Dog Days.

A Number of Canines Bitten and Killed.

Dogs at Large Supposed to Be Mad—Two or Three Scares.

The number of dogs in the city has been decreased a score or more in the past couple of days owing to mad dog scares. Residents in various parts of the city have been obliged to kill their pets.

A strange dog, frothing at the mouth, made an excursion of the southern portion of the city yesterday, and bit all canines that came its way. P. C. Macpherson saw it at the corner of Waterloo and Horton streets last evening about 7:30 o'clock, and, not having any firearms, he struck it several times with a large stick, killing it.

Mr. Peter Johns, 211 South street, was the owner of a little pug that had been bitten, and to insure against trouble shot his dog this morning. Mr. A. McPhail and Mrs. I. Short, Clarence street south, were other losers. A bulldog belonging to the former and a pug owned by the latter were bitten, and P. C. Down shot them last night. Among the other losers were Wm. Blow, Front street; Richard Parsons, Wellington street, South London; Wm. Cullis, Wellington street, and Charles Boyce, Nelson street.

A bullet from P. C. Black's revolver put an end to a dog yesterday which was suspected of being mad. The dog, a medium-sized brown one, bit a number of other canines while on the run. Thomas Mockler, a boy about 9 years old, was also attacked, and has a tooth mark in his leg. The wound was at once attended to.

P. C. Haystead killed a pug dog in the north end of the city this morning with his baton, and P. C. Howie made away with another canine in the same manner near the corner of Pall Mall and Adelaide streets last night.

LATE SPORTING.

BASEBALL.

NEW LONDON PLAYERS.

The Londons have landed Pfeiffer after a good deal of chasing to locate him. Pfeiffer played short for Hamilton last year, and right field for the Torontos this year for a few games. He is a good fielder and a crack hitter. He will play right field for London today.

The Londons have also signed a Western League pitcher, who will be here on Saturday. His name is withheld for diplomatic reasons.

The railway tickets for the two Augusta, Me., players have been canceled. They have apparently funked.

LETTERS TO THE EDITOR

A QUERY FOR THE EXAMINERS.

To the Editor of The Advertiser:

Would you kindly inform a constant reader through your daily as to the reason why only some pupils in Victoria school have been simply "recommended" when they have credit for more marks than are required to "pass" and more than many who have passed in the same grade? Is not this method rather "rocky"? Yours faithfully,

W. A. TAYLOR.

STEEL—METCALFE.

A pretty wedding took place at Pottersburg at 8:30 last night at the residence of the bride's parents, when Miss Ada Metcalfe was united in marriage with Mr. Oliver Steel, of this city. The bride was handsomely arrayed and attended by Miss Louise Ward, of London West. Mr. Harvey Steel supported the groom. The ceremony was performed by Rev. Mr. Seaborn, of St. Matthew's Church. The young couple were the recipients of many handsome and useful presents.

TWO FIRES.

A few minutes before noon today the fire department was summoned to Dyment, Baker & Co.'s planing mill, corner of Bathurst and Wellington streets, fire having started there in the drying room. The factory hands managed to extinguish the flames before the brigade arrived. The damage was slight.

Another alarm was sent in about 1 o'clock from Mr. A. J. Denny's store, Dundas street east. A blaze had started in the kitchen on the second floor, at the rear of the store, but was checked by the use of the chemical engines before much damage resulted. The origin was in the wood box, where a lighted match had been thrown.

Glasgow—Macara.

A Happy Wedding at the Memorial Church.

A Roanoke, Va., Barrister, Weds a London Girl—The Particulars.

At the Memorial Church this afternoon a large congregation witnessed the wedding of Miss Jane Creswell Macara, daughter of the late John Macara, formerly a barrister of this city, and Mr. Wm. A. Glasgow, a leading-barrister-at-law, of Roanoke, Va. The Dean of Huron officiated, assisted in the absence of Rev. Canon Richardson by Rev. Mr. Ten Eyck. The bridesmaids were Miss Mary Macara, sister of the bride, and Miss Annie Elliot, daughter of Judge Wm. Elliot. The groomsmen were Messrs. Edward W. Robertson, and W. C. Stephenson, of Roanoke, Va.

The bride was led to the altar by Judge Wm. Elliot, the wedding march being played by Mr. J. W. Fetherston, the church organist. She looked charming, in a robe of white corded silk, trimmed with chiffon, wearing a white hat and veil and carrying a beautiful boquet of white roses. The bridesmaids were costumed in pink organdie muslin, and carried bouquets of pink and white sweet peas.

After the ceremony, the wedding party returned to the residence of Judge Elliot, where a repast was served. The happy couple will spend the honeymoon in Montreal, Quebec, and up the Saguenay River, going south by way of New York.

Miss Macara has many friends in London who wish her all happiness in future.

Last Day in Camp.

The Heat Excessive and Three Cases of Sunstroke.

The Men to Leave Early in the Morning for Their Homes—As Per Order.

The atmosphere was stifling on Carling's heights today, but the consoling thought of the men was that today was the last, and that tomorrow night they would rest quietly in their beds at home. Today by far the greatest number of men were affected by the heat, and three cases of sunstroke were reported. The victims were Pte. Devine, of No. 4 company, Thirty-third Battalion, and Ptes. Dunn and Cummings, No. 1 company, of the same battalion. Pte. Wenman, of the Twenty-ninth, who was a victim early in the week to seven consecutive epileptic fits, was this morning again carried to the hospital, having dropped from the effects of the heat. A large number of the men are suffering from summer complaint, and quite a few of those at present in the hospital will have to remain over.

The orders for the day were issued this morning as follows: The camp will break up tomorrow, and the several corps will parade in turn at the following time and place, the commanding officer of each battalion being responsible that no delay takes place:

Perth Battalion, by G. T. R. at Adelaide street station in time to leave at 6:30. (Efforts are being made to make it 10:30 instead of 6:30).

Waterloo Battalion—Nos. 1, 3 and 6 companies, by G. T. R. at Adelaide street at 6:30; Nos. 2, 4 and 5 by C. P. R. at Adelaide street at 8 o'clock; horses and baggage to be loaded at C. P. R. station.

Huron Battalion—No. 3 Company will entrain at Adelaide street at 6:30, Nos. 1, 2, 4, 5, 6, 7, 8 and 9 at the G. T. R. station at 7 a.m. on London, Huron and Bruce.

Big Blaze in Chicago.

Dock Warehouse and 40 Loaded Cars Destroyed.

Loss Nearly Quarter of a Million Dollars—Narrow Escapes.

Chicago, July 8.—The dock warehouse of the Chicago and Alton Railway Company, extending from Van Buren to Harrison, on the west, to the river burned this morning. Besides the warehouse, which was stored with merchandise, about forty loaded freight cars were consumed. The loss is estimated at $200,000 to $250,000. The steamer Cheming, of the Buffalo and Niagara Falls route, which was being repaired at the docks, was slightly damaged.

There was a panic among the men asleep in the dock house when they were hastily awakened by Watchman Suttie, of the Alton company, and some were badly bruised in escaping from the blazing structure. Suttie remained in the building on the dock house so long that his escape by the main entrance was made impossible, and he was forced to jump from a window. He was injured.

West Superior, July 8.—Fire caught in the hard coal portion of the west end dock of the Youghiogheny, New York, and Lehigh Coal Company, last night, and that structure, with 8,000 tons of coal, was destroyed. Loss, about $58,000; insured.

A GREAT HERITAGE.

Principal Grant Interviewed On His Six Weeks' Journey in Canada.

Kingston, Ont., July 8.—"The other week I traveled from Winnipeg to Halifax in less than four days," said Principal Grant, just returned from a six weeks' tour. "This shows how Canada has advanced in a quarter of a century, for in 1872 I made the same journey and it required two months. Canada is not so slow as some imagine." The doctor went on to say: "In the past six weeks I visited seven provinces and territories. I opened a church at Whitewood, Man., and in the audience of 200 fourteen nationalities were represented." The principal spent jubilee week in Halifax, and was more impressed with the demonstration of school children and teachers than by the military and naval forces. "The whole of the provinces," remarked Dr. Grant, "celebrated the diamond jubilee with extraordinary unanimity. Everyone seemed to realize, as never before, what a glorious privilege it is to be a British subject and a sharer in the worthiest national life the world has ever known."

DEATH FOLLOWED SHAVING.

William J. Lane Cut His Face and Blood Poisoning Set In.

Catskill, N. Y., July 8.—William J. Lane died yesterday from blood poisoning. A week ago Lane shaved himself, and in doing so cut his face. It is supposed that the razor used was not altogether clean, or that the lather which was spread over the surface of the skin contained some foreign substance.

Whatever the cause, the abrasion on Lane's face became inflamed. In a few days the inflammation spread, he experienced an enlargement of the veins, and a feeling of general debility set in. Then Lane took to his bed and medical treatment was resorted to. Remedies were applied too late, however, and the man died yesterday.

LITTLE LAD'S SUICIDE.

Drowned Himself Because He Thought Brothers Had Imposed on Him.

Ann Arbor, Mich., July 8.—A suicide, very remarkable because committed by a boy 7 years old, occurred near Birkett, a small village in Dexter township Tuesday.

The boy was the youngest son of Emil Starbler, a laborer. His two elder brothers, as he thought, imposed upon him, and he went away, saying: "I'll be dead when you see me again."

He did not return. The river was dragged, and the body was found in six feet of water.

Cuba's Cause.

The Queen Regent Pardons 108 Political Prisoners.

Successful Landing of a Filibustering Party in Havana Province.

Madrid, July 8.—The queen-regent has pardoned 108 Cubans who have been deported to the Spanish penal settlements at Ceuta, Fernando Po and the Chaffarine Islands. The men pardoned will be permitted to return to Cuba.

Havana, July 8.—An expedition of Cuban filibusters from Florida is reported to have landed on Sunday in Havana province, at the mouth of the Jarsco River. The Spanish gunboat Reina Maria Cristina, which was cruising about the coast, endeavored to intercept the expedition, but without success. When the cruiser arrived at the spot and disembarked her marines, they were fired upon and driven to their boats by a strong rebel force in ambush. After a brief bombardment of the insurgent position, the warship hurried to Havana for reinforcements. When she returned with these the filibuster had already left with their munitions and supplies for Castilla's headquarters in the Tapaste hills, closely pursued by Fonsdeviela's Spanish column, which had marched overland from Minas to intercept their movements.

New York, July 8.—The New York Sun's Havana special says: "To conquer the revolution in East Cuba this summer Gen. Weyler will require 200,000 soldiers more, and it will cost him $200,000,000. If Spain can afford all this, then we may make the campaign regardless of the yellow fever and the heat. If not, we will have to wait until next winter." These are the words of Gen. Arolas, the former military commander of the Jucaro-Moron trocha, and now on Gen. Weyler's staff. They were uttered in conversation with some other Spanish generals, and have excited considerable comment here.

The 20,000 men that Canovas offers to Weyler are little better than no men at all under the present circumstances. Fully 15,000 Spanish soldiers are dying in the hospitals of yellow fever.

The result of the situation is that another year of war in the island is absolutely certain, if Spain can raise the money for the maintenance of her army during that period.

Headquarters say that it is thought in Pittsburg that the miners of this company can be called out.

St. Louis, Mo., July 8.—The strike in the Belleville, Ill., coal district may be said to be off. In spite of the order to quit work only three miners are idle.
