Davidson's Flying Half.

Harley Davidson wheeled a half mile flying start, unpaced, yesterday morning on Jarvis-street, in 53 4-5 seconds. Not being satisfied with the result, the flying Class B man will try it again. Yet this is one of the most marvellous feats ever performed on a wheel. But being down hill and not on a sanctioned course, it can only be recorded as a phenomenal feat.

Willie Windle's Mile in 1.47 3-8.

Hartford, Conn., Oct. 3.—Willie Windle, paced by a quad, rode a mile at Charter Oak Park this afternoon in 1.47 3-8, which equals the record made by John S. Johnson at Minneapolis, on Nov. 21, 1894. The quarters were made as follows: 26 1-5, 53 1-5, 1.21 2-5, 1.47 3-8.

Tom Eck's Fast Men.

Minneapolis, Oct. 3.—At the bicycle races held here yesterday six records were lowered, all being officially timed and made at an open meeting.

In the mile handicap Steenson won from the 140-yards; Johnson, scratch, second; Crooks, third. O'Conor rode from the quarter to the three-quarter pole, making his own pace; in his race in 55 2-5 seconds, the fastest ever ridden in competition. Johnson's time was 2.12.

Johnson rode an unpaced half mile, lowering the world's record of 56 4-5 seconds, held by Tyler's class B record and Sanger's professional record of 58 1-2 seconds, to 54 1-5 seconds.

Weinig and Crooks on a tandem rode a half mile unpaced in 54 seconds, world's record; and Johnson, paced by a quadruplet, rode a flying half in 53 seconds, being the world's professional record.

O'Connor rode a flying quarter mile, unpaced, in 25 4-5 seconds, which is the professional record.

Stuart Says They Will Fight.

Dallas, Tex., Oct. 3.—D. A. Stuart, president of the Florida Athletic Club, was seen after the passage of the anti-prize fight bill last night, and said: "I have been arranging for this emergency for some days and have three places in view, each within convenient distance to Dallas. I will decide on the place within the next 24 hours. The fight will be pulled off on the date advertised."

Where They Have Knock-Outs.

While legislators are making frantic efforts to stop the scheduled fight, Oct. 31, in Texas, within a short distance of New York City they are permitted to have a knock-out. It was at Maspeth, L.I., Wednesday night, that Charles McKeever of Philadelphia, defeated Arthur Vallantine, England's lightweight champion, a description of the last round reading as follows: McKeever rushed at Valentine and sent him down three times with right-hand swings. Each time the Englishman struggled slowly into his feet and beat the watch. Mac was relentless and pushed his advantage, landing his right for the fourth time on the desired spot. The Englishman fell in his corner, and the time-keeper's watch ticked off 10 slow seconds, but Valentine was done this time, and could not get up. Referee Hurst awarded the fight to McKeever. Valentine fought a very game battle, but Mac's reserved right was too much for him. Mac injured his left hand during the fight.

After the Grip

I was in a dreadful state, weak and miserable. Doctor said I had Bright's disease. My kidneys were in dreadful condition. I read about Hood's Sarsaparilla and decided to give it a trial, thinking at the time it was not much use as nothing helped me before. But, thank God, I got relief after the first bottle. I kept on taking it and used five bottles; am now a cured man; never felt better. I owe my life to Hood's Sarsaparilla. JOSHUA SMITH, 201 Market Street, Brantford, Ontario

The Shoe That's Envied!

A good shoe is a good friend—to the man who wears it—to the dealer who sells it. But a good shoe is a bad enemy to the dealer who can't get the right to sell it, and dares not tell his customers so. We are sole local agents for THE SLATER SHOE, which is the best shoe for men that we know of.

We are the only firm in this city which can buy these shoes WHOLESALE. Other shoemen want them so badly that they get their friends to purchase from us, "on the quiet," a few individual pairs, at full retail price, in order to put them in their windows for show. But these firms can't buy the Genuine Slater Shoes TO SELL again—they buy them to KEEP them and talk against them. We buy ours wholesale from the manufacturers, so we can afford to sell them retail. We keep every size, width and shape in stock, so that we can fit any man, no matter what kind of feet he is addicted to.

Ours are THE GENUINE "SLATER SHOES," stamped on the sole, $3.00, $4.00, $5.00 per pair.

Now don't YOU think it must be a pretty good shoe that's envied like this?

Perhaps you should see these shoes that shoemen want so badly. We are the only people who have the right to show them out.

C. F. Field, owner of Ethelwynn, the little half-rater which successfully defended the Seawanhaka-Corinthian $500 international challenge cup against Mr. J. Arthur Brand's challenger, Spruce IV., evidently got a bad scare in Thursday's race in a smashing breeze and sea, as he has advertised her for sale.

A call has been issued for the first annual convention of the United States military wheelmen to be held in New York Oct. 15. The topics relating to bicycle drill regulations, the sphere of the bicycle in war, proper arms for soldier cyclists and the like will be discussed. Including "Should the Government Establish a Bicycle Corps."

The hounds will meet to-day at O'Halloran's Hotel Deer Park, at 3.30.

The Stanley Gun Club will commence the season with an open blue rock shoot at the Woodbine to-morrow (Saturday) afternoon.

The Elm Lacrosse Club are requested to attend a special meeting to be held at 78 Jarvis-street on Friday at 8.30 p.m. Arrangements are to be made for a game with Georgetown at Brampton for a $150 trophy. All players are requested to attend.

George S. Patterson made the remarkable batting average of 84 in his five innings in the three international matches. He made 23 and 63 in the Wissahickon match; 109 (not out) and 67 in the Manheim match and 74 in the Haverford match, making a total of 336 runs in the five innings.

Robert J., Joe Patchen, John R. Gentry and Coleridge will meet at Lexington.

The fastest mile ever paced over a half-mile track by a stallion is the 2.08 of Joe Patchen.

Oakley has earned the reputation of being the home of high-class racing, with the very best of management.

New Orleans' winter meeting will probably start earlier than usual, the opening being scheduled for about November 25.

John R. Gentry's first heat in 2.09¼ at Milwaukee last Wednesday is the Wisconsin race record. Joe Patchen paced on same track in 2.04¼ against time in August.

Efforts are being made to organize a new jockey club in the neighborhood of Washington, the purpose being to build a mile track on the Conduit road, about four miles from the city.

On a recent calculation, Ed. Corrigan led the list of winners at Oakley, with $2,811; then followed Green B. Morris, $2,235; Fleischman and Son, $1,758; J. E Pepper, $2,160; Kendall Stables, $778.

Axtel is the only sire that has put three 3-year-olds in the 2.20 list this year. The trio and Axtelloid, 2.16¼; Praytell, 2.17¼; and Axtle Jane, 2.19. Besides these a fourth Allentell, has trotted in 2.20½.

Lockheart's three heats in 2.09, 2.08½ and 2.09, at Hadenick, Ia., last Thursday, are the fastest three consecutive heats ever trotted by a stallion, replacing Trevilian's three in 2.10¾, 2.08¼ and 2.09¾, at Nashville last year.

The Kentucky Futurity, $25,000, for three-year-olds, will be trotted on the first day of the Lexington meeting, October 8, and, with such speedy ones as Impetuous, Lurable and Oakland Baron in it, a sensational contest should be witnessed.

If James Gordon Bennettte should be successful in his determination to organize an international circuit to include the best tracks in France, Germany, Austria and Italy, there will be a grand shipment of American trotters over the ocean next season.—Philadelphia Record.

At the close of 1894 33 trotters were in the 2.10 list, of which three—Ralph Wilkes, Palo Alto, and Pamlico—are dead. Of the remaining thirty, ten—Alix, Directum Flatsy, Ryland T., Azote, Hulda, Phoebe Wilkes, Nelson, Magnolia and Dan Cupid—have been out in public this year, and but one, Azote, has succeeded in reducing his record.

A. McLeod, the Sarnia champion, rode two miles paced by a tandem at Island track yesterday in 4.34 3-5.

The annual meeting of the Prospect Park Curling Club takes place to-night at 8 o'clock, when officers for the year will be elected and the skips nominated.

Terre Haute, Ind., Oct. 3.—Star Pointer won the 2.10 pace to-day as it was expected he would in one, two, three order. Frank Agan was the only one of the twelve starters to give him a contest, and that was in the first two heats. In the first heat if the favorite had been forced out to the last quarter the mile would have been made in 2.02 ¾, but Agan tired in the stretch and Geers stopped driving. The time, 2.04½, lowers his record three-quarters of a second. Good judges who saw him pace the last half in 1.01¼, have no doubt he could have equalled Robert J.'s race record of 2.02½.

2.35 trot, purse $1000—Fitz Royall, Judge Rice 2, Pattie Clark 3. Best time, 2.16½. Judge Rice and Edna B., who came in first and second, were set back for running.

2.10 pace, purse $1500—Star Pointer won, Frank Agan 2, Coleridge 3. Best time, 2.04½.

2.17 trot, purse $1500—Baron Rogers 1, Baron Dillon 2, Ollie K. 3. Best time, 2.12.

Montreal's Half-Rater Challenge.

Montreal, Oct. 3.—Hendrick Duggan, a well-known Montreal yachtsman is the Canadian challenger for the Seawanhaka Challenge Cup for half-raters. The following is a copy of the correspondence that has passed between the Royal St. Lawrence Yacht Club and the Seawanhaka Club in reference to the challenge:

Montreal, Sept. 28, 1895.

To the Secretary Seawanhaka Corinthian Yacht Club, Leonard-street, New York, N.Y. Dear Sir,—Following on my telegram of this day's date, I now beg to officially challenge in the name of Mr. G. H. Duggan, through the Royal St. Lawrence Yacht Club of Montreal, Canada, of which he is a member in good standing, for the Seawanhaka Cup, with a boat of 15 feet corrected length; to be met by a boat not exceeding this size. Races to be sailed not earlier than July 1, 1896, under the same general conditions governing the late contest with Spruce 4. As the boat is not yet built, it would be in the interest of a good contest to send our best representative boat, we would prefer not naming her until a later date. We can, however, assure you that the boat will be of British design, build and manufacture. Hoping for an early and favorable consideration of above,

JAMES G. MONK.

Cricket Slips.

Duke Collins returned yesterday from Philadelphia, where he umpired for the Englishmen in the three international cricket matches. He attributes the visitors' defeat simply to the home players' superiority on the crease.

It is already announced that Lord Hawke will bring a team of English cricketers to America next season.

The Oxford-Cambridge cricketers sailed for home on Wednesday. Prior to departure Capt. Mitchell said: "I think the Philadelphians might beet the English Universities and make a good match with some of the other counties, but against the professional bowling of the first-class counties they would not have any chance whatever. I think Patterson is the only really first-class bat in this country, and I would include him among the first twelve in England. He is not as good as Maclaren, Grace, Abel, Stoddart, Brown and a few others."

Another for the Spiders.

Cleveland, Oct. 3.—Cleveland won the second game of the Temple Cup series in a walk to-day. The home team made enough runs in the first innings to win the game, and Hanlon's men had no chance to win at any stage. Cuppy pitched a wonderful game. He was hit safely but five times, and two of these hits were of the scratch order. He had great speed and control, giving but two bases on balls. While Hoffer was not hit hard, the Cleveland's hits were bunched, and most of them counted in the run column. Meyer's work at short was gilt-edged. He accepted 12 out of 13 chances, most of them hard ones. His only error was the fumble of a ground hit that bounded badly. Between 8000 and 10,000 people saw the game, and it was necessary to establish a two-base hit ground rule. The teams will rest to-morrow and play the final game of the series in this city on Saturday. Young and Hemming will probably do the pitching. Score:

Cleveland	7	10	2
Baltimore	2	5	4

Batteries—Cuppy and Zimmer; Hoffer and Clark.

Rowing Ripples.

Wag Harding, the champion sculler of England, intends to pay a short visit to Tyneside. He will be accompanied by Mr. and Mrs. J. H. Clasper. The challenge recently issued by Edward Hanlan of Toronto to Harding will be taken into consideration by the Tyneside supporters of Harding during the visit.—Newcastle Chronicle.

"Pegasus" of The News of the World says the appended ages of international scullers may just now be of interest. Beach was born Sept. 6, 1860; Hanlan, July 12, 1855; Wallace Ross, February 20, 1857; Jake Gaudaur, April 4, 1858; George Hubear, July 25, 1859; Peterson (San Francisco), April 3, 1864; Neil Matterson, May 22, 1864; C. R. Harding, July 1, 1867; Jim Stanbury, February 25, 1868; Tom Sullivan, Sept. 18, 1869.

The Newcastle Chronicle has been authorized to state that, in answer to Hanlan's challenge, as given in The World last month, one of Wag Harding's North Country supporters is prepared to match the English champion to row Edward Hanlan for the Sportsman challenge cup, £200 a side stake and a wager of £500 a side in the spring of next year. A deposit to The Newcastle Daily Chronicle or Sportsman will at once be covered and lead to business.

Make Them Happy Now.
