CHRISTMAS STAMP RESULTS

Nearly $10,000 Raised for Hospital for Consumptives.

On Wednesday the members of the special citizens' committee, organized in November last to further the sale of the little Christmas stamp issued in the interests of the Muskoka Free Hospital for Consumptives, were entertained at luncheon at the National Club by W. J. Gage, chairman of the executive committee of the National Sanitarium Association. Those present were: Archdeacon Cody, chairman of the citizens' committee, and W. P. Gundy, H. H. Love, Dr. Millman, R. D. Fairbairn, H. D. Eby, A. Ivey, J. F. MacKay, Eric Armour, Frank Rolph, A. S. Rogers, R. Southam, J. S. McKinnon, H. H. Hudson and J. Turnbull, together with Hon. W. A. Charlton, Dr. W. P. Caven, Dr. N. A. Powell, Ambrose Kent, J. J. Crabbe, Thomas Long, Hugh Blain, T. H. Bull, Edward Gurney, trustees of the National Sanitarium Association; J. S. Robertson, secretary-treasurer of the association, and Dr. W. B. Kendall, physician-in-chief of the Muskoka institutions.

J. S. Robertson presented a report giving results of the stamp campaign. All returns had not yet been received, but cash receipts total $7931.05. Of this amount the sales effected thru the citizens' committee, under the generalship of Archdeacon Cody, were $3257.95. Of this amount $434 had been received thru the efforts of the commercial travelers; $159.95 from university and colleges, $326.30 from the Boys' Club of the Y.M.C.A., $483.90 from the newsboys of the C. P. R. and G. T. R. railway service, $420 from the Printing and Allied trades, $189.50 from hotels and $1107.86 thru other agencies put into operation by the citizens' committee.

Mr. Gage informed those present that as a result of the campaign prompt steps would be taken to add from 25 to 30 additional beds to the present accommodation.

Day's Doings in YORK COUNTY West Toronto North Toronto East Toronto

LAND VALUES UP YONGE ST. SHOW BIG ADVANCE

Trethewey Farm Will Pass Into Hands of City Men—Big Price For Clydes—News Notes.

One of the most important farm sales recorded on Yonge-street north within the last six months is that of the Trethewey farm at Newtonbrook, comprising about 350 acres and situated north from the C.P.R. crossing about ten miles. The price paid is $40,000 for the 350 acres, or a trifle under $112 an acre. The property was purchased by J. O. Trethewey a little less than three years ago for $28,000, since which time he has made a number of substantial improvements, tearing down and remodeling one of the barns, under which there are now large and splendidly appointed horse and cattle stables. Other improvements necessitating considerable outlay, have also been carried out by Mr. Trethewey.

The soil is for the most part a moderately heavy clay loam, eminently adapted for the growing of grain, roots and hay, and the land has always been regarded as first-class. J. W. Breakey for many years successfully managed this farm.

The property has been acquired by a number of Toronto men and it is said to be their intention to at once sub-divide it into building lots, the nucleus of a high-class residential district. Yonge-street cuts the farm in two, a portion of it, 250 acres being on the west, and 100 on the east. As showing the steady and substantial increase in land values in the vicinity of the city, the sale of the Trethewey farm is significant.

WEST TORONTO.

Big Increase in Strength of Seventh Ward Police.

WEST TORONTO, Jan. 27.—Every week or two additional efficiency is given to the West Toronto police force, which before annexation consisted only of a chief and four constables. The number of men at the Keele-street station, including Inspector Geddes and Sergt. Murphy, is now twelve, and this afternoon P. C.'s Arthur Passingham and Charles P. Taylor, two of the recently appointed constables were awarded certificates for having passed the examination of the St. John Ambulance Association. They are now qualified to render "first aid to the injured."

The Baby farm on the Humber, which was acquired some years ago by the militia department as a site for the proposed new Stanley barracks, is to be sold shortly, as the government has in view a large and more suitable site in the vicinity of Toronto. Since the annexation of West Toronto to the city, the Baby estate has become very valuable for residential purposes, and a prospective purchaser has offered $120,000 for the property, which is about six times what the government paid for it several years ago. The sale, however, cannot be effected until the necessary permission is granted by parliament.

Rev. Canon Tucker, D.C.L., secretary of the missionary society of the Canadian Church, will be the principal speaker at the laymen's banquet for 200, to be held at St. John's Church schoolhouse on Thursday evening, Feb. 3. E. R. Rogers will preside.

The West Toronto branch of the Women's Institute are planning to form a young men's club in ward seven. A committee of five ladies, Mrs. Howell, Mrs. Ellis, Mrs. Scarlett, Mrs. Richardson and Miss Libbie Duncan, has been appointed to make the necessary arrangements.

TWO GOOD HORSES ANYWAY.

The World was in error on Thursday in stating that the seven months old filly sold by Auctioneer Prentice at the estate sale of the late William Cox was the get of (Fullerton), instead of (Cairndale), the latter the property of James Torrance, John Thomas and other good horsemen. There was no desire to detract from the worth of Cairndale, a splendid type of Clydesdale, but it must not be inferred that the get of Fullerton has not scored equally high in point of quality and price. Markham farmers are fortunate in the possession of two such high-class horses.

THISTLETOWN.

The Women's Institute met at the home of Mrs. Barkus on Wednesday afternoon. About firty-five ladies were present. Mrs. W. Wodard of Forest gave a splendid demonstration on plain sewing and art needlework, and in the evening she gave a very interesting address on the (Home).

WOODBRIDGE.

The Women's Institute will hold their February meeting at the home of Mrs. Levi Elliott, Wallace-street, on Tuesday afternoon, Feb. 1. Two interesting papers are prepared for this meeting, also a musical program. Ladies al linvited to attend these meetings.

CLYDESDALES COME HIGH.

One of the finest draft teams ever sold in Scarboro Township was that belonging to Fred Fisher of Malvern, and bought the other day by James Torrance and Wm. Michael of Markham Village for the great price of $700. Well matched of a beautiful bay and embodying all that is desirable in a span of registered Clydesdales, they are a credit to Mr. Fisher and Scarboro Township in general. At the East York Plowing Association match, held near Agincourt last fall, they were the centre of attraction and easily took first prize.

TO THOSE INTERESTED, OR SHAREHOLDERS IN

The California-Alberta Oil Co.

NOTICE

At a meeting of Directors of the above Company, held in December, it was decided to immediately purchase a complete oil-drilling outfit, with casing enough to go down 3000 feet. This was bought from the Western Engineering Company, Winch Building, Vancouver, the Western Canadian agents of the National Oil Well Supply Company, U.S.A. The Directors intended to have this shipped so that it would be on the property about the time the snow disappeared, but owing to unexpected developments in Northern Alberta, they have since ordered this to be rushed up as soon as possible.

To-day I sent the following wire to find out when the outfit would be on the ground:

CANADIAN PACIFIC RAILWAY COMPANY'S TELEGRAPH.

TO WESTERN ENGINEERING COMPANY, WINCH BUILDING, VANCOUVER, B.C. JAN. 27, 1910.

Has the machinery which was ordered from you, and paid for by the California-Alberta Oil Company, arrived at Edmonton, or on their property, yet? If not when will it get there? Wire fully, collect, by return, without fail, as this is most important.

H. MADDOCK,
205 Yonge Street.

By return I received the following answer:

THE GREAT NORTHWESTERN TELEGRAPH COMPANY OF CANADA.

CABLE SERVICE TO ALL THE WORLD.

H. P. DWIGHT, President. HEAD OFFICE: TORONTO. I. McMICHAEL, Vice-President and General Manager.

55 ch kw wg 58 Collect—10.25 p.m.

H. MADDOCK, TORONTO, ONT. VANCOUVER, B.C., JAN. 27, 1910.

Our representative stated, when order placed, wanted March. King said ten days ago that incorrect, wanted at once. Wrote asking them to wire soonest delivery; meanwhile they had suggested alterations and waited reply; had to wait see Laing, who wants original specification. Have word order being pushed on with all speed. Are waiting telegram for date of shipment.

WESTERN ENGINEERING C.'Y.

This shows that The National Oil Well Supply Company are pushing the order with all speed, and will wire their agents in Vancouver the day it is shipped.

Acid Dyspepsia

Nervous People Are Frequent Sufferers From Too Much Hydrochloric Acid in the Stomach.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free.

"Sour stomach," or acid dyspepsia is a form of indigestion in which entirely too much hydrochloric acid is secreted by the stomach. A sour taste in the mouth is the most common symptom of acid dyspepsia; and the saliva, which is normally alkaline, is found, when tested, to be changed to acid, or just the opposite of what it should be, and is a state of the secretion which causes rapid and extensive destruction of the teeth.

Everything eaten turns more or less sour in the stomach, but sweets and acid fruits are far worse in this respect than other foods. If the eructation of liquids from the stomach occurs, they have such an extremely sour taste as to set the teeth on edge.

Hydrochloric acid is an important constituent in the gastric juice, but when too much of it is secreted, it does positive harm to the mucous lining of the stomach; and when acid dyspepsia is long continued it often sets up chronic gastritis, gastric ulcer, and other serious diseases. The premature loss of all the teeth has been caused by acid saliva, which was dependent upon the excessively acid condition of the stomach.

STUART'S DYSPEPSIA TABLETS, besides furnishing pure, aseptic pepsin to the stomach to dilute the excess of hydrochloric acid, and to digest proteids and albuminous foods very thoroly, also contain bismuth subnitrate and calcium carbonate, which are antagonistic to the acid, and therefore neutralize the effect of the excessive amount of acid in the stomach, and the continued use of these tablets will change the perverted condition of the secretions to a normal state.

If you are suffering from "hyperchlor-hydria," as physicians term it, or in other words, acid dyspepsia, and experience a sour taste in the mouth, with acid eructations or heartburn, begin at once the use of Stuart's Dyspepsia Tablets, using one or two after each meal, or as may be required, and the same quantity at retiring time, for if this trouble is allowed to run on, it may cause serious organic changes in the stomach. There are cases on record where the lining of the stomach has been completely eaten away through perverted action of the secretions.

Stuart's Dyspepsia Tablets have been tried in all forms of indigestion and dyspepsia, with unfailing success, so that no matter which form you may be suffering from, the quickest way to bring about a cure is through the use of these powerful stomach tablets.

Secure from your druggist a fifty cent box, and get cured of acid dyspepsia, or whatever form of indigestion you may be suffering. Also send us your name and address for free sample. Address F. A. Stuart Company, 150 Stuart Bldg., Marshall, Mich.

POSTAL SAVINGS BANKS INNOVATION IN STATES

Bill Has Been Sent to the Senate —Interest at Two Per Cent. —System of Redeposit.

WASHINGTON, Jan. 27.—The postal saving bank bill drafted by Senators Carter, Dolliver and Owen, a sub-committee of the committee on post-offices and post roads, was perfected to-day, and by Mr. Carter was introduced in the senate.

The bill provides that there shall be established a system of postal savings banks, under the supervision and direction of a board of trustees, consisting of the secretary of the treasury, the postmaster-general and the attorney-general acting ex-officio.

All post-offices of a class authorized to issue money orders, and such others as the pastmaster-general may designate, are declared to be postal savings depositories. They are to receive deposits and are to be kept open for business every day, Sundays and legal holidays excepted.

An account cannot be opened for less than one dollar, and no more than $100 can be deposited in any one calendar month. All deposits must be in multiples of one dollar, but in order that smaller amounts may be accumulated for deposit, savings cards will be issued and ten postal savings stamps sold. When these cards and attached stamps show an investment of $1, or multiples thereof, they will be received as deposits.

Deposits will draw 2 per cent. interest, which will be credited to the books of depositors once in each year.

No person will be allowed to have a balance in excess of $500, exclusive of accumulated interest.

Funds received by postal savings banks are to be deposited in any solvent bank or banks, and as nearly as practicable in the immediate neghborhood in which funds are received at a rate of interest not less than 2 1-4 per cent.

The deposits are to be distributed among the local banks on the basis of their capital and surplus, and the banks may give indemnity bonds to insure the safety and prompt re-payment of deposits.

Provision is made for the maintenance of a reserve fund not more in amount than ten per cent. of the total funds deposited. Interest and profits accruing from deposits or investment of postal savings are to be applied to the payment of expenses of administration, and any excess is to be covered into the treasury as a part of postal revenues.

"BLACK HAND" AT WINDSOR

Merchant Told to Give Up Two Thousand Dollars or Die.

WINDSOR, Jan. 27.—J. W. Drake, ex-mayor of Windsor, has received a black hand letter, in which the writer declares that he is desparate and demands $200 cash, and in the event of refusal the assassination of Mr. Drake will follow, says the epistle. The letter was decorated with the customary skull and cross bones, and a rudely drawn coffin, and mailed from Windsor. The letter demands that $200 cash be placed in an envelope and mailed to J. Davis, Sandwich, Ont. A Windsor police officer is now stationed at the Sandwich post-office.

CIVIL SERVANTS CAMPAIGNING

Hon. Dr. Pugsley's Attention is Drawn to "Alleged Fact."

OTTAWA, Jan. 27.—(Special.)—Hon. Mr. Pugsley informed Mr. Crocket that the total amount of the payments made thru the public works department to A. & R. Loggie of Fredericton, N. B., during the last fiscal year, was $44,056, and during the present fiscal year, to date, $16,366.

Mr. Crothers asked if Albert Allard, Liberal candidate in the Ottawa by-election, was, on Jan. 22 (nomination day), directly or indirectly undertaking any contract or agreement with or for the government. The premier replied that he was not aware of any such contract.

Hon. Mackenzie King stated that the resolution regarding the investigation of combines would come up to-morrow.

George Taylor (Leeds) asked if employes of the public works department were absent from duty taking part in the present election campaign.

Mr. Pugsley replied: "The attention of the government has not been called to the alleged fact."

A voice: "It is now."

Jas. Conmee again referred to press reports stating that Arthur Wilson, who gave evidence before the mines committee last week, was a representative of the British Government, and had declared that the nickel deposits of Ontario were in the hands of American capitalists. Reiterating his denial of these assertions, Mr. Conmee proceeded to condemn an editorial in The Ottawa Citizen, and was called to order by the Speaker, who refused to allow him to proceed beyond the confines of a question of privilege. Conmee sat down.

CHILD LOVERS SUICIDE

Boy and Girl Take Strychnine Because They Couldn't Marry.

DES MOINES, Ia., Jan. 27.—Because of parental opposition to their marriage on account of their youth, Vernon Barr, aged 16, and Lina Ammer, aged 14, killed themselves to-day. They were found clasped in each other's arms, sitting upright in young Barr's buggy in which they were riding home from a dance. On the girl's lap rested a cup partly filled with strychnine and water. The horse had stopped at the gate of the girl's home.
