# WELL FINISHED STOCK WAS IN GOOD DEMAND

Prices Rule Strong in Some Departments Because Receipts Not Heavy Enough.

## SOLD AT FIRM FIGURES

Tho Only Small Percentage Were Choice, Butchers' Cattle Disposed of Quickly.

Receipts of live stock at the Union Yards on Wednesday were 117 carloads, comprising 681 cattle, 2002 hogs, 32 sheep and lambs, 153 calves and 1132 horses.

There was a good demand for all classes of good to choice well-finished stuff. In several departments the receipts did not begin to equal the demand and prices ruled strong accordingly.

Butchers' Cattle—There would be about 600 cattle offered, of which only a very small percentage were choice and well-finished; these were all quickly bought up at as firm prices as have been paid this season. The common, half-finished classes, while not selling as readily, were being taken up at steady values. A. B. Quinn sold one fancy steer, 23 months old, weighing 1160 lbs., fed by T. P. Armstrong of Thornbury, at $8.75; also seven steers of choice quality at the next high figure of $8.50. Mr. Quinn had eight of the high-priced cattle of the day, including the one that topped the market. Several small lots reached $8.25 and we heard of three or four loads selling at $8, but the bulk of the good cattle sold from $7.80 to $8.15.

Stockers and Feeders—There seems to be an increasing demand for these classes, but few are being offered and half-fat steers that were intended for the butchers' market are being taken at $7 to $7.50.

Milkers and Springers—Not enough of the good to choice classes are coming forward to satisfy the demands. One dealer informed The World that he had orders for two carloads yesterday, but could not get them, as they were not on the market. Prices for these classes are very firm at quotations given. A. B. Quinn sold one springer at $100, which was the highest we heard of.

Veal Calves—Few choice or even good fat veal calves are coming on the market. The bulk of the calves offered yesterday were common and medium. The buyers all agree that the quality of the calves coming on the Toronto market was never worse than now and for some time past. Several butchers told The World that it was next to impossible to get a good calf, let alone a choice one. Choice calves are quoted at $12 per cwt., but those that sell for $12 should only be classed as good. We have not seen a choice, well-finished, new, milk-fed veal calf in the last four weeks, altho on the market every day.

Sheep and Lambs—There are not enough sheep and lambs coming to supply a quarter of the demand, or even to constitute a market. Prices are no higher, as they have reached the limit at which they can be sold.

Hogs—About 2000 hogs were offered and sold at $10.75 per cwt. off cars. And more would have sold at these prices we believe. And for the first time in many moons we did not hear but the one price quoted.

# SEIZURE OF SECURITIES IS UPHELD BY BRITAIN

United States' Formal Protest Has Not Made Much Impression.

LONDON, March 22.—Replying to the formal protest of the United States against the seizure of American securities, the British Government will give to Walter H. Page, the American ambassador, an informal interim reply, in which Great Britain will claim the right to make such seizures because their sale by Germans gives them credit, which places the bonds in the same category as gold shipments.

Ambassador Page has presented a number of specific complaints to the British foreign office in behalf of American claimants of the seized securities, but no reply showing what disposition the British Government intends to make in this case has yet been received. It is understood the ambassador will press for an early reply to these complaints.

There is a disinclination in official circles to make any statement regarding the possible fate of these seized securities as they constitute a form of contraband which has no precedent.

Small Lots to Fill Actual Wants Met Good Demand.

MONTREAL, March 22.—At the C. P. R. live stock market today there was a scarcity of good to choice stock, and a firm feeling prevailed. There was a good demand for small lots to fill actual wants, and sales of steers and heifers were made at $6.50 to $8.50; butchers' cows at $5 to $7.50, and bulls at $5.50 to $7.20 per cwt. The offerings of canning stock were fair, cows selling at $3 to $3.75, and bulls at $4 to $5 per cwt.

Trade in sheep and lambs was quiet, owing to the small supplies available, and prices ruled very firm, with small lots of the former selling at $7.50 to $8.50, and the latter at $11.75 to $12 per cwt.

Demand for calves was active, and a brisk trade was done in good to choice stock at 8c to 9c per pound.

Hogs were active and firm. Selected lots brought $11.25 to $11.50, weighed off cars, per cwt.
