A CHESLEY FARMER

Sick in Harvest Time—Doctors Fail—Dodd's Kidney Pills Cure Him.

Chesley, Ont., March 17.—John Fletcher, a farmer of this place, has been a sufferer from Lumbago and Kidney Trouble, which the best physicians failed to cure, or even relieve.

He is a farmer, and during last harvest he was particularly troubled, so much so as to make his duties during this busy time almost impossible. Dodd's Kidney Pills came to his relief, however, and he has been well ever since. He tells everybody:

"I was troubled all harvest with Lumbago and Kidney Trouble. My urine was of a very red color. The best medical men could do nothing for me. Finally I got some Dodd's Kidney Pills in Granton, and they proved to be just what I needed.

"In a very short time my back was as well as ever, and the Kidney Disorder had completely gone."

In some parts of Siberia a large part of the crop in good years rot in the field, because there are no means of transport or facilities for storage.

TRIAL PROVES ITS EXCELLENCE.—The best testimonial one can have of the virtue of Dr. Thomas' Eclectric Oil in the treatment of bodily pains, coughs, colds and affections of the respiratory organs, is a trial of it. If not found the sovereign remedy it is reputed to be, then it may be rejected as useless, and all that has been said in its praise denounced as untruthful.

The expenses of the city of London this year amount to $80,000,000, and those of the city of New York, as provided for in the budget, to $97,000,000.

WEATHER NOTES.

Conditions remain about the same. Fair, mild weather generally prevails, and there is no present indication of a change.

LATE LOCAL ITEMS

A ROUNDELAY FOR MARCH.

In March there comes a day, a day,
When Winter mounts and rides away;
(God speed thee hence, Sir Winter.)

The Waters are again alive,
The doughty little Birds arrive,
(Pray turn not, Master Winter.)

'Tis time for Youth to sing, to sing,
And lightly on the soft Earth spring;
(Beseech thee, haste, Dame Flora.)

And to the good warm Sun who charms
The bitter airs, upling his arms;
(Haste, haste thee, beauteous Flora.)
—Hulbert Footner, in The Outlook.

—There was no police court session this morning.

—The city firemen return thanks for a donation of literature from Ald. Campbell.

—Miss Minnie Routledge, of Lambeth, is visiting Miss Eva Crawford, 985 Maitland street.

—The membership contest at the Y. W. C. A. closed with the Blues 37 and Reds 36 new members. It is expected to hold the "treat" on April 3.

—The commencement annual drill of the 7th Regiment has been postponed from Thursday next to the following Monday. Drill will be held on the succeeding Monday nights.

—Miss Butchart, having completed a most successful term's work, deserves the support of the public in the new classes being formed, as she has so ably brought to the London public one thing most necessary for the welfare of all.

—The gospel meeting at the Y. W. C. A. on Sunday will be led by Miss Trebilcock, at 296 Dundas street, at 4:15 p.m. Every young woman may find these informal afternoon services an especial help. Miss Gunn will sing at tomorrow's services. All are invited to come and bring their friends.

—Mr. David Sare, who retired from the hotel business on the first of this month, after 30 years of active business in London, carries with his retirement the good-will of friends all over Western Ontario. The license, which has just been transferred to Mr. W. J. Wright, a gentleman, well and favorably known from his long connection with Mr. Sare, merits the continued patronage bestowed upon his predecessor.

—The Haight & Freese Company, stock brokers, of New York, have opened an office in the Temple Building, room 13, ground floor. This firm has been established in the stock, bonds, etc., brokerage business since 1890, and have agencies already in Toronto, Montreal, Hamilton and other places. They will open for business on Monday, and will list from direct wires to New York, Toronto and Montreal the doings in the stock market.

NOT READY TO ELECT.

Chas. Miskokomon and Duncan Fisher, Indians, were brought before Judge Edward Elliott this morning to elect trial on a charge of theft. They were not ready to elect and were remanded till Monday.

AFTER A CHIEFSHIP.

County Detective Northgraves denies the report in the Paris Star-Transcript, that he is an applicant for the position of chief of police in that town. He is, however, applying for the chiefship of Galt, and has submitted a sheaf of recommendations which should secure him the position.

REAL ESTATE SOLD.

Mr. James Burrows, manager of the Western Real Estate Exchange, reports the following transfers of property during the week: Mr. Alex. Reith's farm of 50 acres, being the northwest quarter of lot 2, con.15, London township, sold by Wm. Needham, Ilderton, agent of the Exchange, to Mr. John Kelly, Brooke township, Lambton, for $2,665. Five acres in Westminster township, the property of J. V. Connolly, were sold for $1,200

COMING TO THE LONDON.

Jake Hollendrandt, business manager for the "Dainty Paree Extravaganza Company," is in the city arranging for the company's appearance here for matinee and night performances on Good Friday, and the following Saturday, at the London Opera House. This attraction is at present playing in Grand Rapids. It is said to have broken the records for attendance in Toronto last Christmas, and the press there speaks favorably of the show. The company number 25 people, and carry their own special scenery and costumes.

ELBERT HUBBARD'S LECTURE.

Elbert Hubbard, alias Fra Elbertus, the sage of East Aurora, N. Y., addressed a large and appreciative audience at the Auditorium last night on "The Work of the Roycrofters." Mr. Hubbard, as well as being the head worker in the famous Roycroft shop, devotes his many-sided energies to writing messages to Garcia, to his flock and to humanity in general; to taking little journeys to the homes of notabilities; and to delivering lectures on how he manages to do it all. Mr. Hubbard talks and thinks of many things that the ordinary individual wots not of—such as the psychic sense and the immense superiority of hand-made articles over those turned out by machine. No matter how little one knows of these things, one believes in them after hearing Mr. Hubbard talk. He told in simple language of the work of the Roycrofters—that assemblage of idealists who do the best they can. He predicted the coming of the good time when all would choose to have a few beautiful, costly things, rather than a number of cheap things. The simple truth which he sought to impress upon his hearers was that true art was but the expression of man's joy in his work. He closed by quoting Robert Louis Stevenson—"of blessed memory," as Mr. Hubbard quaintly put it—who said: "I know what pleasure is, for I have done good work." At the close of the lecture, Mr. W. Hyman moved, and Rev. J. W. Holmes seconded, a vote of thanks to Mr. Hubbard, which was carried amid hearty applause. Mr. Hubbard smiled, bowed awkwardly in response, and glided from the stage.

New Woodman Camp.

A camp to be known as Excelsior Camp was organized in St. James' Hall, Toronto Junction, Friday night, by Organizer Ramplin, of the Canadian Order of Woodmen of the World. The camp starts with a membership of 50 and the following officers: Consul commander, W. L. Joy; advisory lieutenant, Dr. W. Willard; banker, A. W. Campbell; escort, H. Durant; clerk, R. G. Agnew; watchman, Percy Dean; sentry, Frank Ford; managing committee, C. A. Richardson, F. H. Irwin, — Harteny; delegate, Dr. Willard; alernate delegate, H. Durant; past consul commander, Dr. A. H. Perfect; medical examiner, Dr. Perfect.

Nervous Dyspepsia

Can Never Be Cured by Mere Temporary Aids to Digestion—The Nerves Must Be Restored and Filled With Vitalizing Nerve Force.

You know that certain drugs, such as pepsin and bismuth, bring about artificial digestion, and if you have dyspepsia or indigestion, it is possible that, like hosts of others, you have taken these into the stomach, hoping that they will take the place of gastric juice and other digestive fluids, digest the food, and by resting the stomach, effect a cure.

Did you ever hear of a bodily organ being strengthened by inactivity? It is to the organ that is exercised that the new, rich blood is conveyed in order to restore the tissues wasted by the functions of that organ, and so the stomach that is given rest does not get stronger, but the gastric juice gradually ceases to flow, and you are finally compelled to resort to the continual use of artificial digestants.

If, instead of these temporary aids, you seek permanent cure, you must treat the nerves, because it is the nerves that control the glands of the stomach, and only when the supply of nerve force is liberal is digestion rightfully performed, and the body properly nourished.

Dr. Chase's Nerve Food is no experiment, as you know if you have read the hundreds of testimonials that are appearing in the daily press. We recommend it for nervous dyspepsia and headache, because it has actually cured scores and hundreds of cases. Here is an interesting letter:

Mrs. J. Hamilton, 709 William street, London, states: "For a number of years I have suffered a great deal with nervous headaches and nervous dyspepsia and indigestion. Believing this to be the result of a weakened and exhausted nervous system, I began the use of Dr. Chase's Nerve Food, and can say that I found it very beneficial. It strengthened and restored the nerves, improved the digestion and cured the headaches. I can heartily recommend Dr. Chase's Nerve Food to any affected as I was."

This treatment will prove equally effective in your case, because it actually contains the most powerful restoratives known to the medical profession. It cures by building up the system, and instilling new vital nerve force into the wasted and depleted nerve cells. 50 cents a box; 6 boxes for $2 50, at all dealers, or Edmanson, Bates & Co., Toronto. 10

C. P. R. CONDUCTORS OVERHAULED.

Toronto, March 22.—There is a good deal of excitement among the conductors of the Canadian Pacific Railway running out of Toronto, owing to the presence of auditors upon the divisions. The trains in all directions have been unexpectedly boarded by auditors, who after demanding the conductor's tickets and money, checked over the train. In only two cases were discrepancies discovered, and both men were relieved of their punches.

BURNED TO DEATH IN HIS CHAIR

Detroit, March 22.—Mr. James D. Green, of Ypsilanti, Mich., the brother of Prof. Green, of Ann Arbor, and for many years a helpless paralytic, was burned to a crisp as he lay in the wheel chair in which he has passed so many weary hours. It is supposed that while lighting his pipe he dropped a burning match on his clothing and then did not notice the flames until too late to give an alarm. He had been paralyzed for fifteen years. He was a civil war veteran.

PRETENDED TO BE A MAN.

Petersburg, Va., March 22.—Ettrick, a small village near this city, had a genuine sensation yesterday in the discovery that John Green, a person who has posed before the world for 35 years as a married man, was a woman. She died yesterday from a complication of diseases in the 75th year of her age, and the discovery was made by neighbors who were called in to prepare the remains for burial. The wife in the partnership survives. The woman came to the village from Raleigh, N. C., about two months ago, and belonged to the laboring classes.

THE MOST POPULAR PILL.—The pill is the most popular of all forms of medicine, and of pills the most popular are Parmelee's Vegetable Pills, because they do what it is asserted they can do, and are not put forward on any fictitious claims to excellence. They are compact and portable, they are easily taken, they do not nauseate nor gripe, and they give relief in the most stubborn cases.

TWO THOUSAND DEATHS DAILY.

London, March 22.—A dispatch to the Exchange Telegraph Company from Lahore (Punjab Province, British India), says the plague mortality has reached two thousand daily. The outbreak, which is the worst on record, is attributed to the policy of non-interference in caste customs.

London, March 22.—The Times, in an editorial this morning, assumes that at the cabinet meeting yesterday the question of enforcing the crimes act was again discussed, and expresses impatience with the government's timorousness in dealing with the growing power of the United Irish League.

The Times says it will be perilous for the ministers any longer to shut their eyes to the serious condition of Ireland.

THE TOBACCO WAR.

The feeling among the London tobacconists, exemplified at a big meeting held yesterday afternoon to consider the rival bonus schemes was one of strong opposition to the boycotting clause of the agreement proposed by the Imperial Tobacco Company. Ultimately, the London tobacconists, after a long discussion, unanimously passed a resolution absolutely refusing to sign the Imperial Tobacco Company's agreement, as being "unjust and unfair to the dealers, and un-English."

No boycott is to be imposed, and so long as the wares of Americans are not displayed in shop windows, customers will remain eligible for participation in the bonus. It remains to be seen whether this will conciliate the opposition which the original circular aroused among retailers.

SUCCESS OF REBELS IN CHINA.

Hong Kong, March 22.—The rebels have captured the prefectural town of Kam Chou, in the Province of Kwang Tung, and have seized the arsenal and granaries. The mandarins of the garrison fled and appealed to Canton for reinforcements. The viceroy of Canton replied that it was impossible to further deplete the Canton garrison, and urged General Ma to make the utmost efforts to put down the rebellion.
