THE LARGE ONE HUNDRED AND THREE, YONGE STREET

The cage for the gold of Australia is past,
And men gather wisdom and show it at last
For now they believe what they've often been told,
That our own favored Canada is the country for Gold!

While here we are blessed with a generous soil,
The man may have gold who is willing to toil,
And vain were his search for a happier shore,
While blessings so numerous encircle his door

Strange indeed would it be, if a land like our own,
Where our roses, though latest, are sweetest when blown
Though our winters are long, and sometimes severe,
But lead us to summers delightfully clear,
Should be less attractive, because of its cold,
Than lands full of vices—though teeming with gold!

Put prosperous as Canada always hath been,
This year is the best that she ever hath seen,
And now she is wreathing a laurel to wear,
That nations may one day be anxious to share

Her prosperous condition will appear very plain,
When her farmers get a dollar and a quarter for grain,
While all their productions so readily sell,
At prices which now pay them equally well.

To many, it doubtless may seem very queer,
Why Dry Goods are cheap and Provisions so dear,
It is true, notwithstanding, which our patrons may see,
By calling on Yonge Street "One Hundred and Three."

While many must know, an advance very great,
Has been made in the value of woollens of late,
Yet our flannels and blankets will quickly appear,
Quite as low as the *prices we offered last year.*

Our Bonnets and Cloaks have been tastefully made,
With a prospect of greatly increasing our trade,
And our Shawls and our Furs will at once please the eye
And induce even the most fastidious to buy.

Our manner of business is extensively known,
The lowest *price asked, with the article shown;*
And such, we determine, shall continue to be,
The increasing practice at ONE HUNDRED AND THREE.

THE LARGE **103**, YONGE STREET.
