SUNLIGHT

Continues to rank an Easy First among the Laundry and Household Soaps of the World.

Used according to directions, it does away with all the old-fashioned drudgery of wash day. Try it and convince yourself.

Here's a "pointer," and it is true:—One tablet of "SUNLIGHT" Soap will do twice the work in half the time of two bars of ordinary soap, besides saving the cost of washing powders, and preventing injury to the clothes and hands.

It pays to use "Sunlight."

The Grain Fields.

—Early sown wheat, especially when sown in a dry time, has roots that strike down deeply. These are snapped whenever a surface thaw occurs, while the roots are held below and the surface freezes again. The top is then greatly disproportioned to the root. It is a good plan when wheat is getting a large fall growth to turn in sheep or young calves to crop the leaves. They lessen liability to injury by decreasing the top in case the root is thrown out. Besides this the tramping of the soil is beneficial. It compacts it around the roots and thus compacted the soil is less absorptive of water, from which comes the chief danger from winter freezing and thawing.

—For many years past farmers have known that a crop of clover is greatly beneficial to the land, and improves it for several years afterwards. Indeed in many localities where the use of lime as a fertilizer has been common, and the land has never been sown with clover or grass without the application of it, it has been the common expression that, "without lime there is no clover." And this has been the actual truth, for the dividing line between the limed and the unlimed land may have been plainly seen by the luxuriance of the crop on the former. And this luxuriance of growth has been perceived in other crops following in the rotation. It has been supposed that this result has been due to the action of caustic lime upon the silica of the soil, and that this action has caused a solution of the silica which has been combined with the potash, soda, magnesia, and the other minerals in the soil, and has thus set free these indispensable elements of food for the crops. But even these valuable services of the lime did not fully explain all that was known of its good effects, and it remained for the latest discovery of the presence of the nitrogen bacterium in the soil to complete the whole story of the use of lime. And now it may be assumed that without a large supply of lime this invaluable microbe cannot act, and that to enable it to complete its work the soil must contain a sufficient quantity of this alkali.

Every man who is not bearing any burden is a burden to himself.

Mr. J. R. Allen, upholsterer, Toronto sends us the following: "For six or seven years my wife suffered with Dyspepsia Costiveness, Inward Piles and Kidney Complaint. We tried two physicians and any number of medicines without getting any relief, until we got a bottle of Northrop & Lyman's Vegetable Discovery. This was the first relief she got, and before one bottle was used the benefit she derived from it was beyond our expectation."

Use your imagination, but do not let your imagination use you.

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

Patience, like all other virtues, requires careful cultivation.

Nothing impure or injurious contaminates the popular antidote to pain, throat and lung remedy and general corrective, Dr. Thomas' Eclectric Oil. It may be used without the slightest apprehension of any other than salutary consequences. Coughs, rheumatism, earache, bruises, cuts and sores succumb to its action.

In society some counterfeits are better than the originals.

Mr. Job Scales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, sour stomach and lame back; in fact, I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrup and Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude."

Some busy people never find time to do anything.
