that your skin trouble is incurable because ordinary treatments have failed? If so get Zam-Buk and rove, as thousands of others have, that Zam-Buk is capable of healing after everything else has failed!

Mrs. Horgan, of 183 Manning, ave., Toronto, writes: "For eight months my little son's face was simply covered with eczema. The rain and fritation were so intense that he could not sleep. He reviewed treatment at a hospital, but it did him no good. Then I heard i Zam-Buk and commenced using it. It really worked wonders. The pain and irritation soon disappeared, and I could notice a decided improvement. I persevered with the treatment until now his face is quite free from sores and his skin is perfectly clear. FURTHER CAR STRIKES IN NEW YORK CITY

New York, Oct. 13—A mob of several hundred men and boys, at a given signal before midnight bombarded with stones and other missiles a number of surface cars on the Madison Lexington and Lennox Ave. and 110th Street cross town lines. It was the first outbreak of violence in many days in connection with the strikes of unionized employees of the transit Company, who failed in their announced intention of tying up transportation facilities of this city. On several of the cars attacked were women and children, who threw themon the floors to escape injury. The police who relaxed their vigilance more than a week ago when it was believed the strike had spent its force, apparently were taking by surprise; before the reserves arrived ten cars had been damaged. The mob was dispersed, however without any one having been seriously hurt, three arrests were made.
