months, with an affection on the lungs, which prevented me attending to my work as well as I could wish, during which time I was under three Doctors hands, and must say, I derived no benefit whatever, and began to despair of ever getting better. I was induced to try S. P. Townsend's Sarsaparilla, that you are agent for, by seeing it advertised, and after using 2 bottles, found immediate relief, and am now able to attend to my work as usual. I sincerely believe it has been the means of restoring me. I have also been afflicted with the Piles for the last seven years, and when I began using your valuable Sarsaparilla, to my astonishment, I was cured. TRY ERE YOU DESPAIR. HOLLOWAY'S PILLS.

CURE OF ASTHMA. Extract of a letter from Mr Benjamin Mackie, a respectable Quaker, dated Creenagh, near Loughall, Ireland, Sept 11th, 1848. *To Professor Holloway.* Respected Friend,—Thy excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent that I was obliged to walk my room at night for air, afraid of being suffocated if I went to bed by cough and phlegm. Besides taking the Pills, I rubbed plenty of thy Ointment into my chest night and morning. (Signed) BENJAMIN MACKIE.

CURE OF TYPHUS FEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH. A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever. She lay for five days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her demise. Mr. Benjamin Mackie, the Quaker whose case is referred to above, heard of the circumstance, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given her, and the same number was continued night and morning for three days, and in a very short time she was completely cured. N. B. From advice just received, it appears that Colonel Dear, who is with his Regiment in India, the 21st Fusileers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking night and morning, copious doses of this fine medicine. The patient should be induced to drink plentifully of linseed tea, or barley water.

CURE OF DROPSY IN THE CHEST. Extract of a letter from J. S. Mundy, Esq., dated Kennington, near Oxford, December 2nd, 1848. *To Professor Holloway,* Sir,—My Shepherd for some time afflicted with water on the chest, when I heard of it I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever he was in his life. As I myself received so astonishing a cure last year from your Pills and Ointment, it has ever since been my most earnest endeavour to make known their excellent qualities. (Signed) J. S. MUNDY.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT. Extract of a Letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845. *To Professor Holloway,* Sir, Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; nay! not even the waters of Carls, Bad and Marienbad. I wish to have another box and a pot of the Ointment, in case any of my family should ever require either. Your most obliged and obedient servant. (Signed) ALDBOROUGH.

CURE OF A DEBILITATED STOMACH. Mr. Mate, a storekeeper, of Gundagai, New South Wales, had been for some time in a most delicate state of health, his constitution was debilitated that his death was shortly looked upon by himself and friends as certain, but as a forlorn hope, he was induced to try Holloway's Pills, which had an immediate and surprising effect upon his system, and the result was to restore him in a few weeks to perfect health and strength, to the surprise of all who knew him. He considered his case so extraordinary that he, in gratitude, sent it out for publication, to the *Sydney Morning Herald*, in which paper it appeared on the 2nd January 1848. A few doses of the Pills will quickly rally the energies of both body and mind, when other medicines have failed.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Female Irregularities	Sore Throats
Asthmas	Fevers of all kinds	Scrofula or kings evil
Bilious Complaints	Fits	Stone and Gravel
Blotches on the skin	Gout	Secondary Symptoms
Bowel Complaints	Headaches	Tic-Doloreux

LIFE AND FIRE INSURANCE. The Undersigned has been appointed Agent for the "Trenton Mutual Life Insurance Company of Trenton," United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital Stock of the Trenton Mutual is now $[illegible], well secured in good productive Stocks, Mortgages on Real Estate and Cash in Banks—and is doing a very large and as yet, from it commencement in 184[illegible], a very successful business. In the Life Department they issued the first year ending 1st October 1849 367 *Policies*, a number which very few Companies of long standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums then payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information. Rufus S. Black, Esq. M. D. is Medical Examiner for the Company.
