I Will GIVE You My Introductory Course In Horsemanship FREE!

PROF. JESSE BEERY
King of Horse Trainers

If you want to be recognized as the foremost horse expert in your county, here's your chance! My graduates are earning $1200 to $3000 a year by using my safe, simple, successful methods. And to show how *you* can learn to judge a horse's disposition at sight, and how *you* can correct *any* fault in *any* horse I will send you *free*, my Introductory Course in Horsemanship. Yes — FREE, — No charge — no obligation.

Do You Know of a Bad Horse Nearby?

I don't care what's wrong with it—whether it kicks, rears, bites, balks, shies, runs away, or whatever else it may or may not do, I guarantee you can correct the fault, make the horse worth more to the owner, and pocket a good fee yourself in the doing of it. I've been doing that very thing all my life. Now, since I have quit the arena I have shown some 41,000 successful graduates how to win popularity and good incomes the self-same way.

There is Only One Correct System

The only correct system is that based upon actual experience with all types of horses. And this system takes into consideration the disposition of a horse, which is of first importance. You can do most anything with a horse when you know its disposition.

Here's what one of my graduates did—and I can send you hundreds of just such letters of success:

"I bought the worst balker I could find to test your methods. Paid $65 for him. Handled him a few hours—sold him for $150. He is one of the best pullers in the State now."
R. L. ARRANT, Selma, Cal.

A Sure Way for You

And I can just as surely enable you to win fame and a good income this way. And to prove it I will send you my Introductory Course, ABSOLUTELY FREE. All I ask you to do is to send the coupon. That's easy, isn't it? Then *prove your* ambition by sending it NOW. This offer may soon be withdrawn. When sending coupon also tell me about your horse.

VANSTONE & ROGERS

Importers and Breeders of Clydesdales, Percherons Belgians and Hackneys

NORTH BATTLEFORD, SASK.

We are landing this month four car loads of above breeds from yearlings up. These are of the good big drafty kind and very few of these colts will be short of a ton at maturity.

If you need a horse next spring, this is the time to get it, as we can sell a lot cheaper now before we have put any expense on them, and the colt will be acclimated in your own locality.

Anyone needing an exchange can be assured of a fair and honest deal. We guarantee every horse. Ample time to responsible parties. Liberal discount for cash.

ASK OUR CUSTOMERS HOW WE USE THEM

Some Shetland ponies for sale. Shetland stallion for service.

Johnston's Granary

Handy. Rigid. Safe.

Protect your grain from fire, lightning and rodents. Set up a Johnston's Granary—metal covered and tight as a drum. The grain can't budge the walls. You can place it where it will be handiest, and move it from place to place if necessary.

METAL DOOR—LOCKED JOINTS

Johnston's Granary is protected from 4-legged thieves and from fire by galvanized iron walls with locked joints. Iron bands with tension bolts hold the walls against bulging. The door is iron covered. Inside there is a sectional door to hold the grain. The sections of the roof lock together and offer a solid metal resistance to wind, water and snow.

Grains remain heat or mildew. A 14-inch galvanized ventilator provides plenty of air. Johnston's Granary is fitted at our factories and shipped ready to set up. Full details on request.
