## Mammoth Show at the Crescent Yesterday

**BIG SINGING ACT GOES OVER WITH A SWING.**

A big show from every angle was presented at the Crescent Theatre yesterday. The singing act by Pat Harrington and Robert Shields was indeed an attraction worth hearing and received a hearty ovation. Mr. Shields's rich baritone voice was in excellent trim and the selections rendered by him were well delivered. The duet by Messrs. Harrington and Shields was the feature of the program. The whole bill was well up to the standard of perfection.

The film entitled "Down to the Sea in Ships" contained all the entertainment one could possibly desire, as it was thrilling from start to finish, with no fake scenes. It's a beautiful tale in which a young couple overcome apparently insurmountable obstacles for the sake of a great love. A breath-taking picturization of the most hazardous pursuit in the world, the great hunt for whales on the coast of New Bedford.

A great Amateur Contest takes place on Friday night. It may be noted that last Friday's affair was the biggest so far as quite a number of novel items appeared, some of the same attractions are appearing this week and also new contestants have signified their intention to appear. Make no other "date" for Friday night.

**TRAITS.**

To have smoothed another's way,
Even by the smile you gave
Or the word you had to say,
This is being brave.

To have made another glad
He stood face to face with you,
And your friendship once he had,
This is being true.

To have been in time of need
First to hurry to the gate,
First to do the kindly deed,
This is being great.

To have learned in selfish strife
Little satisfaction lies,
Serving is the joy of life,
This is being wise.

Cold Meats
Cheese
Sandwiches
Tomatoes
Salads

are all made surprisingly delicious with a little
