IF $2.85 PER DAY WAGE IS INSUFFICIENT, CITY WILL STOP GARBAGE COLLECTION

Boards of Control and Works Refuse to Increase the Collectors.

MEN TO STRIKE TUESDAY

33 Employees Ready to Walk Out If Council Turns Down Request.

The city will not pay the garbage men $3 a day. If men cannot be secured to collect the garbage at $2.85 a day the garbage collection will be discontinued.

This was the decision of a joint meeting of the board of control and No. 2 committee (the board of works), this morning, and resulted from the garbage collectors notifying the city engineer that they were not satisfied with the action of No. 2 committee in granting them a 10-cent increase instead of 27½c as asked.

As a result of the action of the joint committee the garbage men will quit work on Tuesday if they carry out their threat. When they delivered their ultimatum to the engineer on Thursday they stated that they would quit last night. The engineer asked that they postpone action until their case had been reconsidered. The men acceded to the request, and will wait until their application for an increase is finally disposed of by the city council on Monday night.

There is little chance, however, that there will be any change made in the 10-cent increase by the council. A strike seems inevitable.

Forerunner of Others.

Ald. Charles Moorhead led off the attack this morning. He said that No. 2 committee considered the offer of 10 cents a fair one. All workers throughout the city were effected by the increase, and there were men who are not making 32c an hour who would have to help pay the increase. He also feared that if this request were granted it would prove the forerunner of many others.

Ald. O. G. Keene said that the workers at the incinerator had a much harder task. If the collectors were raised those at the incinerator would have to be raised also. They had to stay on top of the "old stink-pot" all day. They were worth more money. He suggested that if the men quit that the plant should be closed up, and at the end of a couple of months the city would know whether or not the people appreciate the service or whether they can get along without it. He also feared that the increase wage clamor would spread.

Controller J. H. Saunders said that the work of the collectors was much easier than that of the engineers at the incinerator, and they only received $3 a day. The collectors only worked while loading their wagons and rode the rest of the time. He thought they were getting all that they were worth.

Ald. Moorhead thought that there was too much money invested to close the plant up.

Controller C. H. Merryfield wanted to know if the city was prepared should these men walk out.

Controller J. M. Moore replied that a new organization to collect the garbage would have to be perfected, while Mayor Somerville said the work could be sublet in sections.

City Clerk Baker suggested that there were citizens who would pay one dollar each to stop the service.

Hoodwinked by Deputations.

Controllers Saunders declared that He was sick and tired of it. the council had been hoodwinked time and again by deputations appearing before it, and browbeating the members.

Controller E. S. Little said that the principal of granting increases after the tax rate was struck was wrong.

Engineer H. A. Brazier reported that in his opinion $2.85 was a fair wage for the services rendered.

Ald. Keene said there was no shortage of workers.

On a motion of Controller Little, the action of No. 2 committee was sustained, with the proviso that if the collectors quit and men cannot be got at $2.85 a day to fill their places, the service will be discontinued.

Thirty-three garbage collectors are involved. Thirty signed the petition for the wage increase.

1,000 DRAFTED MEN WHO GOT FURLOUGHS REPORTED AT CAMP

Big Rush for Outfits Swamping W. O. R. Staff.

MAJOR KINGSMILL GOES

Reverts to Captain's Rank to Serve in C. A. M. C. Overseas.

Today was a busy day at Queen's Park, when the first batch of draftees on seeding furlough reported for duty. Over 1,000 drafted men, farmers on seeding furlough, are reporting to their units today and Saturday, leave expiring June 1, and as none of these men have as yet received their military outfits, the task of fitting them out within two days is proving a tremendous one for those in charge. However, it is thought that by tomorrow night every seeding furlough draftee will be in khaki.

MAJOR KINGSMILL REVERTS.

The following medical officers will leave London next week for Montreal, where they will report for duty prior to proceeding overseas as reinforcements for the C. A. M. C.: Capt. H. A. Kingsmill, Lieuts. G. F. Sykes, F. H. Nelson and E. N. Ballantyne.

Capt. Kingsmill is a well-known local physician, and for the past few years he has been employed at the local armories as president of the London Mobilization Centre Medical Board. He is reverting to the rank of captain in order to proceed overseas.

INSPECTS GARRISON UNIT.

The Canadian Garrison Battalion was inspected this morning at Carling Heights by Lieut.-Col. H. D. Smith, acting officer commanding this district, who expressed himself as well pleased with the appearance of the men on parade. Lieut.-Col. H. L. Milligan, D. S. O., commanded the battalion during the inspection.

AMERICAN RELEASED.

The following discharges from the 1st Depot Battalion, W. O. R., are authorized in district orders: Ptes. John E. Berkwell (3133952), and Harold L. Bruce (3135206), to re-enlist in the Royal Air Force, and Pte. Lawrence J. Murtegh (4000118) being an American citizen apprehended in error, under the military service act.

VIMY RIDGE "SHOW" FIRST INDEPENDENT CANADIAN ACTION

Details and Move Planned by Canucks.

"At Vimy, for the first time, the Canadians operated as an independent force. The details of the preparations and of the action itself were worked out and carried out by Canadians, and all feel that the success of that action was due to the fact that every man, from the highest to the lowest, no matter what his rank, endeavored to do his duty to Canada."

In these words Lieut.-Col. Frank Ware, D. S. O., explained to members of the Canadian Club at the noon luncheon today the reasons for the success attained by the Canadians in France.

The club had as its guests, two native Londoners, who have won promotion and honors overseas, Col. Evans G. Davis, C. M. G., and Lieut.-Col. Frank Ware, D. S. O. Lieut.-Col. A. A. Campbell, president of the club, presided.

Smiled as They Went In.

"It would do you good to see the way those boys swung along marching behind their regimental bands," Lieut.-Col. Ware continued, "with smiles on their faces, the day before that action at Vimy. You would have thought that they were marching down Dundas street, though they knew that the next morning they were going into action."

The secret of their success was careful preparation and training, added to their wonderful spirit, he said. Wonderful work was done with the wounded, and by noon the division with the heaviest casualties, had all its ground cleared of wounded. Those at home should be grateful that their boys are so well looked after when wounded.

Marvellous work was done by the Canadian Engineers, railway troops, tunneling companies, etc., in restoring water systems, roads, and dugouts, wrecked by the Germans before retiring.

"You can rest assured," he added, "that your fighting men, and your administrative men, did their utmost to uphold the glory of Canada. Through all the actions in which they have been engaged, they have thought of Canada."

Sir Arthur Currie, though like many other Canadians, an amateur soldier, now commanded one of the largest organizations in the British army with extraordinary ability.

Praises Canadian Nurses.

Great tribute to the Canadian nurses was paid by Col. Davis, who told of their paying the great sacrifice gladly. They were unsurpassed the world over, he said.

Reverses must be expected by those at home, he said, adding that the great need was for men at present. The Canadian organization was marvelous and bewildering to those who investigated it, and though it had its faults, people should refrain from criticism.

Much difficulty had been experienced before the war to get the people interested in the A. M. C. work and training, but its worth was now realized. In addition to the care of wounded it had to look after the prevention of disease, compiling of records, the pension work, and other activities.

"The most remarkable thing," he declared, "is that you never hear a conscious wounded man complain. If they have to pay the great sacrifice they meet their God with a smile."

While little was known of the treatment of head injuries, heretofore, as much as 65 per cent now recovered, through the improvement in technique of the surgeons, he said.

FINANCIAL AND COMMERCIAL

OATS CONTINUE TO DROP IN VALUE

The demand for hay continues to be slow. Twelve loads reached the market on Thursday and a number this morning, selling from $10@12 a ton.

Oats took another drop today, going as low as $2 40 per cwt. The higher price paid was $2 55. The demand is poor.

Home-grown potatoes show a slight advance, selling from $1 65@1 90 a bag.

Rhubarb, green onions and asparagus remain at the same price.

The live hog market is firm. Dressed hogs are selling at $26 per cwt.

Eggs are firm, retailing at 40c a dozen, and crate lots, wholesale, selling at 35 a dozen.

Butter is steady, creamery retailing from 48@49c per lb, and dairy at 43c.

Hides and wools remain unchanged.

GRAIN.

Chicago, May 31.—Opening: Corn—July, $1 35@1 34⅝.

Oats—May, 75½@74¼c; July, 65¾@65⅞c.

Chicago, May 31.—Fresh low price records for the season were reached today in the corn market. Hot, muggy weather, just the kind to promote germination and growth, gave an advantage to the bears. Enlarged receipts counted also as a depressing factor. Opening figures, which ranged from the same as Wednesday's finish to ½c lower for July, at $1 35⅝@1 35, were followed by a little rally and then a decided setback.

Oats went down grade with corn. It was said the larger shorts in the May option had settled their contracts and were out of the market. After opening 1⅛c ower to ⅛c advance, with July at 65¾@65⅞c, the market hardened somewhat and then underwent a material sag.

Winnipeg, May 31.—Oats opened unchanged for May at 82½c; July ¼c lower at 81⅛c.

Flax ½c lower for May at $3 68, and ¼c lower for July at $3 70.

Inspections on Thursday, 189 cars, of which 136 were contract grades of wheat.

LIVE STOCK.

East Buffalo, N.Y., May 31.—Cattle—Receipts, 350; slow.

Calves—Receipts, 1,700; steady, at $7@15.

Hogs—Receipts, 4,800; slow; heavy, $17@17 15; mixed, $17 15@17 25; yorkers, $17 25; light yorkers, $17 25@17 50; pigs, $17 50@17 70; roughs, $15@15 25; stags, $11@12.

Sheep and Lambs—Receipts, 4,000; steady and unchanged.

Chicago, May 31.—Cattle—Receipts, 3,000; market firm; beeves, $10 50@17 75; stockers and feeders, $9 25@13 65; cows and heifers, $7 25@14 90.

Hogs—Receipts, 15,000; market slow; light, $16 30@16 70; mixed, $16@16 65; heavy, $15 35@16 40; rough, $15 35@15 70; pigs, $14 25@16 85; bulk of sales at $16 25@16 60.

Sheep—Receipts, 10,000; market weak; lambs, native, $13 25@17 75; spring lambs, $14 25@20; sheep, $10@15 35.

PROVISIONS.

Liverpool, May 31.—Beef—Extra India mess, 370s.

Pork—Prime mess western, 330s.

Hams—Short cut, 137s.

Bacon—Cumberland cut, 152s; clear bellies, 160s; long clear middles, light, 160s; do, heavy, 159s; short clear backs, 157s; shoulders, square, 128s.

Lard—Prime western, in tierces, 149s 6d; American refined, in pails, 152s; do, in boxes, 150s.

Chicago, May 31.—Provisions weakened, owing chiefly to a decline in hog values. Demand was very slow.

LIQUOR SALES TO SOLDIER PATIENTS BEING PROBED HERE

Complaints From Byron Start General Clean-Up.

Admitting that he had sold liquor without a license, Harry Snelgrove, barber at the Black Bell Inn, was fined $300 and costs or six months in jail in police court this morning. Henry Macklin, J. P., and Controller Charles Merryfield heard the case, and levied a severe penalty because Snelgrove declined to explain satisfactorily where he had secured the liquor he sold.

Crown Attorney J. B. McKillop conducted the case for License Inspector J. E. Keenleyside, who laid the information against Snelgrove. The crown attorney stated to the court that many complaints had been laid with the license inspector and the Ontario License Commission because of the fact that returned soldiers being treated for tuberculosis at Byron Sanatorium were able to secure at all times whiskey in any quantity they desired.

"As a result of this illegal traffic in liquor, these men were not given a fair chance to recover from their disease," said Mr. McKillop.

The Ontario License Commission dispatched A. E. Sarvis, chief of the detective department of that body, to London a few days ago, and he soon landed Snelgrove. As a result of his investigations others believed to be implicated in the unlawful sale of liquor to tubercular soldiers may find themselves in the police court shortly.

Instances are cited, where returned men, suffering from tuberculosis, became intoxicated from liquor and have been known to fall asleep on the damp cold ground around Springbank. Such a condition is suicidal to the men, the sanatorium officals claim, and in order to get at the bottom of the evil strong representations were made to the department.

Snelgrove explained to the court that it was his first offence, but his answers to further questions apparently did not please the magistrates.

"We might have imposed the minimum fine had you been more frank with your statements," said Controller Merryfield.

DISORGANIZATION OF SCHOOL ROUTINE IS SEQUEL OF SMALLPOX

Wholesale Vaccination at the Commercial High School.

As a result of the discovery that one of the male teachers of the Collegiate Institute commercial staff was suffering from smallpox, making the eleventh case in the city, the work of the commercial department, was more or less disorganized this morning.

Dr. W. S. Downham, assistant to Dr. H. W. Hill, the M. O. H., vaccinated 13 pupils at the school this morning. Forty others of the 150 pupils of the department reported that they had been vaccinated by their family physician last night and others sent word that they were being vaccinated and would be back to school on Monday. Those not vaccinated will be kept out of school until they are or until the danger of infection passes.

The general department of the school has not been affected by the discovery of the nature of the teacher's ailment.

Last night two new cases were reported to Dr. Hill. One proved to be no ailment at all, and the other was chickenpox. The diagnosis of these cases somewhat relieved Dr. Hill.

Secondary Cause.

The discovery of the case of smallpox at the collegiate, making the eleventh found in London in the past few weeks, is proof positive, says Dr. Hill, that there is a secondary cause of the disease. The other ten cases have all been centred at one factory, the patients being either employees of this plant or members of employees' families.

"The discovery of this case means another source of infection," says Dr. Hill. "It means that there is some hidden cause and that some one who has had the disease has gone out before being entirely recovered. Out of respect for themselves as well as others, everyone in the city who has not been vaccinated within the past seven years and whose vaccination, if in that time, has not taken, should be vaccinated at once. With this second source unknown, there is no telling where smallpox will be encountered, and it is up to the citizens to be vaccinated.

May Be Others.

"With two different sources of disease, the second one undetected, there is every indication that there are others about which we know nothing. Therefore, it is up to everyone to take the proper steps for protection, and these steps are a general vaccination."

Of the ten previously reported cases of the disease, four have made complete recoveries, according to Dr. Hill. The remaining six are under close quarantine.

Money Makes Money

"Opportunity" means having a little capital to invest at the right time.

The way to get that "capital" is to save something each week so that you can make your money *work for you* when the time comes.

Decide, now, to let us help you to save. Interest paid every six months.

Paid up Capital - $ 6,500,000
Reserve Fund - - 12,000,000
Resources - - - 130,000,000
