CHURCH SOCIETY OF THE DIOCESE OF TORONTO.

The monthly meeting of the Church Society of the Diocese of Toronto was held at the Society's Board Room, on Thursday the 6th inst.

The Right Rev. the Lord Bishop in the chair.

Present,—The Hon. the Chief Justice, Hon. P. B. De Blaquiere; Revs. Jas. Beaven, D.D., Geo. Whitaker, M. A., D. E. Blake, A.B., S. Givens, S. Lett, LL.D., H. J. Grasett, B.D., F. G. D. McKenzie, M.A., W. S. Darling, F. L. Osler, M.A., Alex. Sanson; Messrs. Arnold, O'Brien, Dixon, Mortimer, Denison, Allan, Rowsell, Magrath, Jas. Bovell, M.D., and the Secretary.

The usual prayers were read.

The Secretary read the minutes of the last meeting, and the Book was signed by the President.

The Secretary then read a statement of the several funds, and stated, that as payments recommended by the Standing Committee prior to the 31st ult., were to be authorized at this meeting, all sums received and ordered this day to be paid would appear as received or paid out on the 31st of March; also, that some parties having sent him the particulars of certain amounts belonging to the past year's transactions and promised to remit the money or vouchers immediately, he had given them credit on the books, and himself assumed the responsibility.

He reported that he had invested as desired, on account of the Kent Testimonial Fund, of the monies in hand, the sum of £14 17s., in 3 shares British American Insurance Company at 12 per cent. discount.

That he had paid the rent for the half year ending 20th March, £30.

That he and Mr. Denison, in consequence of a letter from Mr. Walker, demanding £12 10s. as compensation for surrendering his right to the land leased to him at Duffin's Creek, for the period that the Grand Trunk Railroad Company required it, went down to the spot and at length agreed with Walker to cancel his lease altogether for the sum of £12 10s.; and with the Company to let them have part of the lot for four years to make bricks, and another year if required to clear their yard. The surface soil all to be wheeled away, and at the expiration of the term, brought back again and the land properly levelled; and the Company to burn a kiln of 50,000 bricks at any time that the Society shall give them notice in the spring, during the term for which they occupy the land—if the Society do not require the bricks previous to the expiration of the term, the Company will leave a kiln burnt and properly protected. The Company also agree to pay half the sum promised to Walker. The Company also ordered their solicitor to draw out the contract, which will then be submitted to the Society's solicitor. The Standing Committee recommended that the Society should ratify the contract, and pay the sum of £6 5s. to Walker—agreed to.

The sum of £18 0s. 6d., for grants made during the past half year, was ordered to be paid to H. Rowsell.

The Secretary reported that he had obtained receipts for three instalments on the Mono Glebe, that he had been informed by Rev. John Fletcher that the parish would remit over £12 this year: and the Standing Committee recommended that as soon as the amount was received two more instalments should be paid—agreed to.

An application was read from the churchwarden at Rice Lake, for a loan to aid the congregation in purchasing a house and lot near the church as a residence for a clergyman. The Society cannot comply with the request, as the house proposed to be purchased is merely a frame one.

The Secretary stated that he had received applications for grants from the Rev. R. Lewis of Franktown, and from Mr. Holditch of Loughboro'; but the standing committee had recommended, that as the Society's books for the past year were not made up, the grants should not be made until the next monthly meeting.

It was agreed to empower the Rev. F. Tremayne to give permission to whomsoever he may think proper, to clear as much land on the property granted for the Church in the village of Arthur, as may be required for a site for a church and burial ground.

The Secretary read Mr. Magrath's report on the subject of the Tecumseth Glebe; the standing committee having referred the copies of the order in council and all correspondence bearing upon the point to him, in order that he might give his opinion as to the parties in whose favour the deed ought to issue.

It was moved by Rev. J. G. D. McKenzie, seconded by Alex. Dixon, Esq., and resolved,—

"That the Solicitor be instructed to make out a deed of Lot No. 17, 6th Concession of Tecumseth, in favour of the Incumbent and Churchwardens of St. John's Church in that Township."

A statement and memorial, drawn up by the Churchwardens of St. Peter's Church, Credit, respecting Lot 9, Racey Tract, was read.

Moved by Rev. T. S. Kennedy, seconded by Mr. Dixon,

"That a conveyance be made by the Society, in accordance with the wishes of the corporation of that Church, or to such person as the Incumbent and Churchwardens may direct, in case they should decide to sell or exchange the land for a parsonage or endowment of the said Church."

A petition was read from the Incumbent and Churchwardens of the Parish of Orillia, setting forth that the Vestry had assumed the payment of the remaining instalments on the Parsonage house and lot, and had already made a payment; and that they pray the Church Society to make the parish a grant of the sum of 38*l.* 12*s.* 6*d.*, the amount advanced some years since by the Society; whereupon

It was moved by the Rev. T. S. Kennedy, seconded by Mr. Magrath, and resolved,—

"That inasmuch as the interest on the debt has accumulated through the neglect of the Society, so soon as the Parish has paid up the balance of the purchase money a deed of the property be made out in favor of the Incumbent and Churchwardens, and that the Society will forego the repayment of the money advanced."

A petition forwarded by the Rev. S. B. Ardagh, from the members of the Church in the township of Oro, was read, praying that the Society would continue to pay Mr. Burkett for his services as a catechist in that township. A letter from the Rev. T. B. Read in support of the petition was also read. Whereupon it was moved by the Rev. Jas. Beaven, D.D., seconded by Col. O'Brien, and resolved,—

"That the Society will guarantee 15*l.* per annum, provided that the people to whom he is to minister guarantee the payment to him of the same amount—the engagement to date from the 1st January."

Moved by the Hon. P. B. De Blaquiere, seconded by Rev. S. Givins, and

Resolved,—"That the President, and any other gentlemen who may be willing to join with him, are authorised to borrow the sum of 400*l.* at six per cent., in order to remit to the Society for the Propagation of the Gospel the amount collected for the Jubilee fund; and this Society hereby pledges itself to repay the sum with legal interest out of its General Purposes fund by instalments of 100*l.* each."

The following gentlemen expressed their willingness to join in the bond:—The Lord Bishop, the Chief Justice, Hon. P. B. DeBlaquiere, and John Arnold, Esq.

The Secretary read a note from the Rev. R. V. Rogers, and his reply. The Society concurring in the view taken by him of the subject, requested the Rev. Dr. Beaven and Rev. J. G. D. McKenzie to read it over carefully, and see whether the statements were all borne out by the evidence adduced, and whether they met the points raised in Mr. Rogers' note.

The Secretary gave notice that he would move at the next meeting, that the Society's financial year shall henceforth end on the 30th April instead of the 31st March.

He also gave notice that he would move that the Standing Committee should meet on the first Wednesday in every month instead of the last Wednesday, and the General Meeting be held on the following Wednesday, or Thursday during Lent. The Standing Committee would thus be able to have the balance of the accounts of the last month fully laid before them.

Dr. Lett enquired whether the solicitor had as yet given his opinion on the marriage license question proposed a long time since.—Answered in the negative.

Rev. R. Lewis, of Franktown, was elected a life member, he having given 25*l.* towards the purchase of the glebe.

The Secretary proposed that T. P. Robarts, Esq., should be elected a member of the Standing Committee, in the room of S. B. Harman, Esq., resigned. Carried.

The Secretary proposed that G. Goldsmith, Esq., be requested to act as auditor with H. Brent, Esq.

The Secretary gave notice he would propose that Horatio C. Gates, Esq., of Hamilton, be elected an incorporated member.

The prayers were then read.

United States.

The Ripon, Wisconsin, Journal gives a sad account of the morals and manners of the people in the neighborhood of Big Prairie in the State of Wisconsin. A man named Cartwright, who lived in that place, had become, for some cause, obnoxious to the people, and they determined to drive him out of the State. A few days ago two men attempted to set fire to his house, but he and his wife patiently extinguished it for several times, but as often as they extinguished the flames the incendiaries attempted to set the house on fire again, until at length Cartwright, becoming exasperated at their conduct, shot them both. A mob soon assembled, and after a little while succeeded in capturing Cartwright whom they hanged to a tree until he was dead, in the presence of his family. Such scenes are sufficient to call down the curse of Heaven on the countries where they are enacted.—*Daily Colonist.*

On the 10th inst. a number of idiots educated in the Asylum of the State of New York were examined before the State Legislature at Albany. They gave correct answers to many knotty questions in geography, history, &c., thus showing that they are not destitute of intellect or incapable of mental improvement. The State of New York has earned for itself a high character for humanity, by the care which it evinces for this unfortunate class of human beings, generally allowed to grope their way in mental darkness through the world—possessing souls without any knowledge of a future state. We have repeatedly urged on the Canadian government to imitate the example so well set them by the State of New York in this respect. We trust the next session of the Provincial Parliament will not be allowed to pass without having something done in relation thereto. The last census shows that there are many people so afflicted among us, and numbers of whom, although full grown, are unable to take care of themselves. For several years back, one such might be daily seen wandering about the streets of this city, a disgrace to our philanthropy. Therefore any measures that might be taken for their benefit, to be perfect, should not only provide education for the young, but also an asylum for the old and helpless who have no friends to assist them. A measure of this kind will be most popular. The people will cheerfully pay the expense necessary to carry it out. In proof of this we could mention one township, at least, where the people have voluntarily taxed themselves to defray the expense of supporting a man who is mentally and physically incapacitated from doing so himself, which is highly to the credit of that municipality, and a reproach to the Legislature for not doing the like for the Province generally.—*Daily Colonist.*

REMARKABLY QUICK PASSAGE.—The clipper ship *Comet*, of New York, Captain Gardner, arrived at this Port yesterday morning, from San Francisco, in the extraordinary short space of 76 days and 7 hours. We believe this time has never been equalled, the next short one between these ports having been also made by the *Comet* last year in 83 days 18 hours. On the present occasion she was 13½ days from her wharf at San Francisco to the equator; thence to Cape Horn, 22 days; thence to the equator on this side, 26 days; and arrived within 220 miles of Sandy Hook in 12½ days. She was from pilot to pilot 76 days, and was just 76 days 7 hours from the time she quitted her wharf at San Francisco until she anchored at the bar. Sandy Hook bore north 220 miles in 72½ days from port, when the wind came out dead ahead, and she was 2 days 17 hours getting in from that point.—*New York Herald.*

Colonial.

On the morning of the 6th instant, the residence owned by Capt. J. P. Puleston in this neighbourhood, and occupied by the Rev. E. R. Stimson, incumbent of All Saints and St. Mary's Church, township of Brantford, was totally consumed by fire. It originated from a defect in one of the chimnies. There was an insurance upon the house which will nearly cover its loss. The Rev. gentleman also had an insurance upon his furniture, &c., but we are sorry to learn that he will be a sufferer to the amount of 150*l.* or 200*l.*—*Brantford Courier.*

CHURCH PROPERTY IN LOWER CANADA—When publishing, in last week's issue, the *Globe's* lengthened article upon Church Property in Lower Canada, we omitted drawing attention to the significant fact that the Secularization Party through their recognized champion—Mr. Brown—have fairly thrown off the mask, and now declare their intention of waging a fierce crusade against every description of Church endowment. Until a late period the "Clear Grits" of Western Canada angled for French support in their Secularization schemes, with the assurance that the Endowments of Roman Catholics in the Lower Province were secured by treaties between the French and English monarchs, and could not be called in question; now, however, growing bold and trusting, we presume, to their fancied strength, they do not hesitate to declare that such treaties were only of a *temporary character*, and that Religious Endowments both in Upper and Lower Canada *may and must be swept away*.—Surely treachery of this kind will meet its merited punishment, and Roman Catholics in both Provinces will record their votes against such reckless and unprincipled politicians: Secularization or non-secularization will be THE TEST QUESTION at the coming Elections, and we trust that the opinions of candidates may be throughly ascertained before promises of support are given.—*Barrie Herald.*

From our English Files.

ARRIVAL OF THE EUROPA.

The *Europa* arrived at half-past 4 p. m.

The aspect of political affairs is unchanged.

The certainty of war produces dullness in all the markets.

It still remains to be seen what will be Russia's course concerning Denmark.

The Prussian people were earnestly petitioning their Goverment to join the Western Powers, but the Government hangs back.

LIVERPOOL BREADSTUFFS MARKET.

The Market is characterized by increased pressure to sell. Wheat is neglected. Quotations vary, but the average would show 33s 6d for Western Canal, 35s for Ohio. White Wheat 10s 6d, Red and mixed 10s.

Pork firm but rather favours sellers.

Money in London quite active. Consols declined and closed 88¼.
