There is much opposition to the granting of such a license, and the board laid the matter over for consideration at a special sitting on May 16.

A horse hitched to a light buggy ran away in Dundas-street last night and threw out the two occupants of the vehicle into the road. Mr. Burke, who was driving, was comparatively uninjured, but his companion, Miss Harris, was less fortunate, one of her hat pins making a wound in which Dr. Cotton, who was called, had to put several stitches.

THE GOVERNMENT REPORT.

The condition of winter wheat in the United States is placed at 82.7 per cent. this month. This compares with 82.9 in 1895, and 91.4 in 1894. During the month of April the crop, except in Ohio, Illinois and California, has improved, Kansas materially. The great changes will be in the three states of Kansas, California and Ohio. Last year the Ohio condition was 85 on May 1, and the state board made it yesterday 53. In California last year the condition was 97, but reports indicate a considerable lowering from the April 1 condition, which was 91. Kansas last year was only 48, and yesterday its agricultural bureau made the condition 97.
